

A G E N D A

BOARD OF RECREATION AND PARK COMMISSIONERS
OF THE CITY OF LOS ANGELES

Wednesday, February 2, 2011 at 9:30 a.m.

EXPO Center
Community Hall Room
3980 S. Bill Robertson Lane (Formerly Menlo Avenue)
Los Angeles, CA 90037

(Parking located in "Lot 1", at the corner of Martin Luther King
Boulevard and Bill Robertson Lane)

EVERY PERSON WISHING TO ADDRESS THE COMMISSION MUST COMPLETE A SPEAKER'S REQUEST FORM AT THE MEETING AND SUBMIT IT TO THE COMMISSION EXECUTIVE ASSISTANT PRIOR TO THE BOARD'S CONSIDERATION OF THE ITEM.

PURSUANT TO COMMISSION POLICY, COMMENTS BY THE PUBLIC ON AGENDA ITEMS WILL BE HEARD ONLY AT THE TIME THE RESPECTIVE ITEM IS CONSIDERED, FOR A CUMULATIVE TOTAL OF UP TO FIFTEEN (15) MINUTES FOR EACH ITEM. ALL REQUESTS TO ADDRESS THE BOARD ON PUBLIC HEARING ITEMS MUST BE SUBMITTED PRIOR TO THE BOARD'S CONSIDERATION OF THE ITEM. COMMENTS BY THE PUBLIC ON ALL OTHER MATTERS WITHIN THE SUBJECT MATTER JURISDICTION OF THE BOARD WILL BE HEARD DURING THE "PUBLIC COMMENTS" PERIOD OF THE MEETING. EACH SPEAKER WILL BE GRANTED TWO MINUTES, WITH FIFTEEN (15) MINUTES TOTAL ALLOWED FOR PUBLIC PRESENTATION.

1. APPROVAL OF THE MINUTES:

Approval of the Minutes of the Meeting of January 5, 2011

2. GENERAL MANAGER'S REPORTS:

- 11-017 Stoner Skate Plaza (W.O. #E170460F) – Final Acceptance
- 11-018 Seoul International Park and Recreation Center – Americans with Disabilities Act (ADA) Phase 2 Improvements (PRJ1020J) (W.O.#E1903926F) – Final Acceptance and Reallocation of Unexpended Funds
- 11-019 Fred Roberts Recreation Center (W.O. #E170943F); Stoner Skate Plaza (W.O. #E170460F) – Acceptance and Release of Stop Notices on Construction Contracts
- 11-020 Tierra De La Culebra – Outdoor Improvements (W.O. #E170925F) – Review of Bids and Award of Contract
- 11-021 Aliso Canyon Park – Improvements Project (W.O. #E170101F) – Approval of Final Plans and Call for Bids

February 2, 2011

- 11-022 North Atwater Park – Expansion (W.O. #E1907211) and Creek Restoration (W.O. #SZW00031) – Escrow Agreement for Security Deposits in Lieu of Retention
- 11-023 Exposition Park – Second Amendment to Operating Agreement with State of California
- 11-024 Jackie Tatum/Harvard Recreation Center – Skate Park (PRJ1248A) (W.O. #E170432F) – Supplemental Agreement to the Memorandum of Understanding between the Department of Recreation and Parks, the Department of Public Works Bureau of Engineering, and the Department of General Services
- 11-025 Arroyo Seco – Outdoor Refurbishment (W.O.#E170490F) – Amendment to the Memorandum of Understanding between the Department of Recreation and Parks, the Department of Public Works Bureau of Engineering, and the Department of General Services
- 11-026 Echo Park – Boathouse Rehabilitation – Phase II (W.O. #E1907196) – Memorandum of Understanding Between the Department of Recreation and Parks, the Department of Public Works Bureau of Engineering, and the Department of General Services
- 11-027 Chatsworth Reservoir – Wetlands and Riparian Mitigation Program – Initial Study/Mitigated Negative Declaration – Agreement with Allied Remediation Services, Inc.
- 11-028 Park Property – Installation of Cellular Telecommunication Equipment
- 11-029 Baldwin Hills Recreation Center – Conceptual Approval for Naming of the Outdoor Basketball Courts and the Installation of Appropriate Signage
- 11-030 Elysian Park – Conceptual Approval for the Installation of a Tree and Plaque in Honor of Los Desterrados and Louis A. Santillan
- 11-031 Peck Park Pool – Conceptual Approval of Proposed Replacement of Existing Mural with Tile Mosaic Mural
- 11-032 Cheviot Hills Tennis Professional – Award of Concession Agreement to Atonal Sports and Entertainment, Inc.
- 11-033 Griffith Riverside and Vermont Canyon Tennis Professional Concession – Request for Proposals

February 2, 2011

- 11-034 Poinsettia Tennis Professional Concession – Request for Proposals
- 11-035 Westchester Tennis Professional Concession – Request for Proposals
- 11-036 EXPO Center – Donation from the Friends of EXPO Center
- 11-037 Various Communications
- 11-038 Fred Roberts Recreation Center (W.O. #E170943F) – Acceptance and Release of Stop Notices on Construction Contract No. 3267
- 11-039 Proposition 84 Statewide Park Grant Program – Status of the Grant Applications Submission for Funding in the First Round of the Competitive Grant Process
- 11-040 Griffith Park – Bette Davis Picnic Area – City of Glendale’s Glendale Narrows Riverwalk Project Phase One – Initial Study/Mitigated Negative Declaration – Right of Entry Permit and Lease Agreement
- 11-041 Elysian Park – The Installation of a Tree and Plaque in Honor of Los Desterrados and Louis A. Santillan
- 11-042 Vermont/Western Station Neighborhood Area Plan – Parks First Trust Fund – Request for Proposals – Willingness Letter
- 11-043 Proposition 84 Statewide Park Program – Preliminary Authorization to Acquire Property and Approval of Conceptual Plans for Various Park Projects to be Developed and Constructed by the Trust for Public Land
- 11-044 Various Donations to Operation West – West Region
- 11-045 Various Communications

3. NEW BUSINESS:

Memorandum: Quimby and Zone Change Park Acquisition and Development Program (Quimby Program)

4. COMMISSION TASK FORCES:

- Commission Task Force on Concessions (Commissioners Stanley and Williams)
- Commission Task Force on Facility Repair and Maintenance (Commissioner Werner)

February 2, 2011

5. PRESENTATIONS:

- Bureau of Engineering - Project Update - Status Report on Current Projects
- Bureau of Contract Administration, General Services Division - Status Report on Subcontractor Approval Activity

6. GENERAL MANAGER'S ORAL REPORT:

Report on Department Activities and Facilities

7. FUTURE AGENDA ITEMS:

Requests by Commissioners to Schedule Specific Items on Future Agendas

8. PUBLIC COMMENTS:

Any comments which require a response or report by staff will be automatically referred to staff for a report at some subsequent meeting.

9. NEXT MEETING:

The next scheduled meeting of the Board of Recreation and Park Commissioners will be held on Wednesday, February 16, 2011 at 9:30 a.m., at Highland Park Recreation Center, 6150 Piedmont Avenue, Los Angeles, CA 90042.

10. ADJOURNMENT:

Under the California State Ralph M. Brown Act, those wishing to make audio recordings of the Commission Meetings are allowed to bring tape recorders or camcorders in the Meeting.

Sign language interpreters, assistive listening devices, or any auxiliary aides and/or services may be provided upon request. To ensure availability, you are advised to make your request at least 72 hours prior to the meeting you wish to attend. For additional information, please contact the Commission Office at (213)202-2640.

Finalization of Commission Actions: In accordance with City Charter, actions that are subject to Section 245 are not final until the expiration of the next five meeting days of the Los Angeles City Council during which the Council has convened in regular session and if Council asserts jurisdiction during this five meeting day period the Council has 21 calendar days thereafter in which to act on the matter.

Commission Meetings can be heard live over the telephone through the Council Phone system. To listen to a meeting, please call one of

February 2, 2011

the following numbers:

from Downtown Los Angeles	(213) 621-CITY (2489)
from West Los Angeles	(310) 471-CITY (2489)
from San Pedro	(310) 547-CITY (2489)
from Van Nuys	(818) 904-9450

For information, please go to the City's website:

<http://ita.lacity.org/Residents/CouncilPhone/index.htm>

PLEASE NOTE THAT DUE TO TECHNICAL DIFFICULTIES, COUNCIL PHONE MAY NOT BE AVAILABLE FOR THIS MEETING.

Information on agenda items may be obtained by calling the Commission Office at (213) 202-2640. Copies of the agenda and reports may be downloaded from the Department's website at www.laparks.org.

BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: STONER SKATE PLAZA (W.O. #E170460F) – FINAL ACCEPTANCE

R. Adams	_____	F. Mok	_____
V. Israel	_____	K. Regan	_____
H. Fujita	_____	*M. Shull	<u><i>mf</i></u>
S. Huntley	_____		

V. Israel for
General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATION:

That the Board:

1. Approve the final acceptance of work performed under Contract No. 3286 as outlined in the Summary of this report;
2. Authorize the Department of Recreation and Park's (RAP) Chief Accounting Employee to release all retention monies held under Contract No. 3286 to California Skateparks, Inc., (35) calendar days upon acceptance by the Board; and,
3. Authorize the Board Secretary to furnish California Skateparks, Inc., with a letter of completion.

SUMMARY:

The construction contract for the Stoner Skate Plaza (W.O. #E1704060F) project was awarded to California Skateparks, Inc., an on-call design and build contractor, on April 15, 2009 (Board Report No. 09-095), in the amount of \$579,000.00. The contractor started design and construction on June 21, 2010 and completed on September 22, 2010. The project site is located at 1835 Stoner Avenue, Los Angeles, CA 90025. The scope of work included the removal of existing handball courts, picnic areas, and capping and removal of existing irrigation lines to accommodate the new skate plaza. The new skate plaza featured various poured-in-place concrete skating elements as well as picnic areas, shade structure, fencing and landscaping with irrigation.

REPORT OF GENERAL MANAGER

PG 2

NO. 11-017

The Bureau of Engineering (BOE), Construction Management Division (CMD), completed the construction management of the project under the Proposition K – L.A. for Kids Program. The Department of Public Works, Bureau of Contract Administration issued a Statement of Final Completion on September 22, 2010. The facility opened to the public on September 23, 2010.

The BOE has informed the RAP that this project was completed with 13 Change Orders issued for a total of \$382,111 or 66.0% of the base contract amount. Change Order No. 3, which improved and enhanced the safety features and increased area of skating plaza by 43%, was authorized by the Board on January 20, 2010 (Board Report No. 10-017), to negotiate a price not to exceed \$375,000. This change order was ultimately settled at a cost of \$301,525, plus four additive alternates, valued at \$40,588, and 160 days of time extension. The remaining 12 change orders amount to \$39,998 and 129 days of time extension for unforeseen conditions, changed scope, inclement weather and administrative issues. The total contract amount is \$961,111.

The BOE has consulted with the Office of Contract Compliance concerning the status of the labor compliance requirements and Affirmative Action requirements on the project. There are no outstanding wage violations and California Skateparks, Inc., is in compliance.

This report was prepared by Michael Uemura, Construction Manger, BOE Construction Management Division and Shashi Bhakta, Project Manager, BOE Recreational and Cultural Facilities Program. Reviewed by Neil Drucker, Program Manager, Recreational and Cultural Facilities Program; and Michael A. Shull, Superintendent, Planning and Construction Division, Department of Recreation Parks.

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATION:

That the Board:

1. Approve the final acceptance of the work performed under the Memorandum of Understanding (MOU) with the Department of General Services (GSD) and the Bureau of Engineering (BOE) for the Seoul International Park and Recreation Center – Americans with Disabilities Act (ADA) Phase 2 Improvements (PRJ1020J) (W.O. #E1903926F) project, as outlined in the Summary of this Report; and
2. Authorize the Board Secretary to furnish GSD with a letter of completion; and,
3. Approve the re-allocation of \$100,419.18 for the Mar Vista Recreation Center – ADA Restrooms (W.O. #E1907266F) project, as follows; and,

Seoul International ADA project	Sources of Funds		
	S&F	#870K	Total
	88/209/	89/302	
Appropriation to GSD	\$ 215,257.62	\$ 210,948.42	\$ 426,206.04
Payments to GSD	\$ 210,091.86	\$ 115,695.00	\$ 325,786.86
Unexpended Funds	\$ 5,165.76	\$ 95,253.42	\$ 100,419.18

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-018

4. Authorize the Department's Chief Accounting Employee, subject to City Council and Mayor approval, to request the City Administrative Office (CAO) include in the next Construction Projects Report (CPR) to the City Council, a transfer of appropriation in the amount of \$100,419.18, as follows:

FROM

<u>DEPT./FUND/ACCOUNT NO.</u>	<u>AMOUNT</u>
88/209/G140	\$5,165.76
89/302/140G	\$95,253.42

TO

<u>DEPT./FUND/ACCOUNT NO.</u>	<u>AMOUNT</u>
88/209/TBD	\$5,165.76
89/302/870K	\$95,253.42

SUMMARY:

On October 21, 2009, the construction project for the Americans with Disabilities Act (ADA) park improvements at the Seoul International Park and Recreation Center was awarded to GSD through the approval of an MOU between the Department of Recreation and Parks (RAP), GSD and BOE (Board Report No. 09-009, dated January 21, 2009, and Amendment to Supplement MOU Board Report No. 09-265, dated October 21, 2009).

The ADA park improvements included a new ADA compliant path of travel from the parking lot to various park amenities, replacement of a drinking fountain with an ADA compliant model and reconstruction of the interior and exterior of the recreation center to make them ADA compliant. Final inspections by the Department of Building and Safety (DBS) were completed and RAP took beneficial occupancy of these projects on March 27, 2010

REPORT OF GENERAL MANAGER

PG. 3 NO. 11-018

The appropriation of funds to GSD to complete the subject project, as specified in the MOU, was \$426,206.04, including ten percent allowance for change orders. Total amount of the change orders issued for this project was \$11,427.71, which represents 2.68 % of the awarded estimated cost. GSD's total expenditure for constructing this project (including the change orders) was \$325,786.86, which leaves an available balance of \$100,419.18. These unexpended project funds are available as follows:

Seoul International ADA project	Sources of Funds		
	S&F	#870K	Total
	88/209	89/302	
Appropriation to GSD	\$ 215,257.62	\$ 210,948.42	\$ 426,206.04
Payments to GSD	\$ 210,091.86	\$ 115,695.00	\$ 325,786.86
Unexpended Funds	\$ 5,165.76	\$ 95,253.42	\$ 100,419.18

On July 30, 2010, GSD completed the construction of the Seoul International Park and Recreation Center – Americans with Disabilities Act (ADA) park improvements, the last in the Recreation and Parks ADA Transition Plan. GSD has finished the work for this project and the RAP ADA Transition Plan. However, there are other parks in need of ADA improvements, such as the Mar Vista Recreation Center. Staff recommends using the unexpended \$100,419.18 funds for the Mar Vista Recreation Center ADA restroom improvement project.

The BOE Architectural Division Project Management staff completed the project management and construction management for this project. The Program Manager advised RAP that GSD completed the construction of this project and that the quality of the work is excellent.

There is no contract compliance or labor issues with the work done under this MOU. Some of the construction work was completed by City employees and other by subcontractors under the supervision of GSD staff.

FISCAL IMPACT STATEMENT:

There is no fiscal impact to RAP's General Fund. RAP currently operates these facilities and operating budget is in place.

This report was prepared by Ada Fernandez-De La Rosa, Project Manager, BOE Architectural Division. Reviewed by Mahmood Karimzadeh, AIA, Program Manager; Neil Drucker, Program Manager, BOE Recreational and Cultural Facilities Program, and by Deborah Weintraub, BOE Chief Deputy City Engineer; and by Michael A. Shull, Superintendent, Planning and Construction Division, Department of Recreation and Parks.

RECOMMENDATIONS:

That the Board:

1. Accept the following Stop Notice and direct staff to withhold the amount claimed, plus an additional sum equal to 25% thereof, to defray any costs of litigation in the event of court action, if said amounts of said funds are available, and to notify the contractors, sureties, and other interested parties that the amount of said claims plus 25% will be withheld; and,
2. Accept the following Release of Stop Notice.

SUMMARY:

STOP NOTICE:

The Department is in receipt of a legal notice to withhold construction funds, pursuant to California Civil Code Sections 3103 and 3181, on the following contract:

Contract 3267 CD 9
 Fred Roberts Recreation Center
 (W.O. #E170943F)
 Project Status: 96% Complete
 Project Impact: none

General AWI Builders
 Contractor:
 Claimant: Church and Larsen, Inc.
 Amount: \$69,231.92

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-019

RELEASE OF STOP NOTICE:

The Department is in receipt of a Release of Stop Notice filed by the claimant below, which releases the Board from any and all liability for withholding funds from the general contractors or the sureties:

Contract 3286 CD 11

Stoner Skate Plaza
(W.O. #E170460F)

Project Status: 100% Complete
Project Impact: none

General Contractor: California Skateparks, Inc.

Claimant: Pilgrim Fence Co.
Amount: \$8,250.00

FISCAL IMPACT STATEMENT:

There is no fiscal impact to the Department's General Fund, as funds have already been appropriated for this purpose.

This report was prepared by LaTonya D. Dean, Commission Executive Assistant.

S. Huntley	_____		

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Find the bid of Golden State Steel, Inc., to be non-responsive due to its failure to submit City Ethics Commission (CEC) Form 50, which is required to be submitted with the bid;
2. Find Son-Mex Construction, Inc., with a base bid of \$75,196.20, to be the lowest responsive and responsible bidder for the Tierra de la Culebra – Outdoor Improvements (W.O. #E170925F) project;
3. Award the contract to Son-Mex Construction, Inc., for a total award amount of \$75,196.20, all according to the plans and specifications;
4. Authorize the Chief Accounting Employee to encumber \$75,196.20 in available funds from the following fund and account numbers under the awarding authority of this Board Report; and,

<u>Funding Source</u>	<u>Fund/Dept/Acct. No.</u>	<u>Encumbrance Amount</u>
Proposition 40 PC ⁽¹⁾	47T/89/TBD	\$75,196.20

NOTE: ⁽¹⁾ The Proposition 12/40 Cash Flow Account will be used to cash flow these funds which will be reimbursed immediately upon receipt of funds from the State.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-020

5. Authorize the Board President and Secretary to execute the contract, subject to the approval of the City Attorney as to form.

SUMMARY:

On September 23, 2010, the Board of Recreation and Park Commissioners (Board) approved the final plans and call for bids for the Tierra de la Culebra – Outdoor Improvements (W.O. #E170925F) project, located at 240 South Avenue 57, Los Angeles, CA (Board Report No. 10-235). The proposed project scope of the outdoor improvements includes installation (or construction) for a ceramic kiln and storage containers. Other improvements related to the kiln and container installation include, but are not limited to, construction of retaining walls, construction of slab on grade, installation of utilities, and the installation of a fence and canopy. Some of this work has already been completed. However, this contractor will be responsible for construction of the retaining walls and fence.

