SUBJECT: EXPO CENTER – AMENDMENT TO THE SCHEDULE OF RATES AND FEES

R. Barajas	_____	K. Regan	_____

 General Manager

Approved _____ Disapproved _____ Withdrawn _____

RECOMMENDATIONS:

That the Board:

1. Approve an amendment to the EXPO Center section of the Department of Recreation and Parks' (RAP) Schedule of Rates and Fees, as detailed in the attached Schedule effective upon approval by the Board; and,
2. Authorize staff to amend the Schedule of Rates and Fees to incorporate these changes.

SUMMARY:

Each year, RAP staff reviews the Schedule of Rates and Fees and recommends changes in order to clarify policy issues that have been raised in the previous year, to revise fees to more accurately recover operational costs, and to generate new revenues. As the cost of providing services to the public continues to rise, RAP remains committed to providing quality and affordable recreational opportunities to the City's residents and visitors. However, it will be necessary to increase rates and fees to enable RAP to fulfill this commitment.

The specific changes are identified in the Attachment. Only those sections of the Rates and Fees Manual proposed for revision are included in the Attachment with new items identified by **bold** text, and items proposed for deletion indicated by ~~strikeout~~ text.

EXPO Center is a recreation center in South Los Angeles comprised of approximately six acres. EXPO Center conducts many programs, meetings, and special events for the public. EXPO Center is also a popular site for community events and rentals.

REPORT OF GENERAL MANAGER

PG. 2

NO. 16-053

FISCAL IMPACT STATEMENT:

A modest increase in revenue will be created with the proposed increase in rates and fees, which is unlikely to significantly impact the Department of Recreation and Parks General Fund. There will also be a minimal increase in fees deposited to the facility's Municipal Recreation Programs (MRP) Fund accounts that will be used to fund staff and maintenance needs.

This report was prepared by Belinda Jackson, Executive Director, EXPO Center.

On September 22, 2015, the Board approved the Contract for Oversight and Management of the Greek Theatre Open Venue Model (CON- M15-001) to SMG for the Greek Theatre's 2016 season. SMG has completed a review of the User Agreement and Booking Policy and recommended minor adjustments and additions to better streamline bookings and create uniform, industry standard practices and procedures at the venue. For example, to reflect SMG as the Operator on behalf of the Department, the User Agreement will now include a newly established email, website and contact information to reflect SMG's General Manager, Becky Colwell, as

REPORT OF GENERAL MANAGER

PG. 2

NO. 16-054

primary venue contact. Additionally, all references to RAP or Department are now listed as SMG.

To enforce all rules and regulations in the User Agreement, the User Agreement will combine the Booking Policy, now known as Exhibit C, and the newly established Ticketing Policy, known as Exhibit A. The amendments to the User Agreement, formerly known as Exhibit C, will now include the Booking Policy and Ticketing Policy. Exhibit B is now the Insurance Requirements and Instructions Form. The changes to the User Agreement are amended to now read: "The USER agrees to pay SMG for any and all labor costs for ushers, ticket takers, security, cleaning, police, emergency medical services, box office staff and leasing costs associated with the house sound, lighting and video systems, stagehands and production related personnel. These costs will be determined on an event by event basis. In addition, USER shall be responsible for the costs of private security employed for personal protection of artists or not related to public safety, medical services required for the artist only, advertising, ASCAP/BMI/SESAC, insurance, catering, runners, transportation, sign language interpreters (if requested), pyro/fire watch expenses (if any), and other USER/artist requested expenses."

Changes to the Booking Policy will now allow Users to electronically transfer funds as opposed to only accepting the challenge funds in person. The venue capacity now reflects 5,870 available seats instead of the prior amount of 5,801. Clarification also was made regarding the cancellation of contracted events to include the artist as well as the promoter cancelling a contracted event. The new sentence now states if the promoter or artist wishes to cancel a contracted event the advance deposit is forfeited and will not be returned to the promoter.

Greek Theatre management retains the right to display logos, branding, slides, and/or videos of their sponsor partners throughout the venue and on any video screens prior to performances, during intermission and after performances.

On-site exposure and activation of artists/tour sponsors and/or USER sponsors must be presented to Greek Theatre management for approval, and any expense of said activations shall be borne by USER or the applicable sponsor. This approval includes, but is not limited to, placement of signage, location and size of activation spaces, inflatables, product displays, sampling, or giveaways, etc. In no event shall approval of said sponsors infringe upon, diminish, or violate the rights and entitlements of Greek Theatre sponsors at the venue, including all hospitality areas, including, but not limited to The Redwood Deck and its adjacent hospitality room, or any other designated-hospitality areas for which access is permitted and controlled by Greek Theatre management. USERS may request access to these spaces for their guests. Requests may be granted based on availability, and USER maybe charged a per person access fees for each access granted.

USERS are permitted use of the under stage catering rooms and dressing rooms for the hospitality of their sponsors, VIPs, and guests. USERS are permitted to provide their own catering for these spaces, or may select the Greek Theatre Concessionaire for their catering needs. Any and all alcohol provided by USER or any caterer other than the Greek Theatre Concessionaire will not be permitted to leave the aforementioned spaces in this paragraph.

REPORT OF GENERAL MANAGER

PG. 3

NO. 16-054

The Department recommends the Board's approval of SMG's 2016 Ticketing Policy. Since the venue did not have an official ticketing policy, SMG worked closely with industry promoters to establish a uniform and equal Greek Theatre Ticketing Policy, known as Exhibit A of the User Agreement. This new policy provides instructions to the Users regarding procedures and practices for selecting a preferred ticket company, ticket infrastructure and equipment. USERS may select to use their own preferred ticketing company or select from whichever of the existing ticket companies at The Greek. Ticketing operations will be conducted by SMG in accordance with the Ticketing Agreement and the USER will receive the financial and informational benefits of SMG's Agreement. However, if the USER already has an existing agreement of its own with the selected ticketing company, the USER shall receive benefits, (see Exhibit A). Additionally the Ticketing Policy will require Users to adhere to the venue ticketing stipulations in Exhibit A, to accommodate the Greek's Personal Seat Licensing program (PSL), pre-sale premium seating program designed to maximize revenue.

