PG. 3 NO. 14-039

5. Authorize RAP's Chief Accounting Employee to establish the necessary account and/or to appropriate funding received within "Recreation and Parks Grant" Fund 205.

SUMMARY:

As a result of the passing of the Los Angeles County Safe Neighborhood Parks, Gang Prevention, Tree Planting, Senior and Youth Recreation, Beaches and Wildlife Protection Act of 1992 (Proposition A-I) and the Los Angeles County Park, Beach and Recreation Act of 1996 (Proposition A-II), the City of Los Angeles was awarded competitive, discretionary, and specified grant funds to be administered by the Department of Recreation and Parks (RAP) for various park projects.

To date, 110 of the 155 Proposition A-I and A-II projects have been completed and closed with the County. On occasion, previously approved capital improvement projects are completed under budget resulting in residual funds, which the County of Los Angeles describes as uncommitted funds. These uncommitted funds then become available for reallocation to future projects, subject to the approval of the County of Los Angeles Board of Supervisors and the City Council directly or through its designated L. A. for Kids Steering Committee (LAFKSC), which has administrative oversight of Proposition A funds, in accordance with Sections 8.325, 8.325.1 and 8.325.2 of the Los Angeles Administrative Code and City Council Resolutions adopted on May 12, 1998, and September 15, 1998 (Council File No. 96-2142).

At its meeting held on December 11, 2012, the City Council approved the Resolutions for the filing of applications for the El Sereno Recreation Area Project, Holleigh Bernson Park Outdoor Fitness Equipment Project, Rosecrans Center Sports Field Improvements Project, Sheldon Arleta Phase IIIA Project, and Strathern Park North Restroom Building Project (Council File No. 10-0317-S4). The County of Los Angeles Board of Supervisors has also approved the reallocation of Propositions A-I and A-II funds to the above projects. However, Youth Employment Plans have not yet been approved for these five (5) projects.

Subsequent to City Council approval of the above projects, five (5) additional projects have been identified that will benefit from the reallocation of uncommitted Proposition A funds, as follows:

- Echo Park Lake Restroom Renovation Project – Renovations to existing restroom facilities in the amount of \$103,557.33 (Proposition A-I funds, approved by LAFKSC on September 26, 2013).
- Griffith Park Riverside Drive Area Improvements Project – Removal and replacement of existing playground equipment, installation of pathways, and American with Disabilities Act improvements in the amount of \$674,646.82 (\$635,736.29 in Proposition A-I funds and \$38,910.53 in Proposition A-II funds, approved by LAFKSC on July 25, 2013).
- Mar Vista Recreation Center Baseball Field Bleachers Project – Installation of permanent bleachers in the amount of \$17,189.00 (Proposition A-I funds, approved by LAFKSC on September 26, 2013).

REPORT OF GENERAL MANAGER

PG. 4 NO. 14-039

- South Park Sports Field Improvements Project – Construction of a synthetic soccer field and amenities in the amount of \$128,758.50 (Proposition A-II funds, approval by LAFKSC pending).
- Whitsett Synthetic Soccer Field Project – Construction of a new synthetic soccer field in the amount of \$164,973.49 (Proposition A-II funds, approved by LAFKSC on January 30, 2014).

With regards to the Youth Employment Plan (YEP), the Proposition A grant program places a special emphasis on employing youth in park development projects and hence, requires the governing body of the Grantee to adopt a YEP for each Proposition A funded park development project. In keeping with this emphasis on youth employment, the Los Angeles County Regional Park and Open Space District determined that the City of Los Angeles's Proposition A Youth Employment Goal (YEG) is \$12,188,486.00 (which is equal to fifty percent of \$24,376,972.00 in Maintenance and Servicing funds allocated by the County to the City for Fiscal Years 1997-1998 through 2018-2019). As of Fiscal Year 2003-04, the City had not only met its YEG but had exceeded the goal by employing at-risk youth for a total of \$15,628,838.00 in labor wages paid. Even though the City has met its YEG, in furtherance of the goal of increasing employment opportunities for at-risk youth, the District requires an adopted YEP for each Proposition A-funded project prior to reimbursement of project construction costs.

The YEPs for the Echo Park Lake Restroom Renovation Project, El Sereno Recreation Area Project, Griffith Park Riverside Drive Area Improvement Project, Holleigh Bernson Park Outdoor Fitness Equipment Project, Mar Vista Recreation Center Baseball Field Bleachers Project, Rosecrans Center Sports Field Improvements Project, Sheldon Arleta Phase IIIA Project, South Park Sports Field Improvements Project, Strathern Park North Restroom Building Project, and Whitsett Synthetic Soccer Field Project, indicate that at-risk youth were considered for hire and whether or not at-risk youth will be employed in the development of the project. As determined by Planning, Construction and Maintenance Branch staff, due to the nature of the project, there are no tasks that can be performed by at-risk youth, and therefore, no at-risk youth will be hired for these projects.

City Council approval of the recommendations in this Report will commit the residual Proposition A funds, thereby making the City of Los Angeles eligible to apply for additional Proposition A funding for projects involving trails, senior citizen facilities, urban tree planting, graffiti prevention, rivers and streams, and acquisition and/or restoration of natural lands, as well as, the acquisition, construction, development and/or improvement of at-risk youth recreation and service facilities throughout the City for gang prevention purposes.

ENVIRONMENTAL IMPACT STATEMENT:

Prior to undertaking the development activities for each of the concerned projects, as lead agency for the projects, RAP will perform, complete, and certify adequate environmental documentation, in accordance with the California's Environmental Quality Act (CEQA).

FISCAL IMPACT STATEMENT:

The approval of these Proposition A reallocation applications has no fiscal impact on RAP's General Fund.