On October 26, 2010, twelve (12) bids were received for this project. The bids received were as follows:

	Bidders	Base Bid
1	Golden State Steel, Inc.	\$61,000.00
2	Son-Mex Construction, Inc.	\$75,196.20
3	California Construction & Development	\$77,520.00
4	LNA Concrete Structures, Inc.	\$81,400.00
5	SKS Construction	\$89,258.00
6	SAEICO Inc.	\$91,200.00
7	Excel Paving Company	\$91,305.00
8	APW Construction Inc.	\$95,624.00
9	E Avico, Inc.	\$113,811.00
10	Western Group, Inc.	\$115,000.00
11	Clarke Contracting Corporation	\$116,210.00
12	Titanium Construction Group, Inc.	\$148,940.00

The lowest responsive and responsible bidder is Son-Mex Construction, Inc., with a base bid amount of \$75,196.20, which is \$803.80 below the City Engineer's cost estimate of \$76,000.00. The first lowest bidder, Golden State Steel, Inc., was disqualified because the bid package did not contain the CEC Form 50 which is legally required at bid time and the City Attorney has advised this is not an informality that can be waived under Seciton 371 of the City Charter. Therefore, Son-Mex Construction, Inc., the second lowest bidder, was declared the lowest responsive and responsible bidder. It is recommended that the project be awarded to Son-Mex Construction, Inc., for a total

REPORT OF GENERAL MANAGER

PG. 3 NO. 11-020

construction contract amount of \$75,196.20. There are sufficient funds available from the following fund/account:

<u>Funding Source</u>	<u>Fund/Dept/Acct. No.</u>
Proposition 40 PC ⁽¹⁾	47T/89/TBD

NOTE: ⁽¹⁾ The Proposition 12/40 Cash Flow Account will be used to cash flow these funds which will be reimbursed immediately upon receipt of funds from the State.

The City Attorney has reviewed the bid submitted by Son-Mex Construction, Inc., and found it to be in order.

In compliance with the California Environmental Quality Act (CEQA), the subject project has been previously evaluated for potential environmental impacts and determined to be exempt from CEQA pursuant to Article III, Section 1, Class 1(1, 12), Class 2(7), and Class 11(3) of the City CEQA Guidelines. A Notice of Exemption (NOE) was filed with the Los Angeles City and County Clerks on October 19, 2007. The scope of the project and the environmental setting has not substantially changed since the filing of the NOE, and no further environmental documentation is required.

FISCAL IMPACT STATEMENT:

There is no anticipated fiscal impact to the Department's General Fund as the project's construction costs will be fully funded by the above listed funding sources specifically identified and approved for this project. The assessments of the future operations and maintenance costs have yet to be determined and would be addressed in future budget requests.

This report was prepared by Ejike Mbaruguru, Project Manager, Recreation and Cultural Facilities Program, Bureau of Engineering. Reviewed by Neil Drucker, Program Manager, Recreational and Cultural Facilities Program, Bureau of Engineering; Deborah Weintraub, Chief Deputy City Engineer, Bureau of Engineering; and Michael A. Shull, Superintendent, Planning and Construction, Department of Recreation and Parks.

C.D. 12

BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: ALISO CANYON PARK – IMPROVEMENTS PROJECT (W.O. #E170101F) – APPROVAL OF FINAL PLANS AND CALL FOR BIDS

R. Adams	_____	F. Mok	_____
V. Israel	_____	K. Regan	_____
H. Fujita	_____	*M. Shull	<u>MS</u>
S. Huntley	_____		

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATION:

That the Board:

1. Approve final plans and specifications for the Aliso Canyon Park – Improvements project (W.O. #E170101F); and,
2. Approve the reduction in the value of work that the specifications required to be performed by the Prime Contractor from 50% to 20% of the base bid price; and,
3. Approve the date for receipt of bids as Tuesday, March 8, 2011, at 3:00 P.M. in the Board Office.

SUMMARY:

The City of Los Angeles Department of Public Works (DPW) and Department of Recreation and Parks (RAP) propose to construct the Aliso Canyon Park – Improvements project (W.O. #E170101F). The project is designed to construct a new neighborhood equestrian facility and passive park within a Department of Recreation and Parks owned property. Aliso Canyon Park is located within a horse-keeping community. The project was initiated at the request of Council District Twelve, and an Aliso Canyon Park Local Volunteer Neighborhood Oversight Committee (LVNOC) was formed to give input on potential designs that would accommodate equestrian, hiking and biking current uses while maintaining the natural integrity of the park. The development of the proposed project is expected to provide a much-needed recreational

REPORT OF GENERAL MANAGER

PG 2

NO. 11-021

amenity to the community because it would ensure safe, enlightened patronage and stewardship of an important regional resource, the Aliso Canyon Park.

The Aliso Canyon Park – Improvements project consists of a 7-acre equestrian day-use and park facility at a former, privately-owned equestrian site within Aliso Canyon Park in the Community of Porter Ranch, located at 18041 Rinaldi Street Los Angeles, CA 91326. Aliso Canyon Park is an existing, undeveloped City park, covering approximately 60 acres in area. Once completed, the facility would be operated and maintained by RAP.

Final plans and specifications are complete for the current phase of the Aliso Canyon Park - Improvement (W.O. #E170101F) project. The proposed project is partially funded by Proposition K. As required under the Proposition K - L.A. for Kids Program, three (3) LVNOC meetings have been held, and the LVNOC has approved the scope of this project. The proposed action would maximize the use of the City's Proposition K funds for recreational development.

Plans and specifications provide for the following scope:

1. Installation of new asphalt parking lot paving and access roadways.
2. Installation of new gravel parking lot paving.
3. Installation of new concrete paving.
4. Installation of new natural aggregate paving system pathway.
5. Installation of new picnic shelter, benches, and drinking fountain.
6. Installation of new prefabricated pedestrian bridge and abutments.
7. Installation of drainage and storm water treatment improvements.
8. Installation of new irrigation system.
9. Installation of new trees, shrubs and hydroseeded areas.
10. Installation of new solar security lightings.

Funding will be drawn from the funding sources listed below:

- Council District Twelve Sunshine Canyon Amenities Fund (\$200,000) per City Council approval on May 8, 2009 (Council File (CF) -09-1000).
- Council District Twelve Sunshine Canyon Amenities Fund (\$2,000,000) per City Council approval on September 24, 2010 (CF-10-2485).
- Proposition K Year 14 Funds (\$1,000,000).

It has been the policy of this Board to require that the prime contractor on construction projects perform a minimum of 50% of the work for the project, as measured by the base bid price. It is proposed that the Board reduce the prime contractor's participation requirement from 50% to 20% on this project. This should help attract a broader range of prime contractors, thus creating

REPORT OF GENERAL MANAGER

PG 3

NO. 11-021

a more inviting and competitive bidding environment for this project. Also, it should create more competitive pricing among the subcontractors providing bids to the prime contractors.

The Aliso Canyon Park Improvement project has a combined gross budget of \$3,200,000. The City Engineer's estimate for the construction cost of the Aliso Canyon Park Improvement project totals \$2,000,000.

In accordance with the requirements of the California Environmental Quality Act, a Mitigated Negative Declaration (MND) that includes the development elements of the project has been completed. The final MND has been adopted and a Notice of Determination was filed with the Los Angeles City Clerk and the Los Angeles County Clerk on November 19, 2010.

The bid package has been approved by the City Attorney's Office.

FISCAL IMPACT STATEMENT:

There is no immediate fiscal impact to the Department's General Fund. The assessments of the future operations and maintenance costs have yet to be determined and will be addressed in future budget requests.

This Report was prepared by Erick Chang, Project Manager, BOE Recreational and Cultural Facilities Program. Reviewed by Neil Drucker, Program Manager, BOE Recreational and Cultural Facilities Program; Deborah Weintraub, Chief Deputy City Engineer, Bureau of Engineering; and Michael A. Shull, Superintendent, Planning and Construction Division, Department of Recreation and Parks.

REPORT OF GENERAL MANAGER

General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Approve the request of C.S. Legacy Construction, Inc. to enter into an Escrow Agreement, substantially in the form on file in the Board Office, with the City of Los Angeles for Security Deposits in Lieu of Retention for the North Atwater Park – Expansion (W.O. #E1907211) and Creek Restoration (W.O. #SZW00031) project, Contract No. 3327, subject to the approval of the City Attorney as to form; and,
2. Direct the Board Secretary to transmit the Escrow Agreement to the City Attorney for review as to form; and,
3. Authorize the Board President and Secretary to execute said Escrow Agreement upon approval as to form by the City Attorney.

SUMMARY:

The Department is in receipt of a request from C.S. Legacy Construction, Inc., general contractor for the North Atwater Park – Expansion (W.O. #E1907211) and Creek Restoration (W.O. #SZW00031) project, Contract No. 3327, to enter into an Escrow Agreement for Security Deposits in Lieu of Retention.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-022

Pursuant to Section 22300 of the Public Contract Code of the State of California, the Contractor has the option to deposit securities with an Escrow Agent as a substitute for retention earnings required to be withheld by the City as Owner, pursuant to the Construction Contract entered for the North Atwater Park – Expansion (W.O. #E1907211) and Creek Restoration (W.O. #SZW00031) project in the amount of \$2,170,632 dated November 15, 2010.

When Contractor deposits the securities as a substitute for contract earnings, the Escrow Agent will notify the Owner within ten days of the deposit. The market value of the securities at the time of the substitution shall be at least equal to the cash amount then required to be withheld as retention under the terms of the contract between the owner and Contractor. Securities shall be held in the name of the City of Los Angeles, Board of Recreation and Park Commissioners, and shall designate the Contractor as the beneficial owner.

Upon approval of the Escrow Agreement and notification from the Escrow Agent to the City of the deposit of Securities by the Contractor, the Owner shall make progress payments to the Contractor for such funds which otherwise would be withheld from progress payments pursuant to the Contract provisions, provided that the Escrow Agent holds securities and amount specified.

FISCAL IMPACT STATEMENT:

There is no fiscal impact to the Department's General Fund, as funds have already been appropriated for this purpose.

This report was prepared by LaTonya D. Dean, Commission Executive Assistant.

V. Israel	_____	K. Regan	_____
H. Fujita	_____	*M. Shull	<u>rks for</u>
S. Huntley	_____		

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Approve, substantially in the form on file in the Board Office, the proposed Second Amendment (Amendment) to the Operating Agreement with the State of California, acting through the Sixth District Agricultural Association, also known as the California Science Center (hereinafter "Science Center") for the use of Science Center-owned property, commonly known as the Playfields, for sports-related and EXPO Center-related uses, subject to the approval of the Mayor, City Council, and the City Attorney as to form;
2. Direct the Board Secretary to transmit, forthwith, the Amendment to the Mayor in accordance with Executive Directive No. 3 for review and approval, and concurrently to the City Attorney for review and approval as to form; and,
3. Authorize the Board President and Secretary to execute the Amendment upon receipt of the necessary approvals,

SUMMARY:

In November 2008, the Board, through Board Report No. 08-319, approved an Operating Agreement with the Science Center. The agreement was for the use of Science Center-owned property commonly known as the "Playfields", which is located between Bill Robertson Lane, formerly Menlo Avenue, and Vermont Avenue for sports related and EXPO Center-related use.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-023

In October 2009, the Board, through Board Report No. 09-262, approved the First Amendment to the Operating Agreement. This amendment included certain terms not considered in the original Operating Agreement and/or clarified other terms.

Subsequently, City and Science Center staffs have had further discussions and have come to an agreement on additional terms that further clarify the terms and conditions of the Operating Agreement and the First Amendment. Some of the additional terms include but are not limited to the following:

1. The annual maintenance fee will be paid by the City to the State on or before September 29 of each year, with the payment of \$50,000 for fiscal year '09-'10 being made at the time the Amendment is executed. A payment of \$120,000 for fiscal year '10-'11 will be due on September 29, 2011, and a payment of \$120,000 for fiscal year '11-'12 will be due on September 29, 2012. Payments in future years will be as described in Paragraph 4 of the Operating Agreement. If the parties do not otherwise agreed they will be \$120,000 per year adjusted by CPI.
2. City agrees not to charge for usage of the Playfields for sporting activities in excess of the fees charged by the Department per the Department's schedule of rates and fees for youth and/or adult soccer groups.
3. City shall provide at least two (2) days per month when local community groups may use the Playfields at no charge.
4. Fees for the Expo Center-related events shall be as stated for similar events in the Departments schedule of rates and fees.
5. Science Center shall the right to use the Playfields for functions other than parking.

FISCAL IMPACT:

Approval of the proposed Amendment will not have any additional impacts on the Department's General Fund other than those already considered in the original Operating Agreement. However, the City may be obligated to provide reimbursement to the Science Center should the City fail to prepare the Playfields for scheduled events. As indicated in previous reports, staff will identify potential sources of funds to pay this obligation should this occur.

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Approve a Supplemental Agreement to the Memorandum of Understanding (MOU), substantially in the form attached, between the Department of Recreation and Parks (RAP), the Department of Public Works - Bureau of Engineering (BOE), and the Department of General Services (GSD) to increase the construction funding for Jackie Tatum/Harvard Recreation Center – Skate Park (PRJ1248A) (W.O. #E170432F) by an additional \$125,000, to a new total not to exceed amount of \$900,000, and to extend the term by twenty-four (24) months to forty-eight (48) months, subject to the review and approval of the City Attorney as to form;

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-024

2. Request the Department's Chief Accounting Employee, in accordance with the proposed Supplemental Agreement and upon its execution, with the assistance of the Office of the City Administrative Officer (CAO), to facilitate the necessary Council approval to appropriate \$125,000 in construction funds to GSD, as follows:

FROM:

<u>Fund Sources</u>	<u>Fund/Dept/Account No.</u>	<u>Encumbrance Amount</u>
Proposition 40 RZH ⁽¹⁾	205/88/TBD	\$ 125,000
Total		\$ 125,000

NOTE:

⁽¹⁾ The Proposition 40 Cash Flow Account will be used to cash flow these funds which will be reimbursed immediately upon receipt of funds from the State.

TO:

Through GSD Account and from there to the appropriate GSD accounts in Fund 100, Department 40, as follows:

3180 – Construction Materials and Supplies:	\$ 125,000
Total:	\$ 125,000

and transfer cash to GSD on an as-needed basis, upon review and approval of expenditure reports submitted by GSD and approval of these reports by RAP; and,

3. Direct the Board Secretary to transmit the Supplemental Agreement to the MOU to the City Attorney for review and approval as to form; and
4. Authorize the Department's General Manager to execute the proposed Supplemental Agreement to the MOU, subject to approval by the City Attorney as to form.

REPORT OF GENERAL MANAGER

PG. 3

NO. 11-024

SUMMARY:

The Jackie Tatum/Harvard Recreation Center – Skate Park (PRJ1248A) (W.O. #E170432F) project, a Proposition K Competitive Grant Year 10 and Year 11 project, was awarded to GSD on June 18, 2008 (Board Report No. 08-172) for construction. Funds were obligated prior to the end of fiscal year 2007/08 by way of an executed MOU in order to avoid loss of the funds. The MOU amount of \$775,000 was a budgetary figure provided to GSD and was not based upon a cost estimate developed by GSD. It was recognized that the MOU would have to be amended to reflect the total construction cost, at the time of the award of the Task Order to a design/build consultant-contractor.

The scope of this project consists of the construction of a new 10,000 square foot concrete streetscape skate park featuring ledges, stairs, rails, ramps, and fencing. New landscaping, irrigation, drinking fountain, Americans with Disabilities Act (ADA) pathway, and a re-configured trash area are also a part of the project.

GSD has also completed a cost estimate in the amount of approximately \$800,000, without contingency. An additional \$100,000 in contingency funds will be included for a total construction cost of \$900,000. Advanced written approval in the form of an executed change order of the BOE Project Manager will be required for any use of the contingency funds by GSD.

BOE therefore recommends that the Board approve the Supplemental Agreement and upon its execution, with the assistance of the CAO, to facilitate the necessary Council approval to appropriate and transfer funds in the amount of \$125,000 into GSD accounts.

GSD has indicated that they can complete all required construction within 270 calendar days after the transfer of funds to GSD or execution of the Supplemental Agreement, whichever occurs last, as follows:

Funding Source	Fund/Dept/ Account No.	Funding for original MOU	Increase in Funding	Funding for SMOU
Proposition K-11	43K/10/C807	\$ 375,000	\$ 0	\$ 375,000
Proposition 40RZH	205/88/TBD	\$ 400,000	<u>\$ 125,000*</u>	<u>\$ 525,000</u>
TOTAL		\$ 775,000	\$ 125,000	\$ 900,000

*Proposed Appropriation

REPORT OF GENERAL MANAGER

PG. 4

NO. 11-024

Staff has determined that proposed supplemental agreement is a continuation of the existing skate park project at Jackie Tatum/Harvard Recreation Center. This project has been previously determined to be Categorically Exempt from California Environmental Quality Act (CEQA) pursuant to Article III, Section 1 (c) Class 3(6) of the City CEQA Guidelines. A Notice of Exemption (NOE) was filed with the City of Los Angeles and County Clerks on April 29, 2008. The project scope of work and the environmental setting has not substantially changed since the NOE was filed. Therefore, the original CEQA determination is still valid, and no additional CEQA documentation is required.

FISCAL IMPACT STATEMENT:

There is no anticipated fiscal impact to the Department's budget. All funds are provided by the above-listed funding sources as specifically identified and approved for use on this project. The future operation and maintenance costs as a result of the completion of this project have yet to be determined.

This report was prepared by Gary Lam, Project Manager, Bureau of Engineering. Reviewed by Neil Drucker, Program Manager, Recreational and Cultural Facilities Program, Bureau of Engineering; and Michael A. Shull, Superintendent, Planning and Construction, Department of Recreation and Parks.

RECOMMENDATION:

That the Board:

1. Approve a proposed Amendment to the Memorandum of Understanding (MOU), substantially in the form on file in the Board Office, between the Department of Recreation and Parks (RAP), the Department of Public Works - Bureau of Engineering (BOE) and the Department of General Services (GSD), to increase the construction budget to complete the original scope of work by \$108,309 for a total construction cost of \$658,309 for the Arroyo Seco – Outdoor Refurbishment (W.O. #E170490F) project, subject to the approval of the City Attorney as to form;

2. Authorize the Chief Accounting Employee, subject to City Council and Mayoral approval, to request that City Administrative Office (CAO) include, in the next Construction Projects Report (CPR) to the City Council, a transfer, at the request of the Bureau of Engineering, of appropriation, in the not-to-exceed amount of \$108,309, in construction funds to GSD, as follows:

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-025

FROM:

<u>Fund Sources</u>	<u>Fund/Dept/Account No.</u>	<u>Appropriation Amount</u>
Proposition K ¹	43K/10/F855	<u>\$ 108,309</u>

Total:	<u>\$108,309</u>

and transfer cash to GSD on an as-needed basis, upon review and approval of the expenditure reports submitted by GSD and approval of these reports by the BOE Project Manager;

3. Direct the Board Secretary to transmit the Amendment to the MOU to the City Attorney for review as to form; and,
4. Authorize the General Manager to execute the proposed Amendment, subject to approval by the City Attorney as to form.