Sound, Video and Lighting have remained the same with a clarification on what SMG will provide at the front of the house. SMG will provide basic house sound, video displays and lighting systems originating at the front house mix position in the venue. The User is required to use the house sound system for the event but may provide alternative and/or additional displays and lighting systems required for the event. All other sound levels, warnings and penalties remain the same.

CONCLUSION

The Department recommends approval and inclusion of the amended User Agreement, Booking Policy and Ticketing Policy to assist SMG in implementing the Department's Open Venue Model in the oversight and management of the Greek Theatre.

FISCAL IMPACT STATEMENT

There are no additional impacts to the Department nor impact on the General Fund.

6. Authorize the RAP's Chief Accounting Employee to make technical corrections as necessary to carry out the intent of this Report.

SUMMARY:

Panorama City Recreation Center is located at 8600 Hazeltine Avenue in the Panorama City area of the City. This 6.00-acre facility provides multipurpose fields, tennis and basketball courts, a splash pad, and a recreation center for the surrounding community. Approximately 6,857 City residents live within one-half mile walking distance of Panorama City Recreation Center. Due to the size of the park and the facilities, features, and services it provides, Panorama Recreation Center meets the standard for a Neighborhood Park, as defined in the City's Public Recreation Plan.

PROJECT DEVELOPMENT:

The scope of the approved Panorama City – Play Area and Splash Pad Renovation (PRJ20867) project includes renovation of the existing children's play area and the splash pad and associated landscape, hardscape, walkway, and irrigation improvements. The need for this project was identified through a review of facility infrastructure needs and available funding, and with input from park users. Staff from the Department's Planning, Construction, and Maintenance Branch has reviewed this proposed project and determined that it is necessary and would be of benefit to park users. The Valley Region Superintendent, and the Superintendent of Maintenance Operations are all in support the proposed project.

Staff anticipates that the Panorama City – Play Area and Splash Pad Renovation (PRJ20867) will be completed using City forces and/or City contract vendors. Upon approval of this report, project implementation can proceed.

Staff is recommending that additional available Quimby fee collections be allocated to this project.

PROJECT FUNDING:

On January 21, 2015, the Board of Recreation and Park Commissioners (Board) approved the allocation of a total of One Hundred Forty-Six Thousand, Six Hundred Thirty-Five Dollars and No Cents (\$146,635.00) in Quimby Fees for the Panorama City – Play Area and Splash Pad Renovation (PRJ20867) project (Report No. 15-015).

On March 3, 2010, the Board approved the allocation of a total of Two Hundred Thirty-Nine Thousand, Two Hundred Fourteen Dollars (\$239,214.00) in Quimby Fees for the 9059 Langdon Avenue – Park Acquisition (PRJ20455) project (Report No. 10-055). The scope of the approved 9059 Langdon Avenue – Park Acquisition (PRJ20455) project included acquisition and development of property. The acquisition of the property was unsuccessful, as RAP never received a response from the owner of the property relative to RAP's interest to acquire the land. Therefore, there is Two Hundred Thirty-Two Thousand, Three Hundred

REPORT OF GENERAL MANAGER

PG. 3

NO. 16-055

Twenty-Four Dollars (\$232,324.00) in unexpended Quimby funds available for reallocation to other projects.

On August 11, 2010, the Board approved the allocation of a total of Six Hundred Seventy-Two Thousand, Seven Hundred Thirteen Dollars and Sixty-One Cents (\$672,713.61) in Quimby Fees for the Mid-Valley Multipurpose Center – Park Development (PRJ20163) project (Report No. 10-212). The scope of the approved Mid-Valley Multipurpose Center – Park Development (PRJ20163) project included the construction of a new senior multipurpose center building and a small outdoor open space. This project is complete, and there is Six Hundred Nineteen Thousand, Eleven Dollars and Twelve Cents (\$619,011.12) in unexpended Quimby funds available for reallocation to other projects.

Upon approval of this Report, One Hundred One Thousand, Forty Dollars (\$101,040.00) in Quimby Fees can be reallocated from the 9059 Langdon Avenue – Park Acquisition (PRJ20455) project, transferred from the 5095 Langdon Avenue Account No. 89460K-AU to the Panorama City Recreation Center Account No. 89460K-PA, and allocated to the Panorama City – Play Area and Splash Pad Renovation (PRJ20867) project. Additionally, Seventy-Nine Thousand, Three Hundred Twenty-Five Dollars (\$79,325.00) in Quimby Fees can be reallocated from the Mid-Valley Multipurpose Center – Park Development (PRJ20163) project, transferred from the Mid-Valley Multipurpose Center Account No. 89460K-MM to the Panorama City Recreation Center Account No. 89460K-PA, and allocated to the Panorama City – Play Area and Splash Pad Renovation (PRJ20867) project.

The total Quimby Fees allocation, including previously allocated fees, for the Panorama City – Play Area and Splash Pad Renovation (PRJ20867) project will be Three Hundred Twenty-Seven Thousand Dollars (\$327,000.00). These Fees were collected within one (1) mile of Panorama City Recreation Center, which is the standard distance for the allocation of the Quimby Fees for neighborhood recreational facilities.

TREES AND SHADE:

The approval of this project will have no impact on existing trees or shade at Panorama City Recreation Center, and no new trees or new shade are proposed to be added to Panorama City Recreation Center as a part of this project.

ENVIRONMENTAL IMPACT STATEMENT:

Staff has determined that the subject project is a continuation of an existing project approved on January 21, 2015 (Report No. 15-015) that is exempted from CEQA [Class 1(1,3), Class 3(4), and Class 11(3)]. The work funded by the current Board action will not result in any additional environmental impacts, and therefore, is covered by the existing CEQA exemption. No additional CEQA documentation is required.

REPORT OF GENERAL MANAGER

PG. 4 NO. 16-055

FISCAL IMPACT STATEMENT:

The approval of this allocation of Quimby Fees will have no fiscal impact on RAP as the implementation of the proposed park capital improvements will not increase the level of daily maintenance required at this facility. The maintenance of the proposed park improvements can be performed by current staff with no overall impact to existing maintenance service.

