RECOMMENDATIONS:

That the Board:

1. Accept the Proposal submitted by the Los Angeles Conservation Corps to provide Summer Youth Employment Opportunities in conjunction with the Department of Recreation and Parks (RAP) City Park Irrigation Improvement Program;
2. Authorize the Department's Chief Accounting Employee to encumber and pay to the Los Angeles Conservation Corps an amount not to exceed \$600,750.00 for the period to begin July 7, 2014 through October 31, 2014;
3. Find in accordance with Charter Section 1022 that the Department does not have sufficient personnel available in its employ to undertake these specialized professional tasks and that it is more feasible to secure these services by agreement; and,
4. Authorize the General Manager, or his designee, to enter into any agreements that may be necessary to implement the intent of the Board actions noted above and to make technical corrections, as necessary, to the transactions included in this report.

SUMMARY:

The Board of Recreation and Park Commissioners (Board) approved General Managers Report No. 07-137 on June 20, 2007, establishing the City Park Irrigation Improvement Program (Program) which is a partnership through a Memorandum of Understanding (MOU) between the Los Angeles Department of Water and Power (LADWP) and RAP to promote water conservation by maximizing landscape water use efficiency. The Program's purpose was to develop and promote water

conservation by maximizing landscape water use efficiency at City parks through actions that included, but were not limited to, the repair and/or replacement of existing irrigation distribution systems and the installation of weather-sensitive irrigation control equipment that irrigates on the basis of actual site characteristics and local weather conditions. This five (5) year Program had a budget of \$11,000,000.00 and successfully implemented water savings projects at eighteen (18) park facilities, saving over four hundred (400) acre-feet (AF) of water per year with an estimated utility bill cost savings of \$200,000.00 per year. The MOU expired in 2011, but due to the success of the Program, LADWP offered to re-establish its partnership Program with RAP through a new MOU which was approved by the Board on August 14, 2013 (Report No. 13-212). The new MOU with a five (5) year term from July 1, 2013 to June 30, 2018, conditioned that LADWP provide up to \$3,000,000.00 each fiscal year through interdepartmental transfers for irrigation improvements at specified park sites. On May 29, 2014 RAP received its first payment of \$2,997,075.00.

The first year of this new phase of cooperation between RAP and LADWP will focus on completing two (2) water conservation and park rejuvenation projects at Dorothy J. and Benjamin B. Smith Park and Carthay Circle Park. In addition, water conservation improvements, such as sprinkler head replacements, irrigation adjustments and/or turf reduction are scheduled to be completed at over thirty (30) parks city wide.

An important component of the City Park Irrigation Program has been RAP's employment of "at risk youth." For the last several years, RAP has employed youth between the ages of eighteen to twenty-four (18-24) on Program irrigation projects. Youth employed on these projects learn occupational skills including landscaping, water conservation techniques, life skills through team work, etc. RAP typically employs ten (10) to twelve (12) youth on a part-time basis at any one time. To date, one hundred four (104) youth have participated in the program.

This summer, the City of Los Angeles through and with the support of the Office of the Mayor (Mayor) has committed to providing ten thousand (10,000) youth summer employment opportunities. RAP has received a proposal from the Los Angeles Conservation Corps to hire two hundred seventy (270) youth to perform water conservation tasks in conjunction with funding received from the LADWP for City Park Irrigation Improvement Program projects.

The Los Angeles Conservation Corps (LACC) was requested to and submitted a proposal (Attachment) to assist RAP in providing youth employment opportunities in conjunction with completing water conservation projects at RAP parks. LACC was asked to submit a proposal due to their participation in a Request for Qualifications (RFQ) process conducted by the the Economic and Workforce Development Department (EWDD). This RFQ established an as-needed list of pre-qualified service providers to provide system support to the Youth Source System. This RFQ was released on March 27, 2013 and responses to the RFQ were submitted on April 24, 2013. All proposers were rated on demonstrated ability and cost reasonableness. LACC was rated qualified in the areas of Summer Youth Employment Program and Occupational Skills Training. Council approved the results of the RFQ on February 5, 2014 (Council File #12-0796-S1).