SUMMARY:

On June 2, 2010, the Board of Recreation and Park Commissioners (Board) awarded the contract to Y and M Construction, Inc., for a total award amount of \$309,120, for the Arroyo Seco – Outdoor Refurbishment (W.O. #E170490F) project (Board Report No. 10-132). The contractor did not meet the execution requirements. The award was rescinded following the Board’s direction on June 2, 2010 (Board Report No. 10-141), to “Authorize the General Manager to Rescind the award of any construction contract awarded during the remainder of the fiscal year, funded in whole or in part by Proposition K, if the Contractor has not executed a written contract with the City, and provided the required payment and performance bonds and proof of adequate insurance coverage...;” and “...authorize the General Manager to execute a Memorandum of Understanding (MOU) by June 30, 2010 for the construction of the Arroyo Seco – Outdoor Refurbishment project with the Department of General Services (GSD) for construction services and with the Bureau of Engineering (BOE) for construction management...” The MOU was based on the City Engineer’s estimate and for an

REPORT OF GENERAL MANAGER

PG. 3 NO. 11-025

amount not to exceed \$550,000. At the time of the MOU, GSD did not have the construction documents and were not in a position to prepare a construction cost estimate.

The project scope includes: the replacement of existing light fixtures with new energy-efficient on existing six light poles, installation of twelve new light poles and fixtures to illuminate the parking lot and paths to the tennis courts, installation of two new wall-mounted lights inside the tunnel on Avenue 60, removal of existing play equipment and installation of new play equipment and the installation of a new "Smart" automated irrigation system.

Upon the completion of its review of the construction documents, GSD presented to BOE and RAP a construction budget of \$658,309, including a 10% contingency. The project construction budget in the original MOU was \$550,000 and needs to be increased by \$108,309 to cover the difference in the City Engineer's estimate and the construction budget cost.

Funding Source	Fund/Dept/ Account No.	Funding for Initial MOU (Board Report No. 10-141)	Funding for Proposed MOU Amendment	Total Project Funding
Proposition K Year 13	43K/10/F855	\$ 550,000	\$ 108,309	\$ 658,309

FISCAL IMPACT STATEMENT:

The future operation and maintenance costs as a result of the completion of this project have yet to be determined.

3. Direct the Department’s Chief Accounting Employee to request that the City Administrative Office (CAO) include in the CAO report to the City Council and Mayor, a recommendation that the following appropriations, in the amount of \$840,000 be approved for the Echo Park Boathouse Rehabilitation – Phase II (PRJ1500K) (W.O.# E1907196) project;
4. Direct the Board Secretary to transmit forthwith the MOU to the City Attorney for review and approval as to form; and,
5. Authorize the General Manager to execute the proposed MOU, subject to approval as to form by the City Attorney.

REPORT OF GENERAL MANAGER

PG. 3 NO. 11-026

SUMMARY:

The 1,500 square foot Echo Park Boathouse, originally constructed in 1932, was designed in the Spanish Colonial Revival Style and is positioned over the Echo Park Lake. The facility has undergone several aesthetic and building system retrofits throughout the years. The most recent rehabilitation effort, Phase I, was completed in 2007. Phase I entailed preserving the existing piles, rehabilitating the dock, and providing disabled access to the dock.

Phase II of the Echo Park Boathouse Rehabilitation includes the completion of the aesthetic, and structural retrofit of the existing building and mechanical systems. The Boathouse Rehabilitation is a small part of the larger Echo Park Rehabilitation project.

Staff recommends awarding the Echo Park Boathouse Rehabilitation – Phase II (W.O. #E1907196) project to GSD in lieu of conducting a competitive bid process due to the following reasons:

- Construction needs to be completed by the end of February 2012 in order to meet the State Proposition 40 Grant deadline of June 30, 2012.
- GSD has shown knowledge and expertise in renovating and rehabilitating historical structures throughout the City.
- GSD can perform the demolition work while the selection of vendors is in process to expedite construction start and completion.
- Approximately three to four months of bid-and-award time can be saved by having GSD and the pre-approved vendors perform construction. GSD is authorized to perform this work per Los Angeles Administrative Code Section 22.535(a)(5).

BOE will provide project management, construction management, construction administration, and post construction services for the project.

Based on the plans and specifications prepared by BOE, the Phase II rehabilitation cost of the Echo Park Boathouse is estimated by the BOE to be \$1,120,000. An additional amount of \$220,000 is also recommended for appropriation to GSD for construction contingency funds, which brings the total project budget to an amount not to exceed \$1,340,000. GSD shall not utilize any of the construction contingency funds without advanced written approval by BOE Project Manager or his designated Representative.

REPORT OF GENERAL MANAGER

PG. 4 NO. 11-026

Council approved an appropriation of \$500,000 to the GSD for construction services related to this project (Council File No. 09-1425-S2). Upon approval by the Board and the City Council, the remaining appropriation of \$840,000 will be transferred to GSD as follows:

<u>Funding Source</u>	<u>Fund/Dept/Acct. No.</u>
Proposition 40 (CCHE)	205/89/EG01

The State's Proposition 40 funds will be provided to the City on a reimbursement basis. The Public Works Trust Fund will be used to provide cash flow for the projects and will be promptly repaid upon reimbursement of grant funds from the State.

Upon approval of the fund appropriation and transfer to GSD accounts and the execution of the MOU, GSD shall begin work immediately. Construction completion for the Boathouse Rehabilitation is estimated to be February 2012.

In compliance with the California Environmental Quality Act (CEQA), staff has determined that the proposed project is categorically exempt from the provisions of the CEQA pursuant to Article II, Section 2, Class 1 (1, 4). A Notice of Exemption was filed with the Los Angeles City Clerk on November 8, 2005.

FISCAL IMPACT STATEMENT:

There is no immediate fiscal impact to the Department's operational and maintenance budget; however, future operations and maintenance costs will be assessed and included in future departmental annual budget requests.

This report was prepared by Ohaji K. Abdallah, Project Manager, BOE Architectural Division. RECOMMENDATIONS:

That the Board:

1. Review and consider the Initial Study/Mitigated Negative Declaration (IS/MND) and the associated Mitigation Monitoring and Reporting Plan (MMRP) for the Chatsworth Reservoir Wetlands and Riparian Mitigation Program, which are in custody of the Department of Recreation and Parks' Superintendent of Planning and Development located at 221 North Figueroa Street and the City Clerk located at 200 North Spring Street, finding that on the basis of the whole record, including the IS/MND and all comments received, there is no substantial evidence that the Chatsworth Mitigation Project will have a significant effect on the environment, and that all potentially significant environmental effects of the project have been properly disclosed, evaluated and mitigated in compliance with the California Environmental Quality Act (CEQA) and the State and City CEQA Guidelines that reflects the Board's independent judgment and analysis;
2. Recommend that the City Council review, consider and adopt the IS/MND and MMRP, with Council making the same findings as the Board of Recreation and Park Commissioners (Board), and that the Department of Recreation and Parks (Department) staff file a Notice of Determination with the Los Angeles City Clerk and Los Angeles County Clerk within five days of Council's adoption;

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-027

3. Approve subject to the approval of the City Council, the proposed Agreement with Allied Remediation Services, Inc., (ARS), substantially in the form on file in the Board Office, for the mitigation project to be developed on forty-four (44) acres of land at the Chatsworth Reservoir, currently owned by the Department of Water and Power (DWP) and to be transferred to the Department in the future, as further described in the Summary of this Report;
4. Direct the Board Secretary to transmit forthwith the proposed Agreement to the Mayor for review in accordance with Executive Directive No. 3, and, concurrently to the City Attorney for review and approval as to form; and,
5. Authorize the Board President and Secretary to execute the Agreement upon receipt of the necessary approvals.

SUMMARY:

Purpose of Mitigation Project

The Chatsworth Mitigation Project (CMP) came about as a means to mitigate for approximately 13.24 acres of riparian and wetland habitats lost as a result of closure and extension projects at the Sunshine Canyon Landfill, located in the East Valley, near Sylmar. Republic Services, Inc. (RSI), owner of the Sunshine Canyon Landfill, obtained permits for those projects from the United States Army Corps of Engineers (Corps) and the California Department of Fish and Game (CDFG) in 2003 and 2004. Closure of the inactive landfill at Sunshine Canyon began in 2003 and the extension to provide additional capacity at the landfill within the City limits followed.

The permits issued by the Corps and CDFG required the development and approval of a mitigation plan to establish a minimum of 35 acres of riparian and wetland habitats at a suitable mitigation site to compensate for the loss of the 13.24 acres of habitats. Further, the permits required the mitigation site to be dedicated through a conservation easement to protect its biological resources in perpetuity.

Working together, staff from Council District 12, the Department, and the DWP, identified an approximately 44-acre mitigation site within the Chatsworth reservoir. In 2006, RSI prepared and submitted a Final Wetland and Riparian Mitigation and Monitoring Program for the Chatsworth Reservoir in compliance with the conditions of the Corps and CDFG permits. The program was approved by both the Corps and CDFG and would be implemented by Allied Remediation Services, Inc. (ARS), a wholly owned subsidiary of RSI.

REPORT OF GENERAL MANAGER

PG. 3 NO. 11-027

Project Location

The Chatsworth Reservoir is located within the northwestern portion of the San Fernando Valley, northeast of the intersection of Roscoe Boulevard and Valley Circle Drive. The reservoir occupies an area approximately 410 acres in size within a larger 1,323 acre property currently owned and operated by DWP. Please see Exhibit A.

The project area is to comprise a total of 140 acres of land. Approximately 44-acres will be utilized as the mitigation area. The balance of 96 acres is to be set aside as an open space buffer and potential future passive parkland. Please see Exhibit B.

Project Elements

The proposed project will consist of the following elements:

1. The detailed design, development, construction and monitoring of the Final Chatsworth Reservoir Wetland and Riparian Mitigation Program by RSI;
2. Compensation from RSI to DWP for the use of the approximately 44-acre mitigation site at Chatsworth Reservoir (currently estimated at \$540,000);
3. The establishment of a conservation easement over the approximate 44-acre mitigation site to preserve and protect it as permanent open space in perpetuity;
4. The transfer of up to 140 acres of Chatsworth Reservoir property, including the mitigation site, from DWP to Department;
5. The establishment by RSI and acceptance by Department of an interest bearing account for future maintenance of the mitigation site (currently estimated at \$460,000).

There are five (5) principal components to the mitigation program design: 1) removal of a section of concrete perimeter drainage channel and rip-rapped berms along a channelized (soft bottom) stream reach to create a natural stream channel; 2) recontouring of an existing basin area to create additional wetlands; 3) restoration of existing stream channels associated with Woolsey Canyon and Box Canyon Creeks; 4) enhancement of existing wetlands; and, 5) creation of additional riparian woodland habitat. The excess soil generated from these activities will be placed in adjacent upland areas and will be planted with oak woodland and grassland vegetation.

REPORT OF GENERAL MANAGER

PG. 4 NO. 11-027

Agreement

The proposed mitigation project program is projected to be implemented over the next five to six years. Construction and restoration activities are expected to take about five months and are anticipated to begin in Summer/Fall 2011. The conservation easement will be established over the mitigation site around December 2011. Planting should begin in Fall/Winter of 2011/2012 with monitoring by ARS to be initiated in 2012 under completion of the project and continuing through at least 2017.

The agreement that the Board is being asked to consider memorializes the duties and obligations of RSI, acting through its affiliate, ARS. Further, the agreement provides details on the obligations of the DWP, even though it is not a party to the agreement. DWP has committed to the transfer of the property and will do so in time for the City to deposit the Interdepartmental Transfer documents to escrow.

According to the Agreement, ARS is responsible for the following:

1. Obtain a mitigation plan, approved by the appropriate regulatory agencies, to create, restore and enhance, approximately 44 acres of riparian and wetland habitat on DWP property.
2. Construct and implement the mitigation plan/project and monitor the progress of the project for a period of not less than five (5) years after creating the wetlands and woodlands required by the mitigation plan project.
3. Provide DWP approximately \$540,000 as a mitigation payment for the use of DWP land for the creation of the mitigation habitat area and the granting of the conservation easement.
4. Provide Department approximately \$460,000 as a mitigation payment for the creation of an interest bearing account to be used for the maintenance of the mitigation site.

According to the Agreement, the Department is responsible for the following:

1. Accept the transfer of the mitigation habitat area from DWP.
2. Maintain the mitigation habitat area as a natural resource pursuant to the terms of a conservation easement.

REPORT OF GENERAL MANAGER

PG. 5 NO. 11-027

3. Create an interest bearing account with the mitigation payment of \$460,000 from ARS to be used for the maintenance of the mitigation site.

Property Transfers

As previously discussed, DWP will transfer a total of 140 acres to the Department for the creation of the habitat mitigation area. Of this acreage, forty-four (44) acres will be used for the creation of the riparian wetlands and habitat. The 44 acres will be transferred to the Department prior to construction of the mitigation plan project. The balance of ninety-six (96) acres will be used as a buffer area to protect the riparian wetlands and habitat. Transfer of the 96 acres will not occur until such time as construction of the mitigation project is completed. The transfer of the entire 140 acres will be at no cost to the Department.

Environmental Impact

In accordance with the CEQA requirements, a MND was prepared based on an Initial Study, which determined that all potentially significant environmental effects would be mitigated to a level less than significant. The MND was circulated to all interested parties and responsible agencies and filed with the State clearing house for a thirty-day review and comment period from October 14, 2010 to November 15, 2010. There were a total of twenty-two (22) comment letters received during the agency and public comment period. The issues raised concerned primarily cultural resources at the project site, Native American consultation, and potential hazardous contamination. All comments have been incorporated into the final MND and copies are on file in the Board Office. A Mitigation Monitoring and Reporting Program (MMRP) has been prepared that specifies all the mitigation measures identified in the MND, which will either reduce or eliminate the potentially significant environmental impact of the project, in accordance with Section 15097 of the State CEQA Guidelines.

FISCAL IMPACT STATEMENT:

Approval of the Agreement and the associated improvements to the mitigation habitat area will not have any known impact on the General Fund. All costs for the design, construction and monitoring of the mitigation project are the responsibility of ARS. Upon transfer of the mitigation area to the Department, it is anticipated that the interest bearing account created from the mitigation payment provided to the Department should be sufficient to pay for maintenance costs of the habitat area.

This report was prepared by Cid Macaraeg, Senior Management Analyst II, Real Estate and Asset Management, Planning and Construction Division.

BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: PARK PROPERTY – INSTALLATION OF CELLULAR TELECOMMUNICATION EQUIPMENT

R. Adams	_____	F. Mok	_____
V. Israel	_____	K. Regan	_____
H. Fujita	_____	*M. Shull	<u>msf</u>
S. Huntley	_____		

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Approve the attached policies and revised guidelines regulating the conditions for the installation of telecommunications equipment on Department of Recreation and Parks (RAP) property;
2. Approve a proposed Master Lease Agreement and Site Lease Agreement, substantially in the form on file in the Board Office, subject to the approval of Mayor and City Council;
3. Authorize the Board Secretary to forward the policies, guidelines, Master Lease Agreement and Site Lease Agreement to the City Attorney for approval as to form; and,
4. Authorize the Department's Chief Accounting Employee to establish a RAP fund and account number for the receipt of the funds from application fees for Site Lease Agreements and the rents subsequently collected from any such Agreements approved by the Board.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-028

SUMMARY:

The Board of Recreation and Parks Commissioners has long recognized the need for policies and guidelines to consistently direct the installation of cellular telecommunication equipment on park property. As evidenced by the 2007 fire in Griffith Park, a lack of cellular facilities can disrupt rescue and fire-fighting efforts, becoming a public safety issue. Hikers and general park users within larger City parks may be unable to communicate in the case of an emergency. Despite attempts to develop citywide regulations regarding these installations, (Mayoral Executive Directive No. 2001-38, issued on May 10, 2001) only two Departments, the Department of Public Works, Bureau of Engineering (BOE) and the Department of Water and Power (DWP), have developed policies on the granting of permits in various right-of-ways.

Like BOE and DWP, RAP receives many requests for telecommunication placements. In spite of a previous call for a coordinated, uniform City policy that would protect the interests of all City entities, it may be prudent for the Board to approve procedures and guidelines for telecommunication placements as well as a Master Lease Agreement and a Site Lease Agreement tailored to meet the Department's needs. However, RAP will continue to work closely with other City Departments toward the goal of a uniform policy.

The Board has recognized the need for comprehensive guidelines since at least 1998. In that year the Board approved a set of guidelines or regulations applicable to telecommunication service providers but acknowledged that further action would be needed to implement a fully-developed policy (Report No. 410-98). The approved Report raised several issues including the desirability of incorporating antennas into a building's façade or on a utility pole or water tank as opposed to a free-standing installation. The design plans of firms were to be reviewed and input obtained from the affected Council Office and nearby community. As for fees, it was recommended that both rent and staff administrative time be charged and that the agreement contain renewal options which, when exercised, would allow for rate increases.

In approving the 1998 Report, the Board directed that the guidelines be amended to take into account comments made during the meeting by both the public and the Commissioners. In response to this directive and the realization that the RAP needed to clarify certain wording, the guidelines were revised in May 2001. This version was not presented to the Board because the Mayor's Executive Directive, which called for a Citywide policy, had just been issued. Staff later revised those guidelines in October 2002 and presented them to the Board in November 2002 (Board Report No. 02-401). Neither the May 2001 nor the October 2002 guidelines included specifics on a fee structure for applications or rents, nor a clear process for the approval of telecommunication installation requests.

REPORT OF GENERAL MANAGER

PG. 3

NO. 11-028

Staff has developed procedures for the review and processing of telecommunication installation applications as well as made slight modifications to the guidelines for the approval of said installations. The procedures are intended to give clear direction to potential applicants. These procedures and guidelines are attached to this Report at Exhibit A.

Any entity seeking to install telecommunications equipment on Recreation and Park property will have to enter into a Master Lease Agreement with the Department. This revocable lease agreement clearly assigns responsibilities to both the applicant and the Department, however it does not authorize the installation of any specific equipment. A supplemental application, known as a Site Lease Agreement, would have to be made for each individual installation and would be subject to the approval of the Commission. It is intended that the proposed procedures, guidelines and lease agreements will provide for a consistent application, review and approval process.