RECOMMENDATIONS

That the Board:

1. Approve the refund claim filed by Blvd 6200 Owner, LLC (Developer) for a refund of Quimby fees in the amount of Fifty-Three Thousand, Three Hundred Forty Dollars (\$53,340.00), subject to the approval of the City Council;
2. Direct the Department of Recreation and Parks' (RAP) Chief Accounting Employee to, upon receipt of the necessary approvals, identify the appropriate fund and account from which to issue the refunds; and,
3. Authorize the RAP's Chief Accounting Employee to make technical corrections as necessary to carry out the intent of this Report.

SUMMARY:

RAP is in receipt of a request for a refund of park acquisition and development fees paid to RAP pursuant to Los Angeles Municipal Code (LAMC) Section 17.12.

On April 27, 2011, the Department of City Planning determined that a fee in the amount of Two Million, Two Hundred Eighty-Three Thousand, Nine Hundred Fifteen Dollars (\$2,283,915.00) be paid or guaranteed to RAP prior to the recordation of the final tract

REPORT OF GENERAL MANAGER

PG. 2

NO. 16-056

map TT-67429 for the residential development project located at 6201 and 6202 West Hollywood Boulevard. RAP determined that, pursuant to LAMC 17.12 F.1, the various private recreational improvements that Blvd 6200 Owner, LLC (Developer) proposed to install as a part of the development would be eligible for a credit in the amount of Fifty Three Thousand, Three Hundred Forty Dollars (\$53,340.00) towards the total Quimby fee. On October 12, 2011, the Developer recorded a Covenant and Agreement against the property with the promise to install the identified private recreational improvements on the property. On November 4, 2011, the Developer paid the determined fee amount to RAP but did not deduct from that payment the agreed upon credit of Fifty Three Thousand, Three Hundred Forty Dollars (\$53,340.00).

Due to this overpayment of fees, the Developer has submitted a request for refund claim (Claim No. 116554) for a refund of Fifty Three Thousand, Three Hundred Forty Dollars (\$53,340.00) of the Quimby fees paid to RAP.

The City's general refund provisions and procedures are found in LAMC Sections 22.12 and 22.13. LAMC Sections 22.12(a) and 22.13(a) authorize the head of the Department to approve refunds of tax, license fee, permit fee, or application fee without the prior approval of the City Council, if such refund does not exceed a certain monetary limit. That monetary limit is subject to adjustment at the beginning of each fiscal year and the amount of the adjustment is calculated by the City Controller. The current limit of RAP head refund authority is \$46,464. All refunds request over that limit are subject to the prior approval of the City Council.

ENVIRONMENTAL IMPACT STATEMENT:

Staff has determined that this action is not subject to the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15060(c), as it is an activity that will not result in a direct or reasonably foreseeable indirect physical change in the environment and is not a project under CEQA Guidelines Section 15378. Therefore, no CEQA documentation is required.

FISCAL IMPACT STATEMENT:

The approval of this report will have a negative fiscal impact on RAP.

This Report was prepared by Darryl Ford, Principal Project Coordinator, Planning, Construction, and Maintenance Branch.

RECOMMENDATIONS:

That the Board:

1. Approve the proposed Contract, substantially in the form on file in the Board Office, between the City of Los Angeles, Department of Recreation and Parks (RAP) and Garland/Design Building Solutions, Inc. (GARLAND/DBS, INC.), to provide roofing systems, waterproofing and related products and services on an occasional and as-needed basis with the Contract term expiring on December 31, 2017, with two (2) one-year renewal options, not-to-exceed seven million dollars (\$7,000,000.00) per year, subject to the review and approval of the City Attorney as to form;
2. Find that the Contract authorized RAP to utilize the Contract between Garland/DBS, INC. and Cobb County, Georgia (COBB COUNTY), for roofing systems, waterproofing, and related products and services in accordance with the terms and condition of U.S. Communities Government Purchasing Alliance Contract between GARLAND/DBS, INC. and COBB COUNTY dated September 22, 2014, attached hereto and incorporated herein by reference as Attachment A;
3. Find that GARLAND/DBS, INC. by U.S. Communities Information State Notice (COBB COUNTY Sealed Bid No. 14-5903, attached hereto and incorporated herein by reference as Attachment A, authorized RAP to utilize the COBB COUNTY's Contract terms and conditions, U.S. Communities Government Purchasing Alliance Contract, for roofing systems, waterproofing and related products and services;
4. Find as the contract awarding authority, in accordance with Charter Section 371 (e)(2), that the roofing systems, waterproofing and related products and services to be provided by

GARLAND/DBS, INC. are for the performance of professional, scientific, expert, technical or other special services of a temporary and occasional character for which competitive bidding is not practicable or advantageous;

5. Find pursuant to Charter Section 371(e)(8), that RAP may utilize the COBB COUNTY Contract with GARLAND/DBS, INC. because contracts for cooperative arrangements with other governmental agencies for the performance of professional, scientific, expert or technical services contracts of those agencies and any implementing agreements, even though the contracts and implementing agreements were not entered into through a competitive bid process, are an exception to the City of Los Angeles' competitive bidding requirements;
6. Find as the contract awarding authority in accordance with Charter Section 371(e)(10), that the services to be provided by GARLAND/DBS, INC., are for the performance of professional, scientific, expert, technical and other special services, where the contracting authority finds that the use of competitive bidding would be undesirable, impractical or impossible, or where the common law otherwise excuses compliance with competitive bidding requirements;
7. Find, as the contract awarding authority in accordance with Charter Section 1022, that the RAP does not have available in its employ, personnel with the necessary expertise to undertake and accomplish the aforementioned specialized purchase of supplies and professional services sought in a timely manner, the work can be performed more economically or feasibly by an independent contractor, and in order to maintain warranties, patent rights or due to other rational basis; or the labor component cannot reasonably be separated from the other contract elements;
8. Authorize RAP staff, upon Board's approval, to utilize the roofing systems, waterproofing and related products and services as described in the Summary of this Report;
9. Authorize the RAP's General Manager, at his sole discretion, to extend the term of the Contract, if COBB COUNTY exercises its option to renew its Contract with GARLAND/DBS, INC. for the two (2) additional one-year extension options;
10. Direct the Board Secretary to transmit forthwith the proposed Contract to the City Attorney for review and approval as to form;
11. Authorize the Board President and Secretary to execute the proposed Contract upon receipt of the necessary approvals; and,
12. Authorize the General Manager, or designee, to make technical corrections as necessary to the Contract, to carry out the intent of this Report.