REPORT OF GENERAL MANAGER

PG. 3

NO. 14-172

Additionally, LACC has extensive experience in working with youth on conservation projects where youth learn environmental stewardship, construction and technical skills, and contribute to the betterment of their communities. LACC has the ability to mobilize a large workforce quickly due to availability of existing, experienced staff, equipment and organizational infrastructure.

LACC proposes to hire approximately two hundred seventy (270) youth ages fourteen to twenty-four (14-24) over a three (3) month period (July 7, 2014 through September 30, 2014) to assist RAP in completing the two (2) water conservation refurbishment projects and the irrigation improvements at over thirty (30) parks located throughout the City. Specifically, the proposal recommends that each participant will work one hundred twelve (112) hours during the summer months. LACC will recruit, hire, train and manage the youth to complete the water conservation projects. Approximately \$600,000.00 will be paid to LACC for their management of the youth workers. An additional \$400,000.00 will be utilized by RAP to buy materials and supplies for the projects and to pay RAP staff that will provide technical assistance to LACC and perform the more technical duties of the water conservation projects.

Staff also recommends that the Board find, in accordance with Charter Section 1022, that it is more feasible and economical to contract these services out due to the amount of work to be performed in a relatively limited amount of time; the number of locations (over thirty (30) parks) which need conservation work; and the lack of resources (equipment and organization infrastructure) needed to deploy the youth crews.

The Office of the Mayor is supportive of the utilization of LACC and of RAP's efforts to offer youth these employment opportunities on water conservation projects.

FISCAL IMPACT STATEMENT:

There is no General Fund impact. Funds to support these recommendations are contained in Fund 205, Department 88. There may be some cost savings in utilities due to the installation and refurbishment of water conservation irrigation control equipment.

This report was prepared by Ramon Barajas, Acting Assistant General Manager; Noel D. Williams, Chief Management Analyst; Tom Gibson, Landscape Architect; and Dana Valdez, Community Program Director.

Re: Proposal for 2014 Summer Youth Employment City of Los Angeles Department of Recreation and Parks (RAP) Water Conservation Program

Dear Mr. Shull,

Thank you for showing interest in working with the Los Angeles Conservation Corps (The Corps) to provide youth development and job training services while also supplying a young and eager workforce to institute water conservation practices and systems at RAP facilities throughout the City. As you know, over the years, we've provided millions of dollars worth of services to the City of Los Angeles. For over 25 years the Corps and RAP have worked together to provide job training and educational opportunities for Los Angeles youth while at the same time improving the local environment and communities. From garnering outside grant funding to enhance RAP parks, to helping stem erosion damage during winter storms the Corps has long history of aiding RAP during times of need. Under Mayor Garcetti's Hire LA initiative we propose to deepen our relationship with RAP by expanding job training opportunities over the summer of 2014 to implement SMART irrigation practices at City parks during this unprecedented drought.

BACKGROUND

On any given day more than 500 LA Conservation Corps participants are working in the greater Los Angeles region planting and caring for trees, building community gardens, constructing parks, building trails, restoring native habitat, and educating the public about the importance of environmental stewardship and community service. Our participants are led by professional staff skilled in arboriculture, horticulture, biology, construction, agriculture, ecology, environmental science as well as a host of other relevant disciplines. Utilizing the staff's experience, technical skills, and expertise, the LA Conservation Corps educates, trains, and serves Angelinos from some of the most impoverished communities in Los Angeles.

The LA Conservation Corps, a 501(c) (3) private non-profit organization, was founded in 1986 by former U.S. Secretary of Commerce and Trade Ambassador Mickey Kantor. Since that time we have become a national leader in youth and workforce development and alternative education for inner-city youth/young adults. We are currently the largest urban conservation corps in the nation with a full-time staff of 120 employees who serve over 15,000 young people each year. Our primary mission and purpose is "to provide at-risk young adults and school-aged youth with opportunities for success through job skills training, education and work experience with emphasis on conservation and service projects that benefit the community."