An applicant wishing to install telecommunications equipment on RAP property will be required to pay certain application fees and rents. A site application fee of \$2,000 for each discrete installation (Site Lease Agreement) will cover staff review, initial report to the Board of Commissioners, community outreach, site visit, and other necessary expenditures for project application review. This application fee does not guarantee approval of the Site Lease Agreement. Approved site installations will be charged rents according to the ten-year schedule of rents incorporated into the Master Lease Agreement. These rents vary based upon geographic location, acknowledging that certain areas of the City are more desirable for the installation of cellular equipment. Rents range from \$2,200 to \$3,100 per month depending on which Area Planning Commission region the facility is located within, each with a 3% increase per annum. Rents will be due annually as detailed in the Master Lease Agreement. Rents charged for installations will possibly offset general fund obligations. Applicants will also be fiscally responsible for any and all increase in utility charges that result from the installation of telecommunications equipment.

Staff has determined that the procedures, guidelines and lease agreements are tools for guiding future telecommunication installation projects, which does not make a commitment to any specific project that may result in physical environmental impacts. Therefore, each adopted Site Lease Agreement will require an individual review under the CEQA process. The CEQA review process will be completed through the Conditional Use Permit application process.

REPORT OF GENERAL MANAGER

PG. 4 NO. 11-028

FISCAL IMPACT STATEMENT:

There shall be no fiscal impact to the Department's General Fund as the application fees for individual Site Lease Agreements shall be sufficient to cover staff costs for review. Approved telecommunication installations shall be a revenue generating use through the collection of rents as included in each approved Site Lease Agreement.

This Report was prepared by Melinda Gejer, City Planning Associate, Planning and Construction.

**DEPARTMENT OF RECREATION AND PARKS
PROCEDURES AND GUIDELINES
FOR THE
INSTALLATION OF CELLULAR EQUIPMENT
ON
PARK PROPERTY**

In November 1998 the Board of Recreation and Park Commissioners (Board) adopted guidelines concerning the placement, installation, maintenance and dismantling of wireless or other telecommunication and ancillary equipment on Department of Recreation and Parks (RAP) property. The Board also approved the incorporation of certain additions to the guidelines, which have since been added to this revised version. Applicants seeking to place telecommunication equipment on Department of Recreation and Parks (RAP) property are required to adhere to the ten sets of regulations listed below as well as to any requirements set forth by other affected agencies, by federal or state regulators and by other City of Los Angeles entities.

These revised guidelines do not constitute a Lease Agreement and cannot be construed in any manner as granting permission to install telecommunication equipment on RAP property. Permission for such installation will be granted by way of a fully executed Lease Agreement approved by both the Board of Recreation and Park Commissioners (Board) and the City Attorney as to form after all of the following conditions have been met to the satisfaction of the Department. It is understood that Lease Agreements in excess of three-years duration as defined by the Los Angeles Administrative Code Section 10.5(b) are subject to the approval of the City Council.

PROCEDURES

1. Any installation of cellular equipment on RAP property will require:
 - a. A fully executed Master Lease Agreement (MLA), approved by both the Board and the City Attorney and, if applicable, the City Council.
 - b. A fully executed Site Lease Agreement (SLA) for each individual installation, approved by both the Board and the City Attorney, and if applicable, the City Council.

2. For each Site Lease Agreement a fee of \$2,000 will be paid by the applicant. \$1,000 will be due upon initial application and \$1,000 will be due upon conceptual approval by the Recreation and Parks Board of Commissioners. This fee will cover staff review, initial report to the Board, community outreach, site visit, and other necessary expenditures for project application review. This application fee does not guarantee approval of the Site Lease Agreement.

3. Upon application for a Site Lease Agreement, the following information will be provided by the applicant:
 - a. Photographs or photo simulations;
 - b. Architectural renderings;
 - c. Site development and construction plans;
 - d. Site mitigation measures;
 - e. Installation time frame;
 - f. Analysis of all existing infrastructure including, but not limited to, mounting of equipment and power supply/feed modifications.
4. Initial consultation with the Mayor's Office, the Council District, and the community including, but not limited to, the Park Advisory Board and/or Neighborhood Council shall take place.
5. The Board will do an initial review of the proposed Site Lease Agreement. All information contained in procedures numbers 1-4 shall be presented to the Board for consideration of the concept.
6. If the Board approves the concept, a final Report to the Board will be made following the community outreach process, and Conditional Use Permit process completed by the Department of City Planning which includes completion of California Environmental Quality Act (CEQA).
7. A "Notice-to-Proceed" must be issued by RAP, Planning and Construction Division to permit construction to begin.

GUIDELINES

1. Agreement Type and Duration:

Telecommunication Lease Agreements will be both conditional and revocable. The maximum initial term of the Master Lease Agreement will be five years and may automatically renew for successive one-year (1) periods unless Tenant notifies Landlord of Tenant's intention not to renew at least ninety (90) days prior to commencement of a successive one-year (1) renewal period; provided, however, that this Agreement will in any event remain in effect with respect to each fully executed SLA for so long as said SLA remains in effect. Exercise of the initial term and each option will require Board approval.

The term of each SLA shall be five (5) years. The SLA may be extended for three (3) additional and successive five (5) year periods on the same terms and conditions unless Tenant notifies Landlord of Tenant's intention not to renew at least one hundred eighty (180) days prior to commencement of the succeeding Renewal Term, subject to approval by Landlord.

2. Community/Public Comments:

In considering the placement of telecommunication equipment, RAP must remain sensitive to the wishes of the community. RAP will notify and solicit comments from affected groups and individuals, where applicable, when there is a reasonable possibility that telecommunication equipment will be placed on RAP property. RAP may also require the applicant to initiate and conduct the notifications. Examples of affected groups and individuals are as follows:

- a. Volunteer Neighborhood Oversight Committee(s) [VNOC];
- b. Park Advisory Board (PAB);
- c. Neighborhood Councils;
- d. Park User Groups (Little League, senior citizen associations, etc.);
- e. Community groups active at the RAP facility selected for the proposed installation; and,
- f. Residents/property owners and businesses located within 500 feet of the outer rim of the proposed placement site.

The applicant, under RAP supervision, will post a RAP-approved public notice in a conspicuous location at the RAP facility intended for the proposed placement. The notice will generally describe the applicant's proposal; the notice will also include a phone number where additional information may be obtained and a RAP address to which comments and recommendations may be mailed. Written comments received by RAP will be summarized and presented to the Board for consideration.

The applicant will be responsible for arranging and conducting public meetings or hearings.

The City Planning Department holds a variety of hearings as part of the normal approval process for a Conditional Use Permit (CUP); these hearings assist the City to remain informed of community opinion. RAP, not being a telecommunications applicant, will not be involved with any related CUP hearings except to report to the Board any issues relevant to the telecommunications request being made by the applicant. These issues shall be included in any report recommending final approval by the Board.

3. Costs and Expenses:

Upon obtaining all necessary approvals, the applicant will be fully responsible for all costs and expenses associated with the construction, installation, operation, upgrading, ongoing service or maintenance and, as applicable, the replacement, dismantling or removal of telecommunications equipment at the site.

4. Design Requirements:

Design elements will be obtained from the applicant and distributed to the Council Office, PAB, and other interested groups. Comments from these groups will be presented to the Board and other interested City entities before any Site Lease Agreement is approved.

The applicant will take all appropriate measures to minimize the size of the proposed telecommunication installation and to screen or disguise the presence of the equipment at the RAP site. These measures include but are not limited to the following element designs: planting natural, vegetative screening; using artificial structures aimed at disguising or lessening the visual impact of the installation; and attaching or visually blending the telecommunication equipment to existing structures. Each application must first analyze the feasibility of existing infrastructure for mounting of equipment. A good example of existing infrastructure which may be utilized in this way is sportsfield lighting. The applicant must include an analysis of the feasibility of utilizing these existing infrastructures prior to requesting installation of freestanding telecommunication equipment.

The applicant will, when first presenting a proposal, incorporate the telecommunication industry's best design practices that will minimize the size and amount of equipment to be installed and minimize the visual impact of the installation.

The general appearance or plan of the proposed installation will be reviewed by the Planning and Construction Division of RAP. The plans will then be presented to the Board prior to the issuance of final approval.

5. General Requirements:

Permission to grant the applicant's request is contingent upon whether the proposed telecommunication use is compatible with any specific trust or dedication upon which the site was acquired, is currently leased by or otherwise permitted to RAP. Permission is also contingent upon RAP finding that the installation will not in any material respect or degree be detrimental to the purposes for which the property was acquired or is now devoted. RAP shall also consider comments received from the public. All telecommunication equipment installed under a RAP-approved Lease Agreement shall be upgraded as technology advances; installed equipment and structures will be removed in a timely fashion at the applicant's sole cost when no longer needed at the licensed site or when the Site Lease Agreement is terminated.

6. Health and Safety Concerns:

All telecommunication installations approved by RAP will conform to federal, state and local requirements concerning construction codes and safety requirements concerning electromagnetic energy.

7. Other Requirements:

Any Lease Agreement will be limited in its ability to be assigned and contain the standard indemnification and insurance requirements established by the City Administrative Officer and the City Risk Manager.

8. Location of Telecommunication Site:

Applicants will not be permitted to develop cellular sites at or near highly visible locations on RAP's property, namely, at or near play or sitting areas, walkways, community gardens, etc. In addition, the public's ability to fully use the park facilities must not be materially affected by the proposed placement site.

Where two or more telecommunication service providers desire to locate equipment at or close to the same site, the applicant must agree to the co-location of antennas and other equipment if such is technologically feasible. The applicant also agrees to cooperate fully with the City's Information Technology Agency in assisting them to determine if co-location is feasible.

Every applicant's initial design must take into account the potential co-location of up to two (2) additional carriers.

9. Fees and Rent:

An application fee of two thousand dollars (\$2,000) is due for each individual Site Lease Agreement.

Rental fees are due annually and will range from twenty-two hundred (\$2,200) to thirty-one hundred (\$3,100) dollars per month for fiscal year 2010-2011. There will be a three percent (3%) increase beginning on July 1st of each subsequent year.

Lessee will be responsible for payment for the electricity it consumes in its operation at the rate charged by the servicing utility company. If a separate electrical meter cannot be installed at a particular site, Lessee shall pay RAP the sum of \$1,800, annually in advance, based on estimated annual consumption. Should Lessee want to audit their actual use, Lessee may sub-meter at their expense and submit an actual usage report for comparison against the estimated use.

10. Permits:

All telecommunication applicants will be solely responsible for obtaining any governmentally imposed licenses, permits or approvals and will pay all associated fees. The General Manager of RAP will have the authority after Board approval in concept, to issue a temporary permit or authorization if such is needed by the applicant in order to obtain governmentally imposed licenses, permits or approvals or to allow the applicant to perform preconstruction studies and related activities.

REPORT OF GENERAL MANAGER

NO. 11-029

C.D. 10

BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: BALDWIN HILLS RECREATION CENTER – CONCEPTUAL APPROVAL FOR NAMING OF THE OUTDOOR BASKETBALL COURTS AND THE INSTALLATION OF APPROPRIATE SIGNAGE

R. Adams	_____	F. Mok	_____
V. Israel	_____	K. Regan	_____
H. Fujita	_____	*M. Shull	<u>MS</u>
S. Huntley	_____		

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATION:

That the Board grant conceptual approval and authorize staff to continue the process relative to the naming of the outdoor basketball court area at Baldwin Hills Recreation Center and the installation of appropriate signage.

SUMMARY:

Baldwin Hills Recreation Center is located at 5401 Highlight Place in the Baldwin Hills community. This is a 10.61 acre facility, which includes a baseball diamond, indoor and outdoor basketball courts, a football field, children’s play area, barbeque pits and offers youth camps.

The Department has received a request from Council District 10 to name the outdoor basketball court area at Baldwin Hills Recreation Center after Violet Palmer. Violet Palmer has the unique status of being the only current female official in the National Basketball Association (NBA). Ms. Palmer has officiated 692 regular season games and seven playoff games over 12 seasons. Ms. Palmer is one of only two women to ever officiate regular season games in the NBA.

A Los Angeles resident, Ms. Palmer once worked for the Department of Recreation and Parks. She is also involved with the City of Los Angeles Youth Referee Clinic.

Subsequent to Board approval to proceed with the process, the appropriate community outreach would be conducted.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-029

o

Department staff has reviewed this proposal and found no objections. The next step is to continue the Department's process and to prepare a Final Report to your Board which would be submitted for your consideration.

Council District 10 and West Region management are in support with the recommendations as set forth by the Department.

FISCAL IMPACT STATEMENT:

The project would not have a fiscal impact to the Department as the sign and the installation will be paid for by the applicant.

This Report was prepared by Melinda Gejer, Planning Associate, Planning and Construction.

REPORT OF GENERAL MANAGER

NO. 11-030

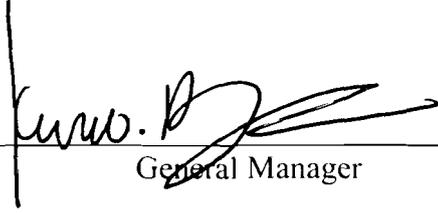

DATE January 19, 2011

C.D. 1

BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: ELYSIAN PARK – CONCEPTUAL APPROVAL FOR THE INSTALLATION OF A TREE AND PLAQUE IN HONOR OF LOS DESTERRADOS AND LOUIS A. SANTILLAN

R. Adams	_____	F. Mok	_____
V. Israel	_____	K. Regan	_____
H. Fujita	_____	*M. Shull	
S. Huntley	_____		

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATION:

That the Board grant conceptual approval for a tree and a plaque to be installed in Elysian Park in honor of Los Desterrados and Louis A. Santillan.

SUMMARY:

Elysian Park is a regional park located at 929 Academy Road. This facility is a 544.6 acre park, which includes a walking paths, hiking trails, picnic areas, benches, landscaping and irrigation as well as special amenities such as the Grace E. Simmons Lodge.

On December 15, 2010, the Department was contacted by Council District 9 with a request to install a tree and a plaque in Elysian Park in honor of Los Desterrados and Louis A. Santillan. Los Desterrados literally translates to The Uprooted and refers to the residents of Chavez Ravine who were evicted in order to build a public housing project on a consolidated site including parts of both Chavez Ravine and Elysian Park. That project proved to be unpopular and was never built. Several years later the area was developed as Dodger Stadium. Los Desterrados were originally organized by Mr. Louis Santillan and still meet regularly to commemorate the community. The plaque would be dedicated to Mr. Louis A. Santillan.

A subsequent report to your Board will include the proposed plaque language and location.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-030

Staff has determined that the subject project is exempt from the provisions of the California Environmental Quality Act (CEQA), pursuant to Article VLL, Section 1, Class 11 (1) of the City CEQA guidelines, which provides for the placement of signs on park property as accessory structures to recreational facilities.

Metro Region management and staff has reviewed this proposal and found no objection.

Council District 1 is aware of the project and found no objection.

FISCAL IMPACT STATEMENT

Fiscal impacts will be described in a subsequent Report to the Board on this proposal.

This Report was prepared by Melinda Gejer, Planning Associate, Planning and Construction.

REPORT OF GENERAL MANAGER

NO. 11-031

DATE January 19, 2011

C.D. 15

BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: PECK PARK POOL – CONCEPTUAL APPROVAL OF PROPOSED REPLACEMENT OF EXISTING MURAL WITH TILE MOSAIC MURAL

R. Adams	_____	F. Mok	_____
V. Israel	_____	K. Regan	_____
H. Fujita	_____	*M. Shull	<u>msf</u>
S. Huntley	_____		

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATION:

That the Board conceptually approve the replacement of an existing mural with a tile mosaic mural upon the pool facility at Peck Park.

SUMMARY:

Peck Park Recreation Center is a 74.52 acre park located at 560 North Western Avenue, in San Pedro Community Plan area. The Department of Recreation and Parks (Department) has operated Peck Park Pool since 1962. Peck Park Pool is a year-round, outdoor facility, with an area of 6,000 square feet and an approximate deck area of 8,900 square feet. Peck Park Pool had an attendance of 18,168 persons in 2005. Peck Park Pool serves the community by providing public swimming, swim club and swim classes.

There currently exists a mural located upon the pool facility at Peck Park. This mural was painted on a concrete brick wall and is currently in a state of disrepair. (Exhibit A) The mural is located on the wall outside the pool filter and heater room in a low profile location and is not visible unless walking to tennis courts, visiting the pool, or walking by to go to the baseball fields.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-031

Staff at Peck Park Pool has proposed to replace the existing mural with a new tile mosaic mural. Staff has received written permission from the original artist to replace the existing mural. Additionally, staff at Peck Park Pool will largely donate their time and effort, along with other members of the community, to create the new tile mosaic mural.

There are two artists for the proposed mural. The first is Julie Bender, Pool Manager 1 at Peck Park Pool. The second is Rick Nunez, who is a mosaic wall mural instructor for a Los Angeles City Occupational School. While the exact design of the mural will be determined through a community input process, examples of other works by one of the proposed artists are available (Exhibit B).

The Council District 15 and Pacific Region management and staff support this project at Peck Park Pool. The next step is to continue the Department's process and to prepare a Final Report to the Board which would be submitted for its consideration. This proposal will also require the approval of the Cultural Affairs Commission.

Issues of maintenance, mural removal, and any associated costs will be identified, as will the California Environmental Quality Act clearance, in a subsequent report to the Board

FISCAL IMPACT STATEMENT:

The maintenance of the new tile mural will have negligible impact on the Department's General Fund since it is a replacement of the old mural and existing budget is in place at this facility.

This Report was prepared by Melinda Gejer, City Planning Associate, Planning and Construction.