REPORT OF GENERAL MANAGER

PG. 3 NO. 16-057

SUMMARY:

RAP has an ongoing need for contractual roofing systems, waterproofing, and related products and services, including but not limited to, metal roof systems, standing seam, structural and architectural, torch down, self-adhered, hot mopped, tile (ceramic, concrete, clay), asphalt composition roofing shingle systems and tapered roof insulation systems. Roofing maintenance and/or repairs may include minor or major repairs to existing roof systems and such retrofit may include hazardous materials surveys and abatement, re-design and engineering of existing roofing systems and/or repairs to existing roofing systems.

The Contract allows RAP the ability to select a wide variety of roofing systems, waterproofing and related products and services. If desired, RAP may use this Contract to retrofit, repair and/or maintain RAP's existing recreation & parks building facilities in an amount not to exceed Seven Million Dollars (\$7,000,000.00) per year per Contract.

The Contract amount of Seven Million Dollars (\$7,000,000.00) is an estimate and RAP does not guarantee that the Contract maximum amount will be reached. RAP, in entering into a Contract, guarantees no minimum amount of business or compensation.

Staff is recommending that the Board authorize RAP to utilize the COBB COUNTY's competitive bid Contract with GARLAND/DBS, INC. pursuant to certain State notice provisions, the following public agencies and political subdivisions of the referenced public agencies are eligible to access the Contract award. They are listed in GARLAND/DBS, INC. Bid No. 14-5903, U.S. Communities Information, State Notice Addendum in Attachment A. COBB COUNTY authorizes any public agencies listed to use the Contract with GARLAND/DBS, INC. The Board will issue a separate Contract number and the contract will be executed between GARLAND/DBS, INC. and RAP through the Board.

COBB COUNTY's Contract with GARLAND/DBS, INC. will expire on December 31, 2017. However, COBB COUNTY has the option to extend this Contract which, if exercised, would extend the term of their Contract by two (2) one-year options to December 31, 2019. In the event that COBB COUNTY exercises its options, RAP's General Manager may, at his sole discretion, extend the term of RAP's piggyback Contract with the GARLAND/DBS, INC. for two (2) additional one-year renewal options.

FISCAL IMPACT STATEMENT:

This Contract will enable RAP to carry out various construction and maintenance projects that involve the construction, maintenance and/or repair of roofs for various Recreation and Parks building facilities on an occasional and as-needed basis in order to enhance the recreational experience of the public. There will be no direct fiscal impact to RAP's General Fund as funding will be identified on a per project basis.

Participating Public Agencies

Today more than 61,000 public agencies utilize U.S. Communities contracts and suppliers to procure over \$1.4 Billion Dollars in products and services annually. Each month more than 400 new public agencies register to participate. The continuing rapid growth of public agency participation is fueled by the program's proven track record of providing public agencies unparalleled value.

The Supplier(s) must communicate directly with any Participating Public Agency concerning the placement of orders, issuance of the purchase order, contractual disputes, invoicing, and payment.

Cobb County, GA is acting as "Contracting Agent" for the Participating Public Agencies and shall **not** be held liable for any costs, damages, expenses, fees, liabilities, etc. incurred by any other Participating Public Agency.

Each Participating Public Agency enters into a Master Intergovernmental Cooperative Purchasing Agreement (MICPA) outlining the terms and conditions that allow access to the Lead Public Agencies' Master Agreements. Under the terms of the MICPA, the procurement by the Participating Public Agency shall be construed to be in accordance with, and governed by, the laws of the state in which the Participating Public Agency resides. A copy of the MICPA is attached in the U.S. Communities Information Section.

Estimated Volume

The estimated dollar volume of Products and Services purchased under the proposed Master Agreement is \$150 Million Dollars annually. This estimate is based on the anticipated volume of the Lead Public Agency, the U.S. Communities Advisory Board members, and current sales within the U.S. Communities program. While there is no minimum quantity of products required to be purchased under the proposed Master Agreement, Cobb County, Georgia and the U.S. Communities Advisory Board Members are committed to utilizing the Master Agreement. The Advisory Board members shall determine if the Master Agreement is of value to their agency, and will promote the Master Agreement among other public agencies nationwide and internationally. The Advisory Board in 2012 purchased more than \$135 Million Dollars of products and services from existing U.S. Communities contracts.

Marketing Support

U. S. Communities provides marketing support for each Supplier's products through the following:

- National Sponsors as referenced above.
- State Associations of Counties, Schools and Municipal Leagues.

U.S. COMMUNITIES OVERVIEW

- U.S. Communities provides Suppliers government sales training, and a host of online marketing and sales management tools to effectively increase sales through U.S. Communities.

Marketplace

U.S. Communities has developed an online Marketplace, which gives Participating Public Agencies the ability to purchase from many U.S. Communities contracts directly from our website. XII. Award

Award will be made to the lowest responsive and responsible bidder. Conditional bids are not acceptable. The quality of articles to be supplied, their conformity with the specifications, their suitability to the requirements of the County, and the delivery terms will be taken into consideration in making the award. The County may make such investigations as it deems necessary to determine the ability of the bidder to perform, and the bidder shall furnish to the County all such information and data for this purpose as the County may request. The County reserves the right to reject any bid if the evidence submitted by, or investigation of such bidder fails to satisfy the County that such bidder is properly qualified to carry out the obligations of the contract. The County reserves the right to reject or accept any or all bids and to waive technicalities, informalities, and minor irregularities in bids received.