The Corps has a proven track record including decades of experience in the management and implementation of countless of applicable projects. As a large yet nimble non-profit agency the Corps has a history of aiding our public and private partners in the prompt implementation of multifaceted and complex ventures. We've performed projects throughout Southern California including; Catalina Island, the Santa Monica Mountains, Owens Valley, the Angeles, Inyo, Los Padres, and San Bernardino National Forests, Channel Islands National Park, and the City and County of Los Angeles. Our land management partners include the City of Los Angeles, Los Angeles County, the US Forest Service, the National Park Service, Bureau of Land Management, and a myriad of other public and private agencies. Our Conservation, Education, and Supportive Services staff expertise is as diverse as the communities and people we serve.

PROPOSAL

At the request of the City of Los Angeles, the Corps proposes to hire and train approximately 270 young (ages 14-24) Los Angeles City residents to provide water conservation services at RAP facilities throughout the City of Los Angeles. RAP staff will identify the parks/projects and the Corps will hire, train, and supervise the youth crews with technical support provided by RAP personnel. Each youth member will work approximately 112 hours during the summer months and will earn minimum wage (\$9.00 per hour). The Corps will be responsible for all recruitment, hiring paper work, eligibility verification (e.g. Los Angeles resident and legal status), payroll processing, scheduling, coordination, and supervision of the youth trainees. Please see attached budget and program structure outline.

The crews will primarily work on irrigation repairs and retrofits (e.g. sprinkler head replacement, leak detection and repair), removal and replacement of turf for more water friendly drought tolerant landscape alternatives, the installation of bio-swales and low tech storm-water capture methods, and other water conservation projects identified by RAP personnel. A few of the more technically savvy young adult (18-24) crews will also help construct two water friendly demonstration projects at Carthy Circle and Smith parks with designs developed by RAP.

As outlined in the budget the average cost per participant is \$2,222. On average each participant will earn approximately \$1,300 while the balance covers the costs associated with supervision, coordination, program supplies, transportation, equipment, and indirect expenses. Indirect expenses include management, payroll, human resources (e.g. recruitment, hiring, paperwork processing, background checks, etc.), accounts payable, accounts receivable, and insurance. In an effort to expedite recruitment, hiring and processing of participants the LA Conservation Corps formally requests a contract payment of 25% (\$150,000) when the Corps has submitted a list of youth who will begin working on July 7, 2014. Additionally, the LA Conservation Corps agrees to comply with all the requirements of the *City of Los Angeles Standard Provisions for City Contracts (Standard Provisions of City Contracts Revised 03/09)* attached to this proposal.

The LA Conservation Corps is approaching our 30th year of operation and when it comes to youth development and job training, our breadth and experience is unparalleled in the region. Please feel free to call if you have any questions or need further information.

Sincerely,

Daniel J Knapp
Deputy Director

6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the **CITY** provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-15. CLAIMS FOR LABOR AND MATERIALS

CONTRACTOR shall promptly pay when due all amounts payable for labor and materials furnished in the performance of this Contract so as to prevent any lien or other claim under any provision of law from arising against any **CITY** property (including reports, documents, and other tangible or intangible matter produced by **CONTRACTOR** hereunder), against **CONTRACTOR'S** rights to payments hereunder, or against the **CITY**, and shall pay all amounts due under the Unemployment Insurance Act with respect to such labor.

CONTRACTOR shall maintain all records, including records of financial transactions, pertaining to the performance of this Contract, in their original form, in accordance with

requirements prescribed by the **CITY**. These records shall be retained for a period of no less than three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. Said records shall be subject to examination and audit by authorized **CITY** personnel or by the **CITY'S** representative at any time during the term of this Contract or within the three years following final payment made by the **CITY** hereunder or the expiration date of this Contract, whichever occurs last. **CONTRACTOR** shall provide any reports requested by the **CITY** regarding performance of this Contract. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

Code §§ 12650 *et seq.*), including treble damages, costs of legal actions to recover payments, and civil penalties of up to \$10,000 per false claim.

PSC-19. BONDS

All bonds which may be required hereunder shall conform to **CITY** requirements established by Charter, ordinance or policy, and shall be filed with the Office of the City Administrative Officer, Risk Management for its review and acceptance in accordance with Sections 11.47 through 11.56 of the Los Angeles Administrative Code.