Exhibit A – Existing Mural Location and Condition

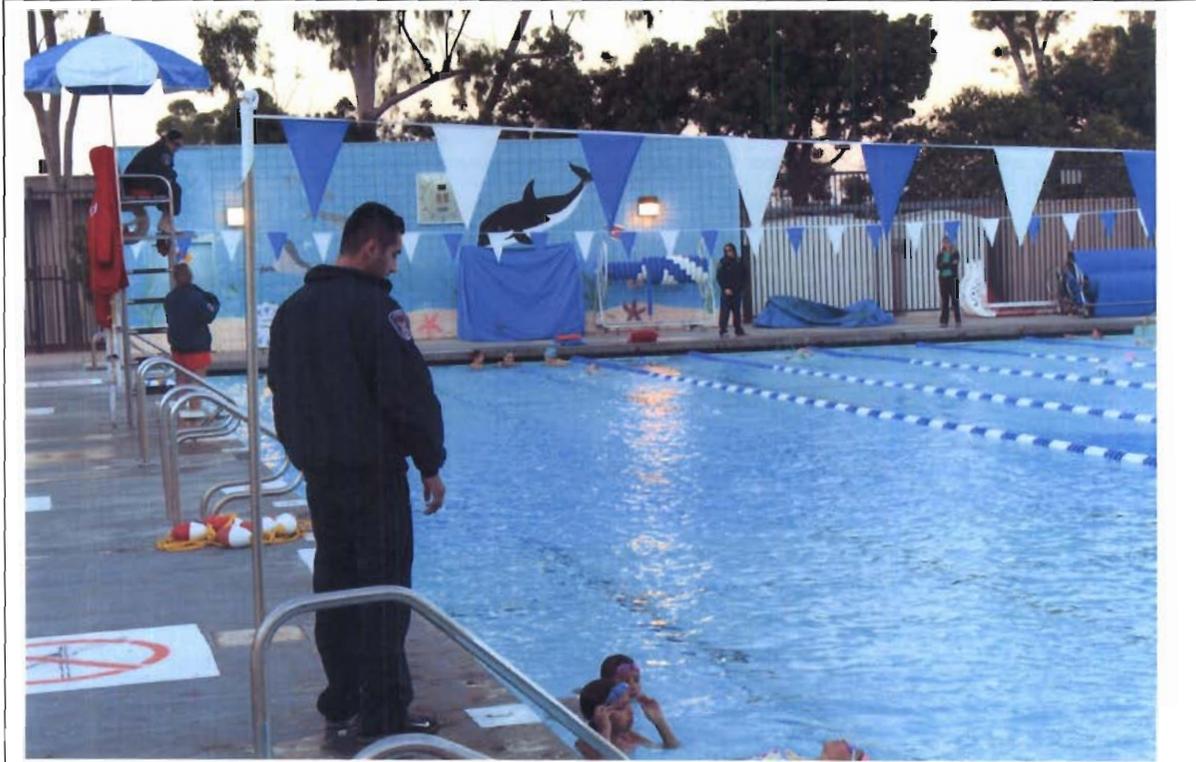

Exhibit B – Samples of Work by Artist Julie Bender

These two samples are located at White Point Elementary School in San Pedro, California.

REPORT OF GENERAL MANAGER

NO. 11-032

DATE January 19, 2011

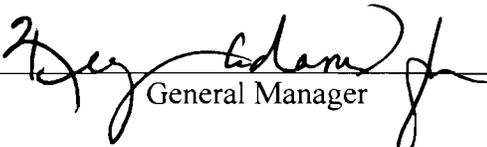

C.D. 5

BOARD OF RECREATION AND PARK COMMISSIONERS

SUBJECT: CHEVIOT HILLS TENNIS PROFESSIONAL – AWARD OF CONCESSION AGREEMENT TO ATONAL SPORTS AND ENTERTAINMENT, INC.

R. Adams _____
H. Fujita _____
S. Huntley _____
V. Israel _____

*F. Mok NiW _____
K. Regan _____
M. Shull _____

General Manager

Approved _____

Disapproved _____

Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Approve a proposed Concession Agreement, between the City of Los Angeles Department of Recreation and Parks and Atonal Sports and Entertainment, Inc., for the operation and maintenance of the Cheviot Hills Tennis Professional Concession for a term of five (5) years with two (2) five-year renewal options exercisable at the sole discretion of the General Manager, substantially in the form on file in the Board Office, subject to the approval of the Mayor and City Council, and of the City Attorney as to form;
2. Find, in accordance with Charter Section 1022, that the Department does not have personnel available in its employ with sufficient time and expertise to undertake these specialized tasks and that it is more feasible and economical to secure these services by contract;
3. Find, in accordance with Charter Section 371(e)(10) and Los Angeles Administrative Code Section 10.15(a)(10), that the use of competitive bidding would be undesirable, impractical or otherwise excused by the common law and the Charter because, unlike the purchase of a specified product, there is no single criterion, such as price comparison, that will determine which proposer can best provide the services required by the Department for the improvement, operation and maintenance of the Department's concession. In order to select the best proposer for this concession, the Board finds it is necessary to utilize a standard request for proposals process and to evaluate proposals

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-032

received based upon the criteria included in the Request for Proposals (RFP). Also, find that the narrower and more specialized competitive sealed proposal process authorized but not required by Charter Section 371, subsection (b), would not meet the Department's needs and therefore opts to utilize the standard request for proposals process;

4. Direct the Board Secretary to transmit the proposed Concession Agreement to the Mayor in accordance with Executive Directive No. 3 and, concurrently, to the City Attorney for review and approval as to form; and,
5. Authorize the Board President and Secretary to execute the Concession Agreement upon receipt of the necessary approvals.

SUMMARY:

The Cheviot Hills Recreation Center is located at 2551 West Motor Avenue, Los Angeles, CA 90064. The Center includes an auditorium, indoor and outdoor basketball courts, a baseball diamond, tennis courts, and football/soccer field.

The tennis professional concession (Concession) offers a variety of tennis programs to the public and operates a tennis professional shop which provides tennis related merchandise and services, and snack foods and beverages.

The Concession has been operated by The Merchant of Tennis under Concession Agreement No. 241 since September 6, 2000. In 2009, the Concession generated \$281,933 in gross receipts and paid \$32,885 in rent to the Department.

On May 21, 2008, the Board approved the release of the Request for Proposals (RFP) in order to enter into a multi-year concession agreement (Board Report No. 08-137). The RFP was held pending a review on the feasibility of requiring the selected operator to provide clay courts at the facility. It was ultimately decided that the introduction of clay courts through a concession agreement was not in the best interest of the Department as the clay required excessive maintenance, including watering, and was not well-suited for the Southern California climate.

The RFP was released on March 15, 2010 and advertised in L.A. Daily Journal, La Opinion, The Korean Journal, and Chinese Daily; made available on the Department's website and posted on the Los Angeles Business Assistance Virtual Network (BAVN). In addition, a letter inviting bids was mailed to over one hundred (100) organizations and individuals from a mailing list maintained by the Concessions Unit.

On April 20, 2010, a Pre-Proposal Conference was held at the Cheviot Hills Recreation Center and attended by ten companies. A walk-through of the premises was conducted on that same day.

REPORT OF GENERAL MANAGER

PG. 3

NO. 11-032

Two addendums to the RFP were released in order to revise an item in the RFP and provide staff additional time to respond to questions asked by potential proposers. On July 20, 2010, five proposals were received from the following:

- Cheviot Hills Sports Center, Inc.
- Atonal Sports & Entertainment, Inc.
- Beverly Hills Country Club
- Z Management
- CH Tennis

As stipulated in the RFP, evaluation of the bid proposals was to occur in two levels. Level I would be a check and review for required compliance and submittal documents and Level II would be a comprehensive evaluation of the proposal. Proposers must successfully pass the first level to proceed to the next level.

Level I Evaluation

Staff performed a Level I review of the following required documents:

Compliance Documents:

- 1) Proposer's Signature Declaration and Affidavit
- 2) Disposition of Proposals
- 3) Affirmative Action Plan
- 4) Contractor Responsibility Ordinance Statement
- 5) Equal Benefits Ordinance Statement
- 6) Living Wage Ordinance/Service Contractor Worker Retention Ordinance
- 7) Good Faith Effort Subcontractor Outreach
- 8) Bidder Certification - CEC Form 50

Submittal Documents:

- 1) Cover Letter
- 2) Proposal Deposit
- 3) Ability to Finance
- 4) Background and Experience
- 5) Proposed Business Plan
- 6) Proposed Rental Payment
- 7) On-Going Refurbishment, Improvements, and Maintenance
- 8) Concession Improvements

REPORT OF GENERAL MANAGER

PG. 4

NO. 11-032

Proposals are either Responsive (pass) or Non-Responsive (fail). The following are the complete Level I findings:

- Cheviot Hills Sports Center, Inc. (CHSC) was found Responsive in seven compliance documents, non-responsive in one compliance document (Good Faith Effort Subcontractor Outreach), and Responsive in all eight submittal documents (Attachment A-1 and A-2).
- Atonal Sports and Entertainment, Inc., (Atonal) was found Responsive in all eight compliance documents and all eight submittal documents (Attachment B-1 and B-2).
- Beverly Hills Country Club (BHCC) was found Responsive in all eight compliance documents and all eight submittal documents (Attachment C-1 and C-2).
- Z Management (ZM) was found Responsive in all eight compliance documents and all eight submittal documents (Attachment D-1 and D-2).
- CH Tennis (CHT) was found Responsive in all eight compliance documents and all eight submittal documents (Attachment E-1 and E-2).

Staff reviewed the compliance documents submitted by CHSC and determined that the proposal did not pass the Good Faith Effort Subcontractor Outreach (GFE) portion of the RFP (Section IV.B.4.g) as required by Mayor's Executive Directive No. 2001-26 and the Board's Policy (Board Report No. 177-89).

Staff informed CHSC of the Level I findings and met with representatives of CHSC on September 13, 2010. The proposal submitted by CHSC did not contain letters to subconsultants or to placement organizations and required language was not included in the advertisement. CHSC stated that they believed the advertisement was the notification to subconsultants and placement organizations and as they, were able to obtain an inquiry from a subconsultant, whom they ultimately hired, that the advertisement should be sufficient and CHSC should pass the GFE.

Mayor's Executive Directive No. 2001-26 allows for a proposer who fails the GFE but would have been recommended for the award of a contract to have their case heard. As CHSC disputed staff's finding in a letter to the Department dated September 14, 2010, staff allowed CHSC to participate in the Level II evaluation process. However, as CHSC was not found by the evaluation panel to be the best proposal submitted in response to the RFP and is not being recommended for the award of the Concession Agreement, it is not necessary to hold a hearing on the Level I findings.

REPORT OF GENERAL MANAGER

PG. 5

NO. 11-032

Level II Evaluation

A Notice Inviting Bids was issued to economic consultants under contract with the Department for purposes of evaluating proposals. Pro Forma Advisors' (PFA) bid was accepted and was issued a Notice to Proceed on September 9, 2010. PFA assembled a three-member panel with backgrounds in tennis and contract management to review the written submissions, interview the proposers, and recommend an operator. The panel members were:

- Teri Angel, Recreation Services Manager, City of Beverly Hills, California
- Steve Balgrosky, Recreation Consultant, AECOM Economic Planning
- Carl Kaemerle, Senior Recreation Supervisor, City of Torrance, California

The panel interviewed the three proposers on October 28, 2010, ranked the proposals according to the evaluation criteria listed in the RFP and recommended a proposer that best met the objectives of the RFP. On December 6, 2010, the consultant provided a report which contained the evaluation panel's final general average score and ranking (Attachment F):

<u>Proposer</u>	<u>Score</u>	<u>Rank</u>
Atonal Sports and Entertainment, Inc.	97.3	1
Beverly Hills Country Club	87.3	2
Z Management	75.0	3
CH Tennis	74.7	4
Cheviot Hills Sports Center, Inc.	58.3	5

Evaluation of Proposals

Staff reviewed the recommendation and concurs that the proposal submitted by Atonal was the best responsive proposal meeting the needs of the Department. Atonal was found to have the best established track record and demonstrated proficiency in all aspects of operating a professional tennis concession. In addition, Atonal showed a clear understanding of the role of municipal tennis with a strategy to provide high levels of public participation.

While Atonal did not propose the highest rent, staff found that the revenue projections and expenditures were sustainable and realistic. Atonal currently has two of the eight tennis concessions (25%) and generates 65% of the total gross revenue of the entire tennis program. Atonal also demonstrated the best understanding of sustaining business operations through continuous and focused tennis programming and marketing. Atonal's optional concession improvements were regarded favorably by the panel. See Attachment G for a comparison of the proposals received.

Concession Agreement

The term of the Concession Agreement will be five (5) years, with two (2) five-year renewal options exercisable at the sole discretion of the General Manager. Atonal has proposed to pay the City 10.5% of the gross receipts in rent from lessons and 12% of sales of goods and services from the Tennis Pro Shop. The minimum annual rent guarantee will be:

REPORT OF GENERAL MANAGER

PG. 6

NO. 11-032

Year 1 - \$69,100
Year 2 - \$73,150
Year 3 - \$77,200
Year 4 - \$82,350
Year 5 - \$87,450
TOTAL - \$389,250

Atonal will pay a monthly utility fee of \$250 to the Department during the term of the agreement to cover the expense of utilities (water, gas and electricity) for this location until a separate meter is installed, at which time the operator will pay directly to the utility company.

Atonal will paint the pro shop and install new carpet within 60 days of the execution of the concession agreement. Atonal will make additional improvements which include repairing and painting the tennis backboard, updating the court lighting, lowering the existing fencing between courts, adding tunnel bulletin boards, installing a new shower in the pro shop, installing a new awning and adding a new entryway sign.

A Faithful Performance Deposit will be required to be maintained for the duration of the agreement in the amount of \$5,000. The City will enter into an Agreement whereby the City has no financial responsibility or liability for the operation and the City will share in profits in the form of a percentage of gross revenues.

Charter Section 1022

Los Angeles City Charter Section 1022 prohibits contracting out work that could be done by City employees unless the Board determines it is more economical and/or feasible to contract out the service.

On March 21, 2008, the Personnel Department completed a Charter Section 1022 review and determined that the Department had City classifications which met the minimum qualifications to provide tennis lessons to the public (Attachment H). However, the quality of the lessons and the ability to independently manage a tennis program on a day-to-day basis requires expertise that a Park Service Attendant and Recreation Assistant are unable to provide. Also, the tennis instructors are required to hold certifications from the United States Professional Tennis Association. Compensation at the rate of the City classifications would make it extremely difficult to find and retain qualified instructors; it is therefore more feasible to contract out the service to ensure a sufficient level of instruction to meet the needs of the public.

Contract Cost Analysis

Based on a contract cost analysis performed for this concession, staff determined that it would cost the Department \$540,961 to perform the service in-house over the five year term of the Agreement (Attachment I). With projected gross concession revenue of \$310,126, the Department would operate at a loss of \$230,835. The concessionaire's rent is proposed to be ten and one-half percent (10.5%) of the gross revenue from tennis lessons and twelve percent (12%)

REPORT OF GENERAL MANAGER

PG. 7

NO. 11-032

of the gross revenue from Pro Shop sales, with a five-year minimum rent of \$389,250; it is therefore more economical to contract out the service.

The concession agreement would enhance the recreational experience at Cheviot Hills Recreation Center by providing professional level tennis instruction to patrons of the park, will provide improvements to the facility, provide continued service to the public, and ensure adequate and appropriate rent is paid to the City. The agreement is revenue generating and the Department will not incur costs for the operation of a tennis professional concession at the location.

FISCAL IMPACT STATEMENT:

During the five-year term of the concession agreement, it is estimated that a minimum of \$389,250 will be paid in rent to the Department. Of that amount, \$350,325 will be deposited in the Department's General Fund and \$38,925 will be deposited into the Concession Improvement Account (Fund 302, Department 89, Account 070K).

Report prepared by Shaun Larsuel, Management Analyst II, Concessions Unit, Administrative Resources Section, Finance Division.

PERSONNEL DEPARTMENT CONTRACT REVIEW REPORT

1. Requesting Department: Recreation and Parks

2. Contacts

Department: <u>Robert Morales</u>	Phone <u>(818) 243-6421</u>	Fax No. <u>(818) 243-6451</u>
CAO: <u>Veronica Salumbides</u>	Phone <u>(213) 473-7561</u>	Fax No. <u>(213) 473-7514</u>

3. Work to be performed:

The Department of Recreation and Parks is seeking a vendor to provide professional tennis instruction and operate the tennis professional concession at Cheviot Hills Recreation Center. The services to be provided consist of: top-quality instruction, including private and group lessons; junior programs; racquet stringing and other tennis-related services; and operation of a pro shop, which includes a snack and drink service. In addition, the Department expects the contractor to optimize visitor participation; assess, provide and install any necessary furnishings or equipment; and display awareness of the demographics and special needs of the community.

4. Is this a contract renewal? Yes No

5. Proposed length of contract: 5 years Proposed Start Date: January 2009.

6. Proposed cost of contract (if known): \$75,000 (gross revenue generating)

7. Name of proposed contractor: Unknown

8. Unique or special qualifications required to perform the work:

Knowledge of the rules and regulations for the game of tennis and experience in providing tennis instruction, racquet stringing, etc. All instructors must be Certified United States Professional Teachers.

9. Are there City employees that can perform the work being proposed for contracting?
 Yes No Some of the work

If yes,

 - a. Which class(es) and Department(s):

<i>Class</i>	<i>Departments</i>	<i>Eligible list expires</i>
Park Service Attendant	El Pueblo, Rec & Parks, Zoo	No list
Recreation Assistant	Rec & Parks	No list

 - b. Is there sufficient Department staff available to perform the work? Yes No

 - c. Is there a current eligible list for the class(es)? Yes No Expiration Date See above

 - d. Estimated time to fill position(s) through CSC process? Unknown

 - e. Can the requesting department continue to employ staff hired for the project after project completion? Yes No

 - f. Are there City employees currently performing the work? Yes No

10. Findings

- City employees DO NOT have the expertise to perform the work
- City employees DO have the expertise to perform some of the work

Check if applicable (explanation attached) and send to CAO for further analysis

- Project of limited duration would have to layoff staff at end of project
- Time constraints require immediate staffing of project
- Work assignment exceeds staffing availability

SUMMARY: A Park Service Attendant and Recreation Assistant can perform some of the work described above. For instance, the sale of tennis merchandise can be done by a Park Service Attendant. A Recreation Assistant can assist in the delivery of services and employ specialized skills, such as racquet stringing. However, the City does not require Recreation Instructors to be Certified United States Professional Teachers.

RECOMMENDATIONS:

That the Board:

1. Approve the Griffith Riverside and Vermont Canyon Tennis Professional Concession Request for Proposals (RFP) for a five-year Concession Agreement, with two (2) five-year renewal options exercisable at the sole discretion of the General Manager, substantially in the form on file in the Board Office, subject to review and approval of the City Attorney as to form;
2. Direct the Board Secretary to transmit the RFP to the City Attorney for review and approval as to form; and,
3. Direct staff, subsequent to City Attorney review and approval as to form, to advertise the RFP and conduct the RFP process for the Concession.

SUMMARY:

The Griffith Riverside Tennis Complex is located at 3401 Riverside Drive, Los Angeles, CA 90027, at the Griffith Park Recreation Center and consists of twelve lighted tennis courts. Four tennis courts (courts 2, 4, 9 and 10) and the tennis pro office (located adjacent to courts 9 and 10) will be available for use by the operator. There is also a pay tennis facility operated and maintained by the Department.

The Vermont Canyon Tennis Complex is located 2715 North Vermont Avenue, Los Angeles, CA 90027, in the foothills of Griffith Park and consists of twelve unlighted tennis courts. Two tennis courts (courts 3 and 4) and the tennis professional office will be available for operation of

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-033

the concession. There is also a pay tennis facility operated and maintained by the Department.

The Griffith Riverside and Vermont Canyon Tennis Professional Concession has been operated by LA Tennis, Incorporated, through Concession Agreement No. 259 since February 6, 2009. The Agreement will expire on February 5, 2012. The concession offers a number of tennis programs, including private lessons, adult clinics, and junior programs. In 2009, the concession generated \$261,822.02 in gross receipts and paid \$33,862 in rent to the Department.