The County reserves the right to purchase the goods or services described herein from other sources. The Bidder does not have the exclusive right to fill all of the County's requirements for the goods or services awarded nor will the County be obligated to purchase the estimated annual quantity or any quantity contained in the bid document.

The County reserves the right to make an award as deemed in its best interest, which may include awarding a bid to a single bidder or multiple bidders; or to award the whole bid, only part of the bid, or none of the bid to single or multiple bidders, based on its sole discretion of its best interest. In case of tie bid, the award will be made as follows:

1. The bid will be awarded to the in-county vendor.
2. The bid will be awarded to the in-state vendor.
3. The bid will be awarded to the vendor with the lesser total dollar volume.

The County reserves the right to award by line item to more than one vendor. The County reserves the right to negotiate a lower price than the bid award price on any line item with the successful vendor, should the quantity required significantly exceed those on the Invitation to Bid. If the County is unable to negotiate an acceptable price, it reserves the right to rebid the item(s) involved. If after the award of the bid there is a decrease in the price of a product from the manufacturer, or a rebate, the successful bidder will pass that price decrease and/or rebate onto the County.

Time payment discounts will be considered in arriving at net prices and in award of bids. Offers of discount for payment within ten (10) days following the end of the month are preferred.

XIII. Delivery Failures

Failure of a contractor to deliver within the time specified or within reasonable time as interpreted by the Purchasing Director, or failure to make replacement of rejected articles/services when so requested, immediately or as directed by the Purchasing Director, shall constitute authority for the Purchasing Director to purchase in the open market articles/services of comparable grade to replace the articles/services rejected or not delivered.

COBB COUNTY GENERAL INSTRUCTIONS FOR BIDDERS, TERMS AND CONDITIONS

On all such purchases, the contractor shall reimburse the County within a reasonable time specified by the Purchasing Director for any expense incurred in excess of contract prices, or the County shall have the right to deduct such amount from monies owed the defaulting contractor. Alternatively, the County may penalize the contractor one percent (1%) per day for a period of up to ten (10) days for each day that delivery or replacement is late. Should public necessity demand it, the County reserves the right to use or consume articles delivered which are substandard in quality, subject to an adjustment in price to be determined by the Purchasing Director.

XIV. County Furnished Property

No material, labor or facilities will be furnished by the County unless so provided in the invitation to bid.

XV. Reject And Withdraw Bids

Failure to observe any of the instructions or conditions in this invitation to bid may constitute grounds for rejection of bid.

XVI. Contract

Each bid is received with the understanding that the acceptance in writing by the County of the offer to furnish any or all commodities or services described therein shall constitute a contract between the bidder and the County which shall bind the bidder on his part to furnish and deliver the articles quoted at the prices stated in accordance with the conditions of said accepted bid. The County, on its part, may order from such contractor, except for cause beyond reasonable control, and to pay for, at the agreed prices, all articles specified and delivered. The County's normal payment terms are net thirty (30) days after receipt of invoice.

The Price and all unit prices shown shall be deemed to include all costs of Contractor's performance of the Work as set forth in the Bid Documents, including, but not limited to, the costs of labor, supervision, travel, services, materials, equipment, tools, scaffolds, hoisting, transportation, storage, insurance and taxes.

Upon receipt of a bid package, containing a Cobb County "Sample Contract" as part of the requirements, it is understood that the bidder has reviewed the documents with the understanding that Cobb County requires all agreements between the parties must be entered into via this document. If any exceptions are taken to any part, each must be stated in detail and submitted as part of the bid. If no exceptions are stated, it is assumed that the bidder fully agrees to the provisions contained in the "Sample Contract" in its entirety.

When the contractor has performed in accordance with the provisions of this agreement, Cobb County shall pay the contractor, within thirty (30) days of receipt of any payment request based upon work completed or service provided pursuant to the contract, the sum so requested, less the retainage stated in this agreement, if any.

By submission of a bid, the vendor certifies under penalty of perjury, that to the best of its knowledge and belief:

- (a) The prices in the bid have been arrived at independently without collusion, consultation, communications, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other vendor or with any competitor.

The successful responding firm shall require each of its sub-consultant(s) to sign a statement certifying to and agreeing to comply with the terms of the Sub-sections above.

XIX. Default

The contract may be cancelled or annulled by the Purchasing Director in whole or in part by written notice of default to the contractor upon non-performance or violation of contract terms. An award may be made to the next low responsive and responsible bidder, or articles specified may be purchased on the open market similar to those so terminated. In either event, the defaulting contractor (or his surety) shall be liable to the County for costs to the County in excess of the defaulted contract prices; provided, however, that the contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause. The decision of the Purchasing Director shall be final and binding; however, the contractor shall have the right to appeal said decision to a court of competent jurisdiction.

XXI. Substitutions

The absence of such a substitution list shall indicate that the bidder has taken no exception to the specifications contained herein.

XXII. Ineligible Bidders

The County may choose not to accept the bid of a bidder who is in default on the payment of taxes, licenses, or other monies due to the County. Failure to respond three (3) consecutive times for any given commodity/service may result in removal from the supplier list under that commodity/service.

Supplier shall also provide the personnel necessary to implement and support a supplier-based internet web page dedicated to Supplier's U.S. Communities program and linked to U.S. Communities' website and shall implement and support such web page.

(vii) Supplier shall demonstrate in its procurement solicitation response and throughout the term of the Master Agreement that national/senior management fully supports the U.S. Communities program and its commitments and requirements. National/Senior management is defined as the executive(s) with companywide authority.

(viii) Where Supplier has an existing contract for Products and Services with a state, Supplier shall notify the state of the Master Agreement and transition the state to the pricing, terms and conditions of the Master Agreement upon the state's request. Regardless of whether the state decides to transition to the Master Agreement,

U.S. COMMUNITIES INFORMATION SUPPLIER QUALIFICATIONS

Supplier shall primarily offer the Master Agreement to all Public Agencies located within the state.

(b) **Pricing Commitment.**

(i) Supplier represents to U.S. Communities that the pricing offered under the Master Agreement is the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies. Supplier's pricing shall be evaluated on either an overall project basis or the Public Agency's actual usage for more frequently purchased Products and Services.