Except for the active negligence or willful misconduct of the **CITY**, or any of its Boards, Officers, Agents, Employees, Assigns and Successors in Interest, **CONTRACTOR** undertakes and agrees to defend, indemnify and hold harmless the **CITY** and any of its Boards, Officers, Agents, Employees, Assigns, and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the **CITY**, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever, for death or injury to any person, including **CONTRACTOR'S** employees and agents, or damage or destruction of any property of either party hereto or of third parties, arising in any manner by reason of the negligent acts, errors, omissions or willful misconduct incident to the performance of this Contract by **CONTRACTOR** or its subcontractors of any tier. Rights and remedies available to the **CITY** under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the **CITY**. The provisions of PSC-20 shall survive expiration or termination of this Contract.

PSC-21. INTELLECTUAL PROPERTY INDEMNIFICATION

CONTRACTOR, at its own expense, undertakes and agrees to defend, indemnify, and hold harmless the **CITY**, and any of its Boards, Officers, Agents, Employees, Assigns,

and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the **CITY**, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever arising out of the infringement, actual or alleged, direct or contributory, of any intellectual property rights, including, without limitation, patent, copyright, trademark, trade secret, right of publicity and proprietary information right (1) on or in any design, medium, matter, article, process, method, application, equipment, device, instrumentation, software, hardware, or firmware used by **CONTRACTOR**, or its subcontractors of any tier, in performing the work under this Contract; or (2) as a result of the **CITY'S** actual or intended use of any Work Product furnished by **CONTRACTOR**, or its subcontractors of any tier, under the Agreement. CONTRACTUAL REQUIREMENTS

CONTRACTOR AGREES THAT:

1. Additional Insured/Loss Payee. The CITY must be included as an Additional Insured in applicable liability policies to cover the CITY'S liability arising out of the acts or omissions of the named insured. The CITY is to be named as an Additional Named Insured and a Loss Payee As Its Interests May Appear in property insurance in which the CITY has an interest, e.g., as a lien holder.

2. Notice of Cancellation. All required insurance will be maintained in full force for the duration of its business with the CITY. By ordinance, all required insurance must provide at least thirty (30) days' prior written notice (ten (10) days for non-payment of premium) directly to the CITY if your insurance company elects to cancel or materially reduce coverage or limits prior to the policy expiration date, for any reason except impairment of an aggregate limit due to prior claims.

3. Primary Coverage. CONTRACTOR will provide coverage that is primary with respect to any insurance or self-insurance of the CITY. The CITY'S program shall be excess of this insurance and non-contributing.

4. Modification of Coverage. The CITY reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving CONTRACTOR ninety (90) days' advance written notice of such change. If such change should result in substantial additional cost to CONTRACTOR, the CITY agrees to negotiate additional compensation proportional to the increased benefit to the CITY.

5. Failure to Procure Insurance. All required insurance must be submitted and approved by the Office of the City Administrative Officer, Risk Management prior to the inception of any operations by CONTRACTOR.

CONTRACTOR'S failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the CITY may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the CITY'S interests and pay any and all premiums in connection therewith and recover all monies so paid from CONTRACTOR.

6. Workers' Compensation. By signing this Contract, CONTRACTOR hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake

self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all time during the performance of the work pursuant to this Contract.

7. California Licensee. All insurance must be provided by an insurer admitted to do business in California or written through a California-licensed surplus lines broker or through an insurer otherwise acceptable to the CITY. Non-admitted coverage must contain a **Service of Suit** clause in which the underwriters agree to submit as necessary to the jurisdiction of a California court in the event of a coverage dispute. Service of process for this purpose must be allowed upon an agent in California designated by the insurer or upon the California Insurance Commissioner.

8. Aggregate Limits/Impairment. If any of the required insurance coverages contain annual aggregate limits, CONTRACTOR must give the CITY written notice of any pending claim or lawsuit which will materially diminish the aggregate within thirty (30) days of knowledge of same. You must take appropriate steps to restore the impaired aggregates or provide replacement insurance protection within thirty (30) days of knowledge of same. The CITY has the option to specify the minimum acceptable aggregate limit for each line of coverage required. No substantial reductions in scope of coverage which may affect the CITY'S protection are allowed without the CITY'S prior written consent.

9. Commencement of Work.