Staff has developed and is now ready to release, at the direction of the Board, an RFP for this concession. With this RFP, the Department will seek a qualified, experienced, and financially sound operator who will meet or exceed the Department's expectations in all operational and financial areas, and optimize service to the public and profitability to the business.

Proposal and Contractual Provisions

1. Proposal Deposit: A \$2,000 proposal deposit will be required with the submission of each proposal.
2. Term: Five years, with two (2) five-year renewal options at the sole discretion of the General Manager.
3. Revenue Sharing Terms: Percentage of gross revenue generated from Lesson Services and Pro Shop business. (A minimum of 10% of gross receipts for lesson services and 12% of gross receipts for pro shop business.)
4. Concession Improvements: Required improvements will include painting the interior and exterior of the tennis professional shops at both sites, providing new flooring and repairing/replacing damaged premises doors. Optional improvements proposed in addition to those required will be evaluated and scored by the panel.
5. Utilities: The operator will be required to submit to the Department a monthly utility fee of One Hundred Dollars (\$100.00) during the term of the agreement to cover utilities (electricity, gas, and water) for this location until separate meters are installed, at which time the operator will pay directly to the utility company.
6. Contractual and Financial Terms: The City will enter into an agreement whereby the City has no financial responsibility or liability for the operation and the City will share in profits in the form of a percentage of gross revenue.
7. Faithful Performance Deposit: A Faithful Performance Deposit will be required to be maintained for the duration of the agreement in the amount of Four Thousand Dollars

REPORT OF GENERAL MANAGER

PG. 3

NO. 11-033

(\$4,000). The Deposit will be in the form of a cashier's check made out to the City of Los Angeles.

Evaluation Process

Proposals will be evaluated in two Levels. Level I will be a check and review by staff for required compliance and submittal documents; Level II will be a comprehensive evaluation of the proposals by a panel that may include non-City employees. Proposers must successfully pass Level I to proceed to Level II.

RFP Evaluation Criteria Areas

For the purposes of evaluation, the responsive proposals to Level I will be evaluated on the criteria below (Level II):

- 1) Ability to Finance (15 points)
- 2) Background and Experience (25 points)
- 3) Proposed Business Plan (15 points)
- 4) Proposed Revenue Sharing Payment (25 points)
- 5) On-Going Refurbishment, Improvements, and Maintenance (10 points)
- 6) Concession Improvements (10 points)

The RFP documents will be advertised in several periodicals; available on the Department's website; and posted on the Los Angeles Business Assistance Virtual Network (BAVN); and a letter inviting bids will be mailed to over one hundred organizations and individuals from a mailing list maintained by the Concessions Unit. The anticipated time of completion for the RFP process is approximately eight to twelve months.

A conference will be held approximately one month after the release of the RFP in order to provide potential proposers with a review of the submittal documents, compliance documents, and requirements for the Good Faith Effort Subcontractor Outreach as required by Executive Directive No. 2001-26, Riordan Series and the Board's policy (Board Report No. 177-89).

FISCAL IMPACT STATEMENT:

Releasing the Request for Proposals has no impact on the Department's General Fund.

Report prepared by Mark Stipanovich, Management Analyst II, Concessions Unit, Administrative Resources Section, Finance Division.

RECOMMENDATIONS:

That the Board:

1. Approve the Poinsettia Tennis Professional Concession Request for Proposals (RFP) for a five-year Concession Agreement, with two (2) five-year renewal options exercisable at the sole discretion of the General Manager, substantially in the form on file in the Board Office, subject to review and approval of the City Attorney as to form;
2. Direct the Board Secretary to transmit the RFP to the City Attorney for review and approval as to form; and,
3. Direct staff, subsequent to City Attorney review and approval as to form, to advertise the RFP and conduct the RFP process for the Concession.

SUMMARY:

The Poinsettia Tennis Professional Concession is located at the Poinsettia Recreation Center, 7341 Willoughby Avenue, Los Angeles, CA 90046. The Recreation Center has eight resurfaced and lighted tennis courts, indoor and outdoor basketball courts, a children's play area, a multi-purpose grass field and a lighted baseball diamond. Two tennis courts (courts 1 and 2) and a tennis professional office will be administered for the Department by the selected operator.

The Poinsettia Tennis Professional Concession has been operated by Steve and Maurica Katz since 2001, most recently through Concession Agreement No. 3260, executed September 17, 2008. The Agreement will expire on September 16, 2011. The concession offers a number of

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-034

tennis programs, including private lessons, adult clinics, and junior programs. In 2009, the concession generated \$179,640 in gross revenue and paid \$31,620 in rent to the Department (includes income from a Pay Tennis Reservations component which will not be included in the new Concession Agreement).

The tennis professional conducts lessons on two of the tennis courts with the remaining six set aside for pay tennis operations. There is a tennis professional office on the premises.

Staff has developed and is now ready to release, at the direction of the Board, an RFP for this concession. With this RFP, the Department will seek a qualified, experienced, and financially sound operator who will meet or exceed the Department's expectations in all operational and financial areas, and optimize service to the public and profitability to the business.

RECOMMENDATIONS:

That the Board:

1. Approve the Westchester Tennis Professional Concession Request for Proposals (RFP) for a five-year Concession Agreement, with two (2) five-year renewal options exercisable at the sole discretion of the General Manager, substantially in the form on file in the Board Office, subject to review and approval of the City Attorney as to form;
2. Direct the Board Secretary to transmit the RFP to the City Attorney for review and approval as to form; and,
3. Direct staff, subsequent to City Attorney review and approval as to form, to advertise the RFP and conduct the RFP process for the Concession.

SUMMARY:

The Westchester Tennis Professional Concession is located at the Westchester Recreation Center, 7000 West Manchester Avenue, Los Angeles, CA 90045. The Recreation Center offers a variety of sports activities, including, baseball, basketball, swimming, soccer, volleyball, and recreation programs, such as, an after school camp, arts and crafts, and other programs. There are eight lighted tennis courts and a tennis professional shop that stocks tennis-related merchandise and snacks and drinks. Two tennis courts and the tennis professional shop will be administered for the Department by the selected operator.

The Westchester Tennis Professional Concession has been operated by Hai Nguyen dba The Tennis Key since 2002, most recently through Concession Agreement No. 3259, executed on

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-035

September 17, 2008. The Agreement will expire on September 16, 2011. The concession offers a number of tennis programs, including private lessons, adult clinics, junior programs, and sells snacks, drinks, and related tennis merchandise and services. In 2009, the concession generated \$205,635 in gross receipts and paid \$19,008 in rent to the Department, which included revenue generated from the pay tennis reservations operation.

The tennis professional conducts lessons on two of the courts, courts 5 and 6, with the remaining six set aside for pay tennis reservations operations and/or free play by the public during specified hours. The current concessionaire presently operates the pay tennis reservation system, but this component will be taken over by the Department with the new contract.

Staff has developed and is now ready to release, at the direction of the Board, an RFP for this concession. With this RFP, the Department will seek a qualified, experienced, and financially sound operator who will meet or exceed the Department's expectations in all operational and financial areas, and optimize service to the public and profitability to the business.

Proposal and Contractual Provisions

1. Proposal Deposit: A \$2,000 proposal deposit will be required with the submission of each proposal.
2. Term: Five years, with two (2) five-year renewal options at the sole discretion of the General Manager.
3. Revenue Sharing Terms: Percentage of gross revenue generated from Lesson Services and Pro Shop business. (A minimum of 10% of gross receipts for lesson services and 12% of gross receipts for pro shop business.)
4. Concession Improvements: Required improvements will include painting the interior and exterior of the facility and providing new flooring. Optional improvements proposed in addition to those required will be evaluated and scored by the panel.
5. Utilities: The operator will be required to submit to the Department a monthly utility fee of One Hundred Dollars (\$100.00) during the term of the agreement to cover utilities (electricity, gas, and water) for this location until separate meters are installed, at which time the operator will pay directly to the utility company.
6. Contractual and Financial Terms: The City will enter into an agreement whereby the City has no financial responsibility or liability for the operation and the City will share in profits in the form of a percentage of gross revenue.

REPORT OF GENERAL MANAGER

PG. 3

NO. 11-035

7. Faithful Performance Deposit: A Faithful Performance Deposit will be required to be maintained for the duration of the agreement in the amount of Four Thousand Dollars (\$4,000). The Deposit will be in the form of a cashier's check made out to the City of Los Angeles.

Evaluation Process

Proposals will be evaluated in two Levels. Level I will be a check and review by staff for required compliance and submittal documents; Level II will be a comprehensive evaluation of the proposals by a panel that may include non-City employees. Proposers must successfully pass Level I to proceed to Level II.

RFP Evaluation Criteria Areas

For the purposes of evaluation, the responsive proposals to Level I will be evaluated on the criteria below (Level II):

- 1) Ability to Finance (15 points)
- 2) Background and Experience (25 points)
- 3) Proposed Business Plan (15 points)
- 4) Proposed Revenue Sharing Payment (25 points)
- 5) On-Going Refurbishment, Improvements, and Maintenance (10 points)
- 6) Concession Improvements (10 points)

The RFP documents will be advertised in several periodicals; available on the Department's website; and posted on the Los Angeles Business Assistance Virtual Network (BAVN); and a letter inviting bids will be mailed to over one hundred organizations and individuals from a mailing list maintained by the Concessions Unit. The anticipated time of completion for the RFP process is approximately eight to twelve months.

A conference will be held approximately one month after the release of the RFP in order to provide potential proposers with a review of the submittal documents, compliance documents, and requirements for the Good Faith Effort Subcontractor Outreach as required by Executive Directive No. 2001-26, Riordan Series and the Board's policy (Board Report No. 177-89).

FISCAL IMPACT STATEMENT:

Releasing the Request for Proposals has no impact on the Department's General Fund.

RECOMMENDATION:

That the Board accept the donation as noted in the Summary of this Report and that appropriate recognition be given to the donor.

SUMMARY:

EXPO Center received \$12,500 from the Friends of Expo Center for scholarship assistance for the 2010 summer youth camp programs. This is the final 25% installment of the \$50,000 that has been allotted for summer 2010 by the Friends of Expo Center (the Friends).

The Friends was established as a 501 (c)(3) organization in 1998 to develop the site of the 1932 Los Angeles Swim Stadium and construct a state-of-the-art recreational and community center. Today, a 30-member volunteer Board comprised of community and business leaders continues to provide strategic support and financial assistance to Expo Center. A major goal of the Friends is to serve low income families in the Exposition Park community by providing scholarship assistance to subsidize all fee-based camp programs. Campers must be residents of the City of Los Angeles, to receive scholarship assistance.

The \$50,000 total donation was used to offer 826 full and partial camp scholarships to families that completed an application and qualified to receive assistance based on their financial situation. Combined with the contribution from EXPO Center, a total of 1,311 scholarships were awarded. Scholarships are given out on a first come, first served basis to families that meet the qualifications.

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-036

FISCAL IMPACT STATEMENT:

Acceptance of this donation results in no fiscal impact to the Department's General Fund, except for unknown savings, as donations may offset some expenditures. Without this donation camp attendance would be much lower than the level we have been able to achieve.

The funds were deposited into the EXPO (EPICC) Donation Account for program related expenses.

This report was prepared by Belinda Jackson, Executive Director, EXPO Center.

RECOMMENDATIONS:

That the Board:

1. Accept the following Stop Notice and direct staff to withhold the amount claimed, plus an additional sum equal to 25% thereof, to defray any costs of litigation in the event of court action, if said amounts of funds are available, and to notify the contractors, sureties, and other interested parties that the amount of said claims plus 25% will be withheld; and,
2. Accept the following Release of Stop Notice.

SUMMARY:

STOP NOTICE:

The Department is in receipt of a legal notice to withhold construction funds, pursuant to California Civil Code Sections 3103 and 3181, on the following contract:

Contract 3267 CD 9
Fred Roberts Recreation Center
(W.O. #E170943F)
Project Status: 97% Complete
Project Impact: none

General AWI Builders
Contractor:
Claimant: Hydro-Scape Products, Inc.
Amount: \$13,217.52

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-038

RELEASE OF STOP NOTICE:

The Department is in receipt of a Release of Stop Notice filed by the claimant below, which releases the Board from any and all liability for withholding funds from the general contractors or the sureties:

Contract 3267 CD 9

Fred Roberts Recreation Center
(W.O. #E170943F)

Project Status: 97% Complete

Project Impact: none

General AWI Builders

Contractor:

Claimant: Main Electric Supply
Company

Amount: \$24,838.16

FISCAL IMPACT STATEMENT:

There is no fiscal impact to the Department's General Fund, as funds have already been appropriated for this purpose.

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATION:

That the Board direct staff to report back to City Council on the award status of the Proposition 84 Statewide Park Grant Program competitive grant applications submitted for Round 1 as well as the estimated operations and maintenance costs for those projects that will be transferred to the Department upon project completion.

SUMMARY:

In September 2009, the State released a Request for Proposals (RFP) for the first round of competitive grants for the State Proposition 84 Statewide Park Grant Program. The \$5.4 billion Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal protection Bond Act of 2006 (Proposition 84) was passed by the voters on November 7, 2006. These funds are used for a number of programs, one of which is the Statewide Park Grant Program. A total of \$368 million has been dedicated to this program and will be awarded on a competitive basis in two rounds.

The Department of Recreation and Parks (Department) staff, the Community Redevelopment Agency (CRA), the Trust for Public Land (TPL), a non-profit organization, the Los Angeles Neighborhood Initiative (LANI), a non-profit organization, and the Mountains Recreation and

REPORT OF GENERAL MANAGER

Conservancy Authority (MRCA) have joined together in a partnership and worked with the Council Offices to establish a proposed project list for Proposition 84 (Attachment No. 1). A breakdown of the capital improvement projects for each of the agencies is as follows:

RAP	9
CRA	16
TPL	4
LANI	3
MRCA	1
Total	33

On February 12, 2010, City Council approved the submittal of grant applications for the 33 projects (Council File No. 09-2839) as well as certified to California State Parks that subject to grant award and upon satisfactory completion, all of the TPL, LANI, MRCA and select CRA projects would be transferred to the Department to assume operation and maintenance responsibilities. The City Council further directed the Department and the CRA to report back regarding award notifications.

Of the 33 City projects, a total 13 projects were awarded grant funding in the amount of \$39,900,056, as outlined in Attachment No. 1. In accordance with the Proposition 84 Statewide Park Grant Guidelines, all of these projects must be completed prior to the grant liquidation date of June 30, 2017.

The Department will be assuming operation and maintenance responsibility for 12 of the 13 projects, at an estimated annual cost of \$659,999 (refer to Attachment No. 1).

FISCAL IMPACT STATEMENT:

The anticipated fiscal impact to the Department's General Fund for the operation and maintenance of the 13 projects is estimated to be \$659,999 annually which will be requested as part of the City's budget process.

This report was prepared by Susan Huntley, Chief Management Analyst, Grants Administration.

Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Concur with the Initial Study/Mitigated Negative Declaration (IS/MND) and associated Mitigation, Monitoring and Reporting Plan, on file in the Board Office, adopted by the City of Glendale for the Glendale Narrows Riverwalk Project (Project) finding that on the basis of the whole record, including the IS/MND and all comments received, there is no substantial evidence that the project will have a significant environmental effect and the project has been properly disclosed, evaluated and mitigated in compliance with the California Environmental Quality Act (CEQA) and the State and City CEQA Guidelines;
2. Approve the portion of the Project that will be built on a portion of Griffith Park – Bette Davis Picnic Area (Park) as described in the Summary of this Report;
3. Direct Department staff to issue a Revocable Right of Entry Permit to the City of Glendale and/or its contractor to allow for the construction of the Project; and,
4. Authorize Department staff to negotiate a long-term lease agreement with the City of Glendale for the use and maintenance of the portion of the Park affected by the Project and direct staff to present to the Board the lease agreement for approval.

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-040

SUMMARY:

The City of Glendale's Parks, Recreation and Community Services Department (Glendale) has proposed to develop a recreational trail with an entry park located on a portion of the Department's Griffith Park – Bette Davis Picnic Area located at the corner of Garden Street and Paula Avenue. The overall project further continues along the north bank of the Los Angeles River in a County Flood Control District maintenance easement and, in the City of Glendale's Victory Truck Boulevard easement (Attachment A). The improvements include a paved pedestrian walkway, vehicular parking area, equestrian exercise area, drinking trough, and associated landscaping.

The development, which is called the Glendale Narrows Riverwalk Project (Project), is estimated to cost \$1,619,000. Funding for the Project is available from the following sources: \$1,100,000 from Proposition 50 grant, which was obtained by Northeast Trees (NET); \$110,500 in matching funds from Glendale; \$173,000 grant from the Los Angeles County Regional Park and Open Space District to Glendale; and \$235,500 in-kind match or other funds administered by NET. NET and Glendale executed a Memorandum of Understanding in 2009 which details the obligations of each party for the design, construction, operation, and maintenance of the Project.

Glendale Narrows Riverwalk Project

The Glendale Narrows Riverwalk project will include half a mile of recreational trail for pedestrians and bicyclists. The trail will be located along the north bank of the Los Angeles River opposite from Griffith Park and, as a multipurpose trail, will serve both pedestrians and bicyclists.

At the west end, a half-acre pocket park, a portion of which is within the Department's Park, will include parking for six cars. A ramp will provide access from the parking area to the trail, which is approximately eight feet higher than the Paula and Garden Street elevation. There will be a staging area in the park for hikers and bicyclists and for school classes and other groups making use of the project's interpretive displays and educational opportunities (Attachment B).

The ramp will also provide access to a new equestrian staging area, which will be located at the same elevation as the trail. The staging facility will serve riders from the adjacent residential area and who travel along the north side of the Bette Davis Picnic Area towards the rest of Griffith Park and the Los Angeles Equestrian Center.

There will be a park area along the trail east of Interstate 5 (I-5) freeway that will provide passive recreation space for picnicking and walking for local residents and for workers at the adjacent Dreamworks and Disney campuses. This area will provide views across the river channel into Griffith Park. A second entry for hikers and bicyclists will be located at the east end of the project, where the trail joins Flower Street in the City of Glendale.

REPORT OF GENERAL MANAGER

PG. 3 NO. 11-040

The project area will be landscaped with native California plants. There will be interpretive displays about the biota, history, hydrology, and urban infrastructure of the area. The project will include amenities such as drinking fountains, fencing, signage, and habitat improvement of the vegetated area in the adjacent river channel.

Revocable Right of Entry Permit and Long-Term Lease

According to the various grants requirements, Glendale and NET must complete construction of the Project by May 2011. Due to this upcoming deadline, it is recommended that Department staff be authorized to issue Glendale and/or its contractors a revocable Right of Entry permit so that they may be able to begin construction work on the Project. Further, it is recommended that staff be directed to begin negotiations with Glendale on a long-term lease for the use of a portion of the Department's Griffith Park – Bette Davis Picnic Area. The lease shall have a minimum term of twenty-five years (25) as this is the service requirement of the various grant funds received by Glendale and NET and that all maintenance, repair and operational costs shall be the responsibility of Glendale.