(ii) **Contracts Offering Lower Prices.** If a pre-existing contract and/or a Public Agency's unique buying pattern provide one or more Public Agencies a lower price than that offered under the Master Agreement, Supplier shall match that lower pricing under the Master Agreement and inform the eligible Public Agencies that the lower pricing is available under the Master Agreement. If an eligible Public Agency requests to be transitioned to the Master Agreement, Supplier shall do so and report the Public Agency's purchases made under the Master Agreement going forward. The price match only applies to the eligible Public Agencies. Below are three examples of Supplier's obligation to match the pricing under Supplier's contracts offering lower prices.

(A) Supplier holds a state contract with lower pricing that is available to all Public Agencies within the state. Supplier would be required to match the lower state pricing under the Master Agreement and make it available to all Public Agencies within the state.

(B) Supplier holds a regional cooperative contract with lower pricing that is available only to the ten cooperative members. Supplier would be required to match the lower cooperative pricing under the Master Agreement and make it available to the ten cooperative members.

(C) Supplier holds a contract with an individual Public Agency. The Public Agency contract does not contain any cooperative language and therefore other Public Agencies are not eligible to utilize the contract. Supplier would be required to match the lower pricing under the Master Agreement and make it available only to the individual Public Agency.

(iii) **Deviating Buying Patterns.** Occasionally U.S. Communities and Supplier may interact with a Public Agency that has a buying pattern or terms and conditions that considerably deviate from the normal Public Agency buying pattern and terms and conditions, and causes Supplier's pricing under the Master Agreement to be higher than an alternative contract held by Supplier. This could be created by a unique end-user preference or requirements. In the event that this situation occurs, Supplier may address the issue by lowering the price under the Master Agreement on the item(s) causing the large deviation for that Public Agency. Supplier would not be required to lower the price for other Public Agencies.

(iv) **Supplier's Options in Responding to a Third Party Procurement Solicitation.** While it is the objective of U.S. Communities to encourage Public Agencies to piggyback on to the Master Agreement rather than issue their own procurement solicitations, U.S. Communities recognizes that for various reasons some Public Agencies will issue their own solicitations. The following options are available to Supplier when responding to a Public Agency solicitation:

(A) Supplier may opt not to respond to the procurement solicitation. Supplier may make the Master Agreement available to the Public Agency as a comparison to its solicitation responses.

U.S. COMMUNITIES INFORMATION SUPPLIER QUALIFICATIONS

(B) Supplier may respond with the pricing, terms and conditions of the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement.

(C) If competitive conditions require pricing lower than the standard Master Agreement pricing, Supplier may submit lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement. Supplier would not be required to extend the lower price to other Public Agencies.

(D) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement. If awarded a contract, Supplier shall still be bound by all obligations set forth in the Administration Agreement, including, without limitation, the requirement to continue to advise the awarding Public Agency of the pricing, terms and conditions of the Master Agreement.

(E) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement and if an alternative response is permitted, Supplier may offer the pricing under the Master Agreement as an alternative for consideration.

(c) **Economy Commitment.** Supplier shall demonstrate the benefits, including the pricing advantage, of the Master Agreement over alternative options, including competitive solicitation pricing and shall proactively offer the terms and pricing under the Master Agreement to Public Agencies as a more effective alternative to the cost and time associated with such alternate bids and solicitations.

(d) **Sales Commitment.** Supplier shall market the Master Agreement through Supplier's sales force or dealer network that is properly trained, engaged and committed to offering the Master Agreement as Supplier's primary offering to Public Agencies. Supplier's sales force compensation and incentives shall be greater than or equal to the compensation and incentives earned under other contracts to Public Agencies.

(i) **Supplier Sales.** Supplier shall be responsible for proactive direct sales of Supplier's Products and Services to Public Agencies and the timely follow-up to sales leads identified by U.S. Communities. Use of product catalogs, targeted advertising, direct mail and other sales initiatives are encouraged. All of Supplier's sales materials targeted towards Public Agencies shall include the U.S. Communities logo. U.S. Communities hereby grants to Supplier, during the term of this Agreement, a non-exclusive, revocable, non-transferable, license to use the U.S. Communities name, trademark, and logo solely to perform its obligations under this Agreement, and for no other purpose. Any goodwill, rights, or benefits derived from Supplier's use of the U.S. Communities name, trademark, or logo shall inure to the benefit of U.S. Communities. U.S. Communities shall provide Supplier with its logo and the standards to be employed in the use of the logo. During the term of the Agreement, Supplier grants to U.S. Communities an express license to reproduce and use Supplier's name and logo in connection with the advertising, marketing and promotion of the Master Agreement to Public Agencies. Supplier shall assist U.S. Communities by providing camera-ready logos and by participating in related trade shows and conferences. At a minimum, Supplier's sales initiatives shall communicate that (i) the Master Agreement was competitively solicited by the Lead Public Agency, (ii) the Master Agreement provides the best government pricing, (iii) there is no cost to Participating Public

Supplier warrants that: (a) Supplier is the owner of or otherwise has the unrestricted right to grant the rights in and to Supplier Content as contemplated hereunder; and (b) the use of Supplier Content and any other materials or services provided to U.S. Communities as contemplated hereunder will not violate, infringe, or misappropriate the intellectual property rights or other rights of any third party.

3.3 **Supplier's Representations and Covenants.** Supplier hereby represents and covenants as follows in order to ensure that Supplier is providing the highest level of public benefit to Participating Public Agencies (such representations and covenants are sometimes referred to as "**Supplier's Commitments**") and are comprised of the Corporate Commitment, Pricing Commitment, Economy Commitment and Sales Commitment):

(a) **Corporate Commitment.**

(i) The pricing, terms and conditions of the Master Agreement shall, at all times, be Supplier's primary contractual offering of Products and Services to Public Agencies. All of Supplier's direct and indirect marketing and sales efforts to Public Agencies shall demonstrate that the Master Agreement is Supplier's primary offering and not just one of Supplier's contract options.