Department staff has reviewed the plans prepared by NET for Glendale and have no objections.

Environmental Impact

In accordance with the requirements of the CEQA, the City of Glendale adopted an MND prepared on the basis of an Initial Study, which determined that all potentially significant environmental effects would be mitigated to a level less than significant. The MND was circulated to all interested parties and responsible agencies and filed with the State clearing house for a thirty-day review and comment period from March 23, 2006 to April 22, 2006. Only one (1) comment letter was received during the agency and public comment period. The issues raised concerned primarily clarifying the appropriate agency which had jurisdiction over the north bank of the Los Angeles river and that any proposed enhancements be consistent with Los Angeles River Master Plan. The comments have been incorporated into the final MND, copies of which are on file in the Board Office. A Mitigation Monitoring and Reporting Program has been prepared that specifies all the mitigation measures identified in the MND, which will either reduce or eliminate the potentially significant environmental impact of the project, in accordance with Section 15097 of the State CEQA Guidelines.

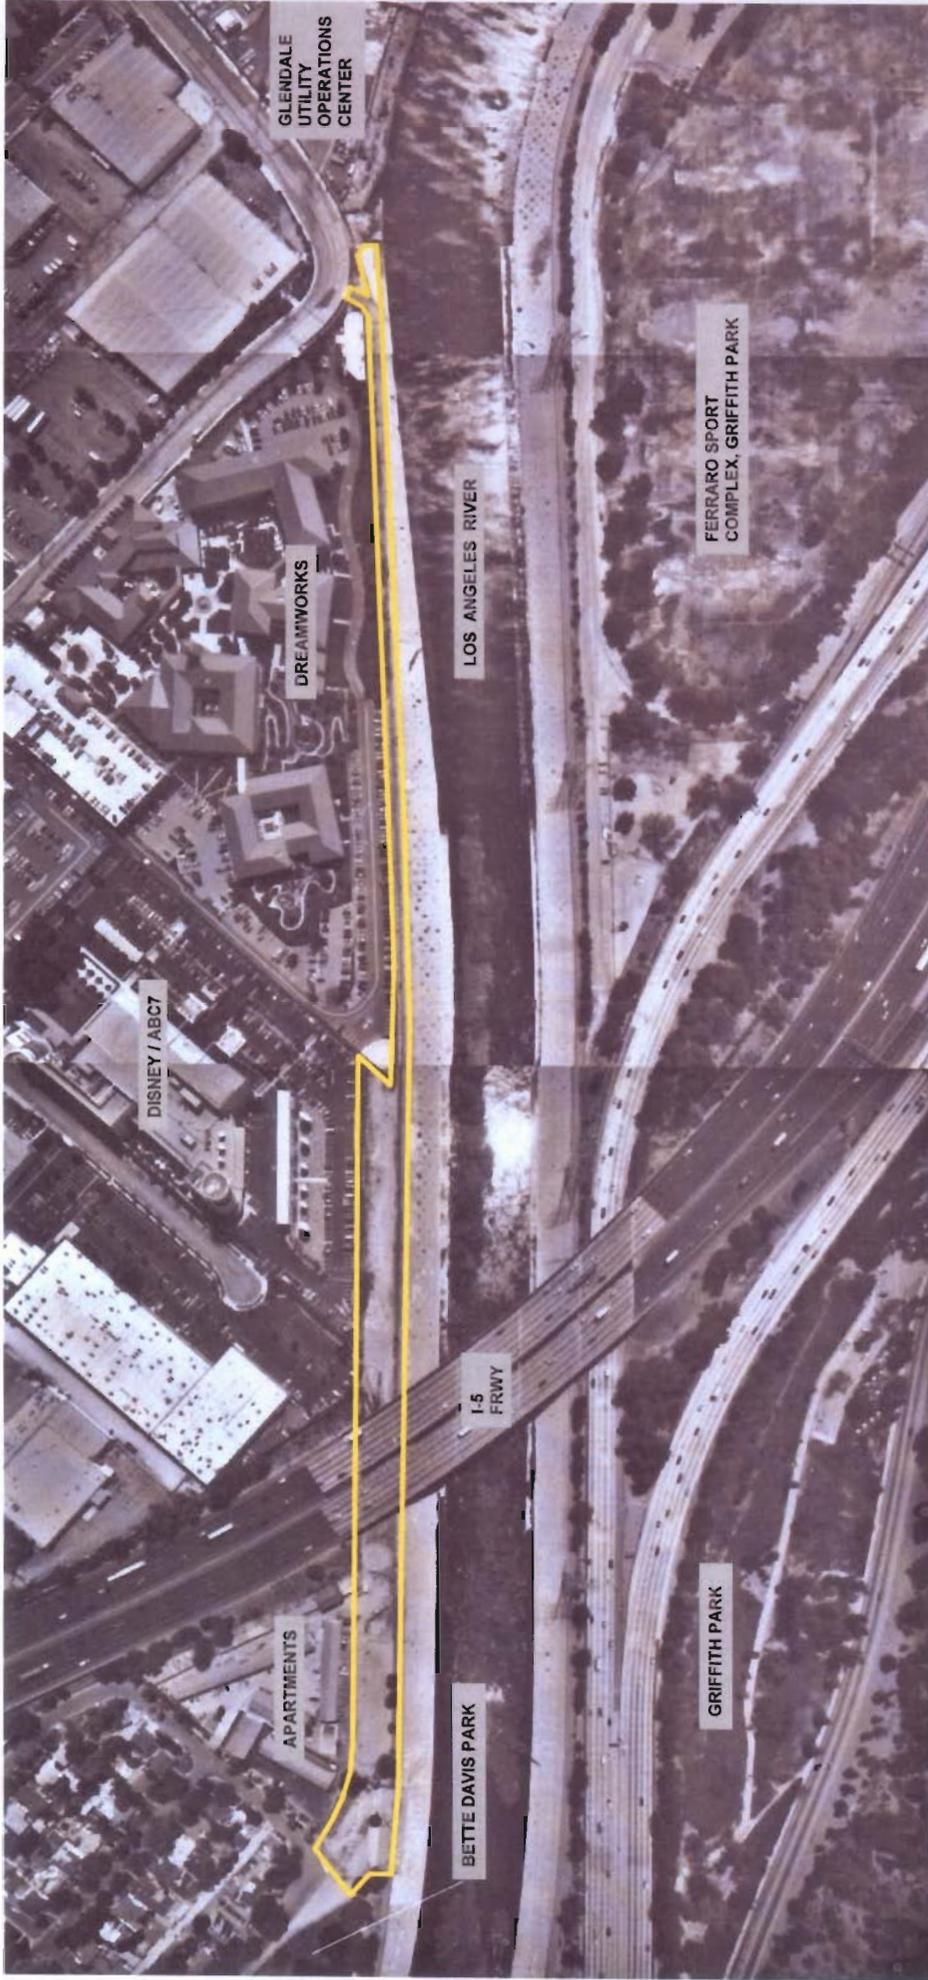

FISCAL IMPACT STATEMENT:

Approval of the proposed Project will not have a significant impact on the General Fund. All costs for the design, construction and monitoring of the Project are the responsibility of Glendale and NET. Further, upon completion of the Project, maintenance for that portion of picnic area will be the responsibility of Glendale.

Disapproved _____

Withdrawn _____

RECOMMENDATION:

That the Board grant final approval for a tree and a plaque to be installed in Elysian Park in honor of Los Desterrados and Louis A. Santillan.

SUMMARY:

Elysian Park is a regional park located at 929 Academy Road. This facility is a 544.6 acre park, which includes walking paths, hiking trails, picnic areas, benches, landscaping and irrigation as well as special amenities such as the Grace E. Simmons Lodge.

On December 15, 2010, the Department of Recreation and Parks was contacted by Council District with a request to install a tree and a plaque in Elysian Park in honor of Los Desterrados. Los Desterrados literally translates to The Uprooted and refers to the residents of Chavez Ravine who were evicted in order to build a public housing project on a consolidated site including parts of both Chavez Ravine and Elysian Park. That project proved to be unpopular and was never built. Several years later the area was developed as Dodger Stadium. Los Desterrados is a group comprised of those residents and their descendents. Los Desterrados were originally organized by Mr. Louis Santillan and still meet regularly in Elysian Park to commemorate the community. The plaque would be dedicated to Mr. Louis A. Santillan.

Council Office 9 and Department staff met with a representative of the Citizen Committee to Save Elysian Park on December 23, 2010 to determine an appropriate location for the installation of the tree and plaque. After viewing several locations it was determined that the Elysian Fields portion of the park would be most suitable. The tree will be a Palo Verde (desert museum

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-041

variety) which is also the name of one of the three main neighborhoods that comprised the Chavez Ravine community. Council Office 9 staff also attended the regularly scheduled meeting of the Concerned Citizens to Save Elysian Park on January 5, 2011 in order to present the proposal to the entire committee. No objections were found with the proposal.

The proposed plaque will follow the Department's plaque policy in that it will be made of bronze with a maximum size of 12"x18". The plaque will be manufactured with an anti-graffiti coating in order to minimize any potential damage. The plaque will be attached to a boulder to complement the natural aesthetics of Elysian Park and be placed adjacent to the Palo Verde tree. The proposed plaque language is as follows:

LOUIS A. SANTILLAN
"LOU"
FOUNDER & PRESIDENT
OF LOS DESTERRADOS
(THE UPROOTED) FORMER RESIDENTS OF CHAVEZ RAVINE

JULY 19, 1979

(PVLBCHA)

PALO VERDE, LOMA, BISHOP CULTURAL HISTORICAL ASSOCIATION

Staff has determined that the subject project is exempt from the provisions of the California Environmental Quality Act (CEQA), pursuant to Article VLL, Section 1, Class 11 (1) of the City CEQA guidelines, which provides for the placement of signs on park property as accessory structures to recreational facilities.

Council District 1 and Metro Region management and staff have reviewed this proposal and found no objection.

FISCAL IMPACT STATEMENT:

Fiscal impacts will be negligible as Council Office 9, as the applicant, will be responsible for the installation of both the tree and the plaque. Department staff may assist in the installation of the plaque. Maintenance of the plaque should be minimal as it will be manufactured with an anti-graffiti coating. The tree will be installed by TreePeople who have an MOU with the Department.

This Report was prepared by Melinda Gejer, City Planning Associate, Planning and Construction.

General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Approve the issuance of a letter to the Los Angeles Community Garden Council (LACGC), substantially in the form on file in the Board Office that indicates the Board’s willingness to accept the transfer of property and enter into an agreement as described in the Summary of this Report;
2. Authorize the Board President to sign the letter to the LACGC; and,
3. Direct staff to present the transfer and agreement to the Board for final authorization should LACGC be awarded a grant from the Vermont/Western Station Neighborhood Area Plan Parks First Trust Fund.

SUMMARY:

On December 17, 2010, the Proposition K – LA for Kids Program released a Request for Proposals (RFP) that seeks to identify eligible proposers and projects for grants to be awarded under the Vermont/Western Station Neighborhood Plan Area Parks First Trust Fund (“Parks First Trust Fund”). The RFP process invites eligible non-profit organizations, government entities, and City

REPORT OF GENERAL MANAGER

PG. 2 NO. 11-042

departments to submit proposals for viable capital improvement and/or acquisition projects that will meet the eligibility and other requirements of the Parks First Trust Fund. Proposals must be submitted by February 10, 2011.

LACGC proposes to acquire property located at 1171 and 1175 Madison Avenue, Los Angeles, CA 90029 (Assessor's Parcel Nos. 5542-028-018, -019, and -020) for development into a community garden. LACGC intends to develop, operate and maintain the park.

Under the RFP, proposals for land acquisitions must submit a letter from the Board of Recreation and Park Commissioners regarding the willingness of the department to own the property and lease it back to the proposer for development, operation, and maintenance. This is due to the requirement that all property acquired using Parks First Trust Fund money must be owned by the City. Consequently, the Los Angeles Community Garden Council (LACGC) approached the Department to ensure whether the Department would accept a transfer of land and be willing to lease same back to LACGC.

Department staff worked with LACGC representatives and has considered their proposal. It is staff's opinion that with the information available at this time, it would be willing to recommend acceptance of the transfer of the property and lease it back to LACGC.

LACGC is a non-profit corporation that has extensive experience in the operation and maintenance of community gardens. The organization has operated the following community gardens: (1) the seven acre Stanford Avalon Garden in Watts under a lease from the Los Angeles Department of Water Power for the last seven years; (2) the 0.15 acre Jardin del Rio under a lease from the Department of General Services since 2003, and (3) the one acre Vermont Square Community Garden, which it acquired in 2001.

As described above, the letter to be provided will allow LACGC to complete its proposal for submission. Should LACGC be successful in being awarded a grant and obtain the subject property, Department staff would, after completion of its due diligence requirements, bring the matter of the transfer and acceptance of the property and the execution of a lease with LACGC back to the Board for final approval.

Staff has determined that the letter indicating the willingness of the Department to own and lease the proposed property to be acquired, if LACGC is successfully awarded a Prop K grant under the Parks First Fund, does not constitute a project under the California Environmental Quality Act (CEQA) pursuant to Section 15378 of the State CEQA Guidelines. This action is an organizational and administrative activity of the Department that will not result in direct or indirect physical changes in the environment, and therefore, not subject to the provisions of CEQA. An appropriate environmental evaluation under CEQA will be required when the Board considers acceptance of the property and the execution of a lease with LACGC.

REPORT OF GENERAL MANAGER

PG. 3 NO. 11-042

FISCAL IMPACT:

Approval of the issuance of a letter to LACGC will not have impact on the Department's General Fund.

This report prepared by Cid Macaraeg, Sr. Management Analyst II, Real Estate Section, Planning and Development Branch

RECOMMENDATIONS:

That the Board:

1. Take the following action regarding Carlton Way Pocket Park - Park Development:
 - A. Approve the conceptual plan for the Carlton Way Pocket Park - Park Development project at Carlton Way Park, as described in the Summary of this Report.

2. Take the following action regarding Patton Street Pocket Park - Park Development:
 - A. Approve the conceptual plan for the Patton Street Pocket Park - Park Development project at Old Echo Park Boys and Girls Club Park, as described in the Summary of this report.

3. Take the following actions regarding Monitor Avenue Park - Park Acquisition and Development:
 - A. Preliminarily approve the acquisition of 1.13 acres of privately owned vacant property, located at 11300 Monitor Avenue in the Watts community (Assessor's Parcel Number (APN) 6069-003-807), for the purpose of creating a neighborhood park;

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-043

- B. Authorize staff to work with the General Services Department to acquire the 1.13 acres of privately owned land located at 11300 Monitor Avenue;
- C. Direct staff to return to the Board for final authorization to acquire said property upon the conclusion of negotiations with the property owner and completion of due diligence requirements; and,
- D. Approve the conceptual plan for the Monitor Avenue Park - Park Acquisition and Development project, as described in the Summary of this Report.

SUMMARY:

In September 2009, the State released a Request for Proposals for the first round of the Statewide Park Development and Community Revitalization Program of 2008 (Proposition 84 Statewide Park Program). The Proposition 84 Statewide Park Program will award a total of \$368 million in competitive grant funding in two rounds. The Proposition 84 Statewide Park Program awards grants for the creation of new parks, expansion and or improvements to existing parks, and the creation and renovation of recreation features. The emphasis of the Proposition 84 Statewide Park Program is on the development of new parks located in areas that either lack park space and/or have significant poverty.

The Department of Recreation and Parks (RAP) and the Trust for Public Land (TPL), a non-profit organization, partnered together to identify, develop and prepare grant applications for projects eligible for funding under the Proposition 84 Statewide Park Program. In Board Report No. 09-317, approved on December 9, 2009, the Board authorized the General Manager to submit 14 Proposition 84 Statewide Park Program grant applications. Of those 14 grant applications, three were prepared and submitted by TPL.

In Board Report No. 10-121, approved on May 17, 2010, the Board approved a Donation Agreement (Agreement) between RAP and TPL for the acquisition, development, and construction of new parks that would be funded, in whole or in part, through grant funding from the Proposition 84 Statewide Park Program. As detailed in the Agreement, TPL is to coordinate the design and construction of the park projects with RAP and, when construction is completed, submit each completed project to the Board of Recreation and Park Commissioners for final approval and acceptance.

On November 8, 2010, the State announced the award of 62 grants, totaling \$182 million, from the first funding round of the Proposition 84 Statewide Park Program. The three grant applications prepared and submitted by TPL were all awarded grant funding. These three grant awards, which total approximately \$9 million, were for the Carlton Way Pocket Park, Patton Street Pocket Park, and Monitor Avenue Park projects.

REPORT OF GENERAL MANAGER

PG. 3

NO. 11-043

Under the terms of the Agreement, TPL is required to develop a conceptual plan for each park project successfully awarded grant funding and present those plans to RAP for review and approval. Once RAP approves a project's conceptual plan TPL will prepare a detailed set of final plans and specifications for that project, which will be submitted to the Board in a subsequent report. The conceptual plans for the Carlton Way Pocket Park, Patton Street Pocket Park, and Monitor Avenue Park projects are described below and attached hereto as Exhibit A. Each of these conceptual plans was developed using the results of outreach and public workshops performed by TPL in partnership with RAP and local community organizations.

Carlton Way Pocket Park - Park Development

This project proposes to develop outdoor park and recreational improvements at Carlton Way Park. Carlton Way Park is a 0.19 acre park located at 5927 Carlton Way in the Hollywood area of the City. This park was recently acquired by RAP and is currently vacant and undeveloped.

The conceptual plan for the Carlton Way Pocket Park project includes the construction of a children's play area, fitness equipment, safety lighting, a landscaped plaza, and site amenities such as trees, benches, decorative fencing, and a drinking fountain.

The State awarded TPL a total of \$1,268,007 in grant funding for this project. It is anticipated that this funding is sufficient to meet the project scope.

Staff has determined that the subject project will consist of the acquisition of land to preserve open space, and development of a new park with accessory structures including fences, play areas and play equipment, and drinking fountains. The project will also involve minor grading and new landscaping. Therefore, the project is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 3(6), Class 4(1,3), and Class 25(5) of the City CEQA Guidelines.

Patton Street Pocket Park - Park Development

This project proposes to develop outdoor park and recreational improvements at Old Echo Park Boys and Girls Club Park. Old Echo Park Boys and Girls Club Park is a 0.70 acre park located at 303 Patton Street in the Echo Park community of the City. This park features a recreation center building and an undeveloped open space area that RAP recently acquired to provide this park with space for additional recreational activities.

The conceptual plan for the Patton Street Pocket Park project includes the construction of a community garden, children's play area, fitness equipment, safety lighting, a landscaped open space area, and site amenities such as trees, benches, decorative fencing, picnic tables, and a drinking fountain.