(ii) Supplier's sales force (including inside, direct and/or authorized dealers, distributors and representatives) shall always present the Master Agreement when marketing Products or Services to Public Agencies.

(iii) Supplier shall advise all Public Agencies that are existing customers of Supplier as to the pricing and other value offered through the Master Agreement.

(iv) Upon authorization by a Public Agency, Supplier shall transition such Public Agency to the pricing, terms and conditions of the Master Agreement.

(v) Supplier shall ensure that the U.S. Communities program and the Master Agreement are actively supported by Supplier's senior executive management.

(vii) Supplier shall demonstrate in its procurement solicitation response and throughout the term of the Master Agreement that national/senior management fully supports the U.S. Communities program and its commitments and requirements. National/Senior management is defined as the executive(s) with companywide authority.

(viii) Where Supplier has an existing contract for Products and Services with a

U.S. COMMUNITIES INFORMATION ADMINISTRATION AGREEMENT

state, Supplier shall notify the state of the Master Agreement and transition the state to the pricing, terms and conditions of the Master Agreement upon the state's request. Regardless of whether the state decides to transition to the Master Agreement, Supplier shall primarily offer the Master Agreement to all Public Agencies located within the state.

(b) Pricing Commitment.

(i) Supplier represents to U.S. Communities that the pricing offered under the Master Agreement is the lowest overall available pricing (net to purchaser) on Products and Services that it offers to Public Agencies. Supplier's pricing shall be evaluated on either an overall project basis or the Public Agency's actual usage for more frequently purchased Products and Services.

(ii) Contracts Offering Lower Prices. If a pre-existing contract and/or a Public Agency's unique buying pattern provide one or more Public Agencies a lower price than that offered under the Master Agreement, Supplier shall match that lower pricing under the Master Agreement and inform the eligible Public Agencies that the lower pricing is available under the Master Agreement. If an eligible Public Agency requests to be transitioned to the Master Agreement, Supplier shall do so and report the Public Agency's purchases made under the Master Agreement going forward. The price match only applies to the eligible Public Agencies. Below are three examples of Supplier's obligation to match the pricing under Supplier's contracts offering lower prices.

(A) Supplier holds a state contract with lower pricing that is available to all Public Agencies within the state. Supplier would be required to match the lower state pricing under the Master Agreement and make it available to all Public Agencies within the state.

(B) Supplier holds a regional cooperative contract with lower pricing that is available only to the ten cooperative members. Supplier would be required to match the lower cooperative pricing under the Master Agreement and make it available to the ten cooperative members.

(C) Supplier holds a contract with an individual Public Agency. The Public Agency contract does not contain any cooperative language and therefore other Public Agencies are not eligible to utilize the contract. Supplier would be required to match the lower pricing under the Master Agreement and make it available only to the individual Public Agency.

(iii) Deviating Buying Patterns. Occasionally U.S. Communities and Supplier may interact with a Public Agency that has a buying pattern or terms and conditions that considerably deviate from the normal Public Agency buying pattern and terms and conditions, and causes Supplier's pricing under the Master Agreement to be higher than an alternative contract held by Supplier. This could be created by a unique end-user preference or requirements. In the event that this situation occurs, Supplier may address the issue by lowering the price under the Master Agreement on the item(s) causing the large deviation for that Public Agency. Supplier would not be required to lower the price for other Public Agencies.

(iv) Supplier's Options in Responding to a Third Party Procurement Solicitation. While it is the objective of U.S. Communities to encourage Public Agencies to piggyback on to the Master Agreement rather than issue their own procurement solicitations, U.S. Communities recognizes that for various reasons some Public Agencies will issue their own solicitations. The

U.S. COMMUNITIES INFORMATION ADMINISTRATION AGREEMENT

following options are available to Supplier when responding to a Public Agency solicitation:

(A) Supplier may opt not to respond to the procurement solicitation. Supplier may make the Master Agreement available to the Public Agency as a comparison to its solicitation responses.

(B) Supplier may respond with the pricing, terms and conditions of the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement.

(C) If competitive conditions require pricing lower than the standard Master Agreement pricing, Supplier may submit lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales would be reported as sales under the Master Agreement. Supplier would not be required to extend the lower price to other Public Agencies.

(D) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement. If awarded a contract, Supplier shall still be bound by all obligations set forth in this Section 3.3, including, without limitation, the requirement to continue to advise the awarding Public Agency of the pricing, terms and conditions of the Master Agreement.

(E) Supplier may respond to the procurement solicitation with pricing that is higher (net to buyer) than the pricing offered under the Master Agreement and if an alternative response is permitted, Supplier may offer the pricing under the Master Agreement as an alternative for consideration.

(c) **Economy Commitment.** Supplier shall demonstrate the benefits, including the pricing advantage, of the Master Agreement over alternative options, including competitive solicitation pricing and shall proactively offer the terms and pricing under the Master Agreement to Public Agencies as a more effective alternative to the cost and time associated with such alternate bids and solicitations.

(d) **Sales Commitment.** Supplier shall market the Master Agreement through Supplier's sales force or dealer network that is properly trained, engaged and committed to offering the Master Agreement as Supplier's primary offering to Public Agencies. Supplier's sales force compensation and incentives shall be greater than or equal to the compensation and incentives earned under other contracts to Public Agencies.

(i) **Supplier Sales.** Supplier shall be responsible for proactive direct sales of Supplier's Products and Services to Public Agencies and the timely follow-up to sales leads identified by U.S. Communities. Use of product catalogs, targeted advertising, direct mail and other sales initiatives are encouraged. 3.4 Breach of Supplier's Representations and Covenants. The representations and covenants set forth in this Agreement are the foundation of the relationship between U.S. Communities and Supplier. If Supplier is found to be in violation of, or non-compliance with, one or more of the representations and covenants set forth in this Agreement, Supplier shall have ninety (90) days from the notice of default to cure such violation or non-compliance and, if Supplier fails to cure such violation or non-compliance within such notice period, it shall be deemed a cause for immediate termination of the Master Agreement at Lead Public Agency's sole discretion or this Agreement at U.S. Communities' sole discretion.

3.5 Indemnity. 4.1 Supplier shall, at Supplier's sole expense, maintain an accounting of all purchases made by Lead Public Agency and Participating Public Agencies under the Master Agreement. U.S. Communities and Lead Public Agency each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. U.S. Communities shall have the authority to conduct random audits of Supplier's pricing that is offered to Participating Public Agencies at U.S. Communities' sole cost and expense. Notwithstanding the foregoing, in the event that U.S. Communities is made aware of any pricing being offered to Participating Public Agencies that is materially inconsistent with the pricing under the Master Agreement, U.S. Communities shall have the ability to conduct an extensive audit of Supplier's pricing at Supplier's sole cost and expense. U.S. Communities may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Lead Public Agency or U.S. Communities.

ARTICLE V

FEES & REPORTING

U.S. COMMUNITIES INFORMATION ADMINISTRATION AGREEMENT

5.1 **Administrative Fees.** Supplier shall pay to U.S. Communities a monthly administrative fee based upon the total sales price of all purchases shipped and billed pursuant to the Master Agreement, excluding taxes, in the amount of two percent (2%) of aggregate purchases made during each calendar month (individually and collectively, "**Administrative Fees**"). Supplier's annual sales shall be measured on a calendar year basis. All Administrative Fees shall be payable in U.S. Dollars and shall be made by wire to U.S. Communities, or its designee or trustee as may be directed in writing by U.S. Communities. Administrative Fees shall be due and payable within thirty (30) days of the end of each calendar month for purchases shipped and billed during such calendar month. U.S. Communities agrees to pay to Lead Public Agency five percent (5%) of all Administrative Fees received from Supplier to help offset Lead Public Agency's costs incurred in connection with managing the Master Agreement nationally.

5.2 **Sales Reports.** Within thirty (30) days of the end of each calendar month, Supplier shall deliver to U.S. Communities an electronic accounting report, in the format prescribed by **Exhibit B**, attached hereto, summarizing all purchases made under the Master Agreement during such calendar month ("**Sales Report**"). All purchases indicated in the Sales Report shall be denominated in U.S. Dollars. All purchases shipped and billed pursuant to the Master Agreement for the applicable calendar month shall be included in the Sales Report. U.S. Communities reserves the right upon reasonable advance notice to Supplier to change the prescribed report format to accommodate the distribution of the Administrative Fees to its program sponsors and state associations.

(a) Monthly Sales Reports shall include all sales reporting under the Master Agreement, and a breakout of Environmental Preferable (Green) sales reporting. Supplier must make reasonable attempts at filling in all required information and contact U.S. Communities with a plan to correct any deficiencies of data field population.

(b) Submitted reports shall be verified by U.S. Communities against its registration database. Any data that is inconsistent with the registration database shall be changed prior to processing.

5.3 **Exception Reporting/Sales Reports Audits.** U.S. Communities or its designee may, at its sole discretion, compare Supplier's Sales Reports with Participating Public Agency records or other sales analysis performed by Participating Public Agencies, sponsors, advisory board members or U.S. Communities staff. If there is a material discrepancy between the Sales Report and such records or sales analysis as determined by U.S. Communities, U.S. Communities shall notify Supplier in writing and Supplier shall have thirty (30) days from the date of such notice to resolve the discrepancy to U.S. Communities' reasonable satisfaction. Upon resolution of the discrepancy, Supplier shall remit payment to U.S. Communities' trustee within fifteen (15) calendar days. Any questions regarding an exception report should be directed to U.S. Communities in writing to reporting@uscommunities.org. If Supplier does not resolve the discrepancy to U.S. Communities' reasonable satisfaction within thirty (30) days, U.S. Communities shall have the right to engage outside services to conduct an independent audit of Supplier's reports and Supplier shall be obligated to reimburse U.S. Communities for any and all costs and expenses incurred in connection with such audit.

5.4 **Online Reporting.** Within sixty (60) days of the end of each calendar quarter, U.S. Communities shall provide online reporting to Supplier containing Supplier's sales reporting for such calendar quarter. Supplier shall contact U.S. Communities within fifteen (15) days of receiving notification of the online reporting and report to U.S. Communities any concerns or disputes regarding the reports, including but not limited to concerns regarding the following:

Failure to provide a Sales Report or pay Administrative Fees within the time and in the manner specified herein shall be regarded as a material breach under this Agreement and if not cured within thirty (30) days of written notice to Supplier, shall be deemed a cause for termination of the Master Agreement at Lead Public Agency's sole discretion or this Agreement at U.S. Communities' sole discretion. All Administrative Fees not paid within thirty (30) days of the end of the previous calendar month shall bear interest at the rate of one and one-half percent (1.5%) per month until paid in full.

The mediation may continue, if the parties so agree, after the appointment of the arbitrator. Unless otherwise agreed by the parties, the mediator shall be disqualified from serving as arbitrator in the case. The pendency of a mediation shall not preclude a party from seeking provisional remedies in aid of the arbitration from a court of appropriate jurisdiction, and the parties agree not to defend against any application for provisional relief on the ground that a mediation is pending.

ADDENDUM No. 2

Sealed Bid# 14-5903

Roofing Supplies and Services, Waterproofing and Related Products and Services Cobb County Purchasing Department

March 17, 2014

A. Questions Received in Writing:

- Question: In the US Communities requirements, Section 7. Bonding Capacity, it states that bidders must be capable of securing a Performance Bond up to \$50,000,000. Since this is a local contract for Cobb County and the State of Georgia and Cobb County project totals are both under 3 million dollars per year, why is this a requirement?

Answer: Cobb County is the lead agency for this Cooperative Nationwide Solicitation with a requirement of no less than 2 turn-key jobs in at least 25 states the past 24 months. This contract will be applicable in all 50 states, therefore the 50mm bonding capacity is needed.

- Question: It seems to limit small business participation. Can the bonding capacity requirement be lowered to the equal the past year actual contract amount?

Answer: No, since this is a National Solicitation, the Bond Capacity is necessary.