REPORT OF GENERAL MANAGER

PG. 4

NO. 11-043

The State awarded TPL a total of \$2,719,650 in grant funding for this project. It is anticipated that this funding is sufficient to meet the project scope.

Staff has determined that the subject project will consist of the acquisition of land to preserve open space, and development of a new park with accessory structures including fences, play areas and play equipment, drinking fountains, and other minor structures. The project will also involve minor grading, new landscaping and subsurface pipelines for irrigation. Therefore, the project is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 3(6,9), Class 4(1,3), and Class 25(5) of the City CEQA Guidelines.

Monitor Avenue Park- Park Acquisition and Development

This project proposes to acquire property located at 11300 Monitor Avenue in the Watts community of the City and develop the property with outdoor park and recreational improvements. The subject property, with an Assessor's Parcel No. of 6069-003-807, measures approximately 1.13 acres. It is currently vacant and surrounded by residential housing and railroad right-of-way.

The conceptual plan for the Monitor Avenue Park project includes the construction of a small skate plaza, children's play area, fitness equipment, basketball courts, safety lighting, a landscaped open space area, perimeter walking path, and site amenities such as trees, decorative fencing, picnic tables, and a drinking fountain.

The State awarded TPL a total of \$4,999,468 in grant funding for this project. It is anticipated that this funding is sufficient to meet the project scope.

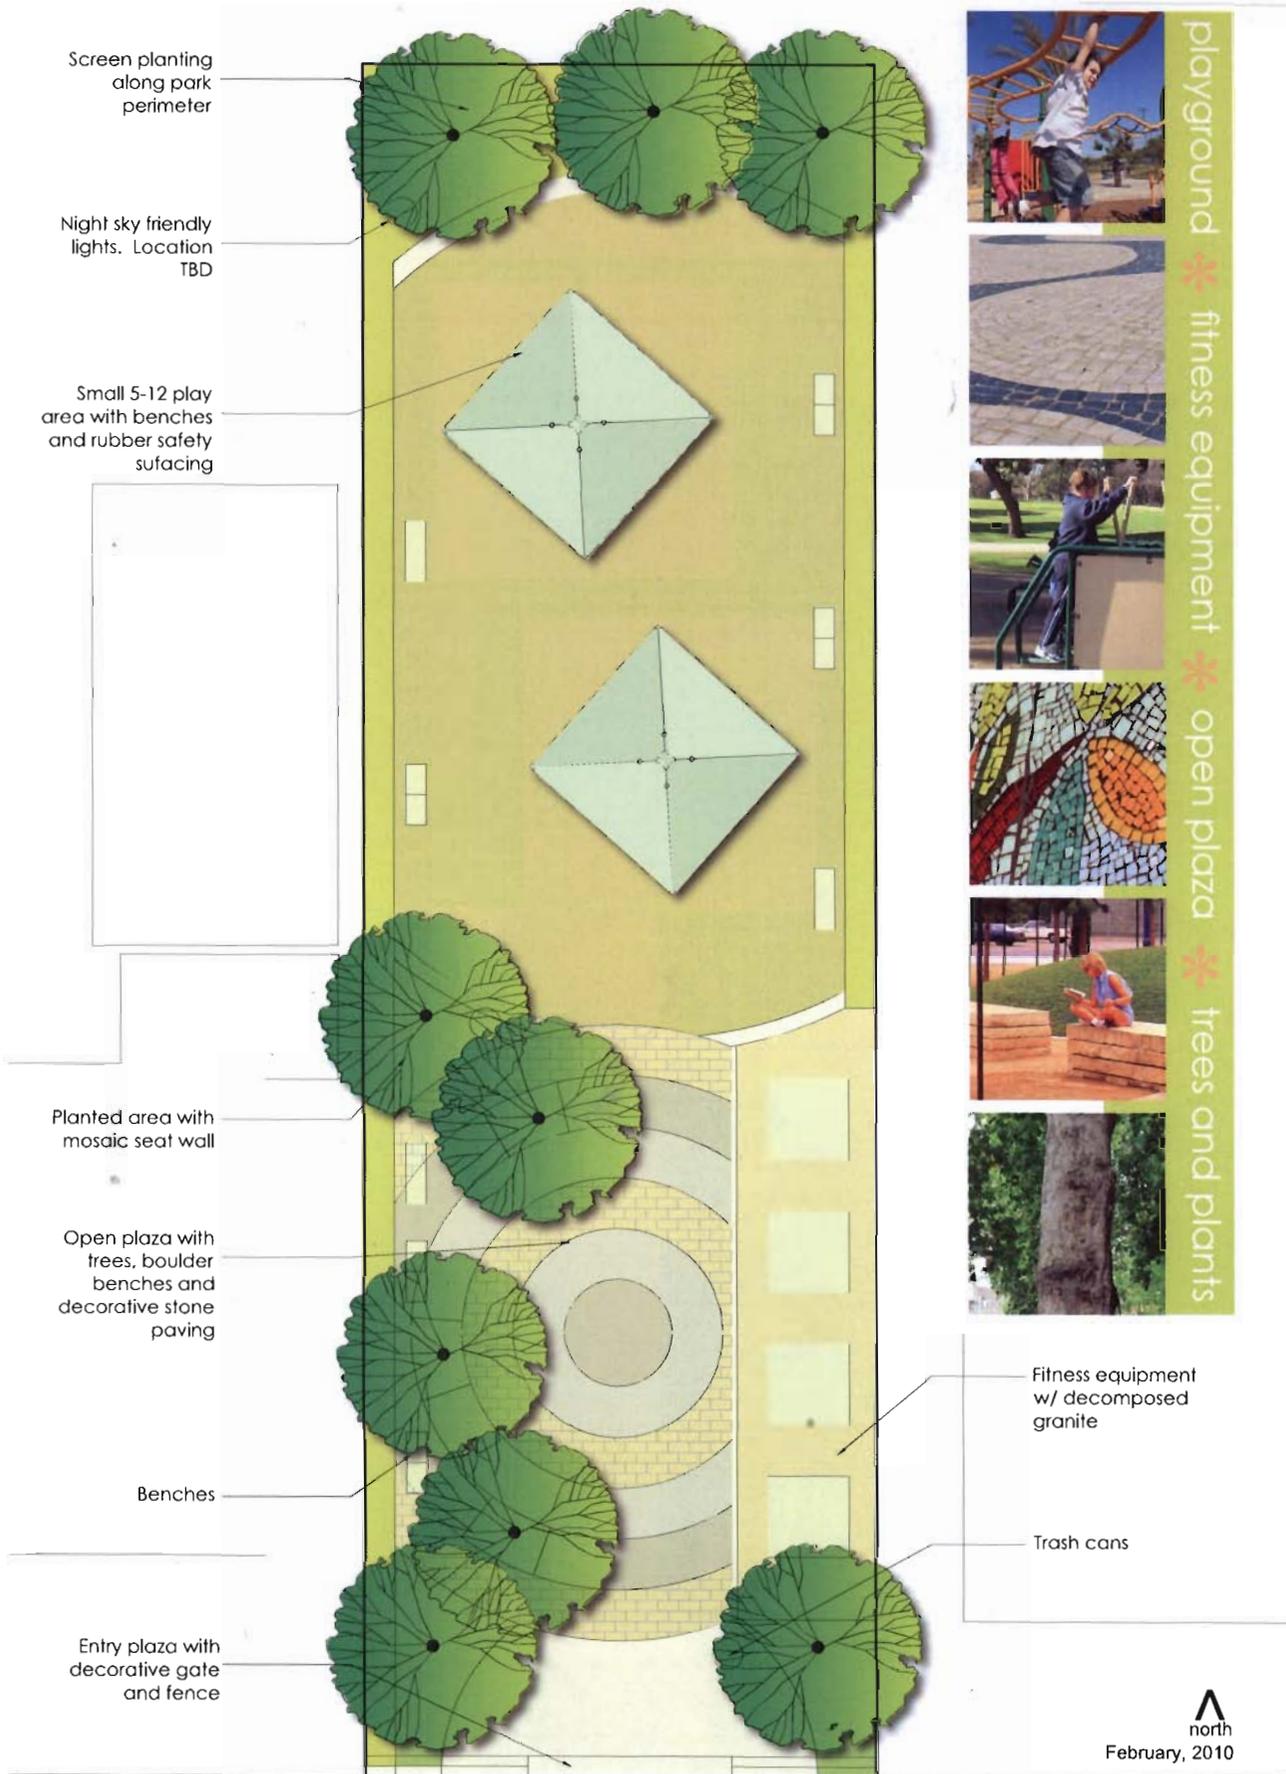

Staff has determined that the subject project will consist of the acquisition of land to preserve open space, and development of a new park with accessory structures including fences, game courts, play areas and play equipment, a drinking fountain, and other minor structures. The project will also involve minor grading, new landscaping and subsurface pipelines for irrigation. Therefore, the project is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 3(6,9), Class 4(1,3), and Class 25(5) of the City CEQA Guidelines.

FISCAL IMPACT STATEMENT:

The approval the conceptual plans for these projects will not have any impact on the General Fund. The development of these projects is anticipated to be funded by the awarded grant funds or funding sources other than the Department's General fund.

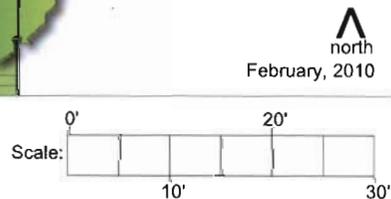

This report was prepared by Darryl Ford, Management Analyst II, Planning and Construction Division.

RECOMMENDATION:

That the Board accept the following donations and that appropriate recognition be given to the donors.

SUMMARY:

The West Region has received the following donations:

Cheviot Hills Recreation Center

Open 4 Business Productions LLC #7 donated \$3,000.00 to be used for park programs.

Jim Gilliam Recreation Center

Westcoast Sports Associates donated \$769.00 to use for Winter Basketball.

MarVista Gardens Recreation Center

Burt Harris donated paper goods and the rental use of convection ovens for the annual Thanksgiving Dinner with a total estimated value of \$3,818.00.

Westside Vineyard Christian Fellowship donated 1,400 plastic eggs and egg decorations for the Annual Spring Egg Hunt with a total estimated value of \$280.00.

REPORT OF GENERAL MANAGER

PG. 2

NO. 11-044

Robertson Recreation Center

Twentieth Century Fox donated Simpson's T-shirts and sweatshirts for soccer and summer camps with a total estimated value of \$2,000.00.

Rustic Canyon Recreation Center

Arlene Bernholtz donated a Cress ceramic kiln with a total estimated value of \$400.00.

George Wolfberg donated a projector screen with a total estimated value of \$200.00.

Jaqueline Koci donated an AT&T digital answering machine and a Mr. Coffee coffee maker with a total estimated value of \$75.00.

Santa Monica Canyon Civic Association donated an electronic score board with wireless remote control, transmitter, receiver, and carrying case with a total estimated value of \$3,518.75.

Creative Artists Theatre Space donated a piano with a total estimated valued of \$500.00.

Creative Artists Theatre Space donated lighting, stage extensions, and stage panels with a total estimated value of \$7,700.00

Creative Artists Theatre space donated a stage staircase and theater props with a total estimated value of \$500.00

Venice Recreation Center

Jefferey Shoer donated sets of knee and elbow pads and wrist guards for use by skate boarding youths with a total estimated value of \$150.00.

Tool of North America donated a backboard for the outdoor basketball court with a total estimated value of \$900.00.

Westchester Recreation Center

Alan Brodney donated \$20.00 to be used for the Halloween Haunted House.

Bill Priestley donated \$20.00 to be used for the Halloween Haunted House.

Deandre Parks donated \$750.00 to be used for the Halloween Haunted House.

Craig Eggers donated a breakfast nook and ProScan 27" television (model #PS27160) with a total estimated value of \$3,000.00.

REPORT OF GENERAL MANAGER

PG. 3

NO. 11-044

Erick and Mini Neblina donated first aid bags and first aid supplies for the lacrosse program with a total estimated value of \$75.00.

Fred and Marie Lacey donated lacrosse balls for the lacrosse program with a total estimated value of \$75.00.

Greg and Marie Phelps donated four (4) Adidas equipment bags, two (2) Outlaw lacrosse sticks, and first aid supplies for the lacrosse program with a total estimated value of \$150.00.

Heather and Luke Rowland donated goalie pads and throat guards for the lacrosse program with a total estimated value of \$75.00.

Justin Beckett donated \$750.00 to cover staff fees for the Halloween Haunted House.

Marie Phelps donated \$20.00 to be used for the Halloween Haunted House.

Phillip Bonney donated \$120.00 to be used for the Halloween Haunted House.

Playa Financial Advisors donated \$300.00 to be used for the event "Movie Night in the Park".

Rebekah and Carl Swan donated first aid supplies for the lacrosse program with a total estimated value of \$75.00.

Serena Pira donated two (2) Tiny Tyke cars, toys, and a medium sized Tiny Tyke slide with a total estimated value of \$350.00.

Stefan Herz and Marion Lieb donated \$136.00 to replace stolen and/or vandalized pre-school supplies and equipment.

Westwood Recreation Center

Friends of West Los Angeles donated a Cress kiln (model E:T27) for ceramic classes with a total estimated value of \$2,306.51.

FISCAL IMPACT STATEMENT:

Acceptance of these donations results in no fiscal impact to the Department's General Fund, except unknown savings as donations may offset some expenditures.

FOR INFORMATION ONLY

CITY OF LOS ANGELES
DEPARTMENT OF RECREATION AND PARKS

January 19, 2011

TO: BOARD OF RECREATION AND PARK COMMISSIONERS
FROM:  JON KIRK MURKI, General Manager
SUBJECT: QUIMBY AND ZONE CHANGE PARK ACQUISITION AND
DEVELOPMENT PROGRAM (QUIMBY PROGRAM)

Background

Pursuant to various City ordinances, some, but not all, residential development projects in the City are required, as a condition of approval, to either dedicate land for recreation and park purposes or pay a fee in-lieu. The in-lieu fees collected through these ordinances are typically called "Quimby Fees" or "Park Fees." These in-lieu fees are paid to the Department of Recreation and Parks (RAP) and may be expended by the Board of Recreation and Park Commissioners (Board) for the acquisition and development of park and recreation facilities.

Los Angeles Municipal Code Regulations

Los Angeles Municipal Code Section 17.12 (Park and Recreation Site Acquisition and Development Provisions), which was established in 1971, requires the dedication of land or the payment of a fee in-lieu for park and recreational facilities as a condition of approval of final subdivision maps. This ordinance is authorized under the guidelines of the State Quimby Act (California Government Code §66477).

Los Angeles Municipal Code Section 17.58 (Park and Recreation Site Acquisition and Development), which was established in 1975, requires the dedication of land or payment of a fee in-lieu for park and recreational facilities as a condition of approval of final parcel maps.

Los Angeles Municipal Code Section 12.33 (Dedication of Land or Payment for Park and Recreational Facilities as a Requirement for a Zone Change for a Multiple Residential Use in Any Multiple Residential or Commercial Zone), which was established by the City in 1985, requires the dedication of land or payment of a fee in-lieu for park and recreational facilities in connection with a zone change request for a multiple residential use in any multiple residential or commercial zone.

The land dedication requirements, and the in-lieu fee schedule, collection, and administration requirements of Los Angeles Municipal Code Sections 17.12, 17.58, and 12.33 are identical.

In-Lieu Fees (Quimby Fees)

The Department of City Planning is responsible for determining if a residential development project is subject to Los Angeles Municipal Code Sections 17.12, 17.58, and 12.33, and for the calculation of any required land dedication or in-lieu fee payment. The in-lieu fee calculation is based on the zoning of the property and the number of residential units or lots being requested by the project. These in-lieu fees, whether required pursuant to Los Angeles Municipal Code Sections 17.12, 17.58, or 12.33, are commonly referred to as “Quimby Fees” or “Park Fees.”

Any in-lieu fees required to be paid pursuant to City ordinances may only be used to acquire new public park land or to fund capital improvements at existing recreational and park facilities that will serve residents of the residential development project that paid those fees. City and State law does not allow in-lieu fees to be used to offset staff operation and maintenance costs, to purchase materials and supplies, or to replace equipment.

In-lieu fees can be allocated to projects within a service radius of one to two miles from the development that paid those fees. This geographic restriction is based on a requirement in Los Angeles Municipal Code Section 17.12 that indicates that required land dedications and in-lieu fee payments must be used in a manner that complies with the principles and standards of the City’s Public Recreation Plan (a portion of the Service System Element of the City’s General Plan). According to the Public Recreation Plan, which was adopted by the City in 1980, a park’s service radius is the geographic area the park or facility serves. Neighborhood parks and facilities have a service radius of up to one mile from the park or facility. Community parks and facilities have a service radius of two miles. Definitions of Neighborhood and Community parks and facilities can be found in the Public Recreation Plan.

Quimby and Zone Change Park Acquisition and Development Program (Quimby Program)

Within RAP, the RAP Planning and Construction Division has the primary responsibility for the management and administration of the Quimby and Zone Change Park Acquisition and Development Program or the “Quimby Program.” Any and all recommendations for the allocation of in-lieu fees must be approved by the Board.

To identify potential projects RAP Planning and Construction staff typically reviews RAP strategic plans and initiatives, solicits input from neighborhood stakeholders and community organizations, coordinates with other City Departments and Agencies, and consults with the local Councilmember. RAP Planning and Construction staff utilizes a Geographic based Information mapping System, to provide improved mapping and land-based analysis of Quimby fee collections, and a Quimby Tracking System, to provide real time tracking of Quimby collections and allocations.

Table 1 summarizes the amount of in-lieu fees collected by RAP from residential development projects and the amount of in-lieu fees allocated for park acquisition and capital improvement projects; since July 1, 2003:

TABLE 1 Quimby Program Collections and Allocations (July 1, 2003 – December 15, 2010)			
COLLECTIONS (NET)		ALLOCATIONS (NET)	
Fees Collected*	\$128,974,396.79	Approved Project Allocations*	\$130,928,047.67
<small>*Net Collections is the sum of all fees collected minus pending or processed refunds</small>		<small>*Net Allocations include any reallocations of funding between projects</small>	

The development and construction of in-lieu fee funded park projects is managed either by the RAP Planning and Construction Division or the Department of Public Works, Bureau of Engineering. Park improvements projects are typically constructed with RAP in-house construction forces, City contract vendors, or through the City’s competitive bid process.

Additionally, in-lieu fees are often used as matching funds and leveraged with grant or bond funds and various City and private funding sources to enhance scope features for specific projects or to meet identified project funding shortfalls. Examples of these grant and bond fund programs include: Proposition K, Proposition 12, Proposition A, Proposition 40, Proposition 84, and Community Development Block Grants.

Table 2 summarizes the current status of park acquisition and capital improvement projects funded or proposed to be funded, either in whole or in part, with in-lieu fees:

TABLE 2
Quimby Program
