RECOMMENDATION

Rescind the Board's prior approval of for the installation of basketball court improvements with recognition signage, and ancillary park amenities such as a drinking fountain and fencing at the site of the existing concrete court, with the exception of work related to the restoration and repair of an existing retaining wall at Runyon Canyon Park. (Board Report No. Report No. 15-223).

SUMMARY

On November 4, 2015, the Board approved a project consisting of the repair and restoration of an existing retaining wall and installation of basketball improvements with ancillary park amenities at the site of an existing concrete court within Runyon Canyon Park (collectively, "the Project"). The Project was approved to be funded through a charitable contribution from Pink Dolphin Clothing, LLC (Pink Dolphin) to the Friends of Runyon Canyon Foundation (FORC), at no cost to the Department of Recreation and Parks (RAP) or the City of Los Angeles (City). The Project was to be implemented through a contract between FORC and B&W Holdings, Inc., (dba, Digital Interiors) and through a temporary, revocable Right of Entry Permit (No. 766) issued by RAP. The Board conditionally approved the Project contingent upon plans and specifications being approved by RAP's Planning, Construction and Maintenance Branch (PCM), and all required permits being obtained by FORC's selected contractor. There are no executed agreements for this Project between RAP and FORC or Pink Dolphin.

In addition to the restoration of an existing retaining wall in need of repair and replacement, the Project also included leveling and resurfacing the existing concrete court with non-slip material and court lines; demolition and removal of existing, fallen chain-link fencing; replacement of

fencing with the installation of new ten-foot high, coated fencing around the perimeter of the Court; installation of basketball equipment consisting of two (2) eight-inch (7 gauge) regulation height poles with overhang fixtures, tempered-glass backboards and heavy duty goals; installation of a new drinking fountain with related plumbing and connections; and the placement of a recognition logo on the court surface and installation of recognition signage.

On or about April 18, 2016, Citizens Preserving Runyon, an unincorporated association, and others, filed a lawsuit challenging the CEQA process performed by RAP for this project (Los Angeles Superior Court Case No. BS 161761). Additionally, there have been several community concerns expressed to the City related to the community engagement process for this project.

On or about May 17, 2016, FORC notified the City that after much review and input from park users, neighbors and stakeholders, FORC recommended that the basketball court Project be cancelled. RAP has also determined that it is in RAP's best interest to rescind and terminate the Board's prior action to approve the basketball court portion of the Project, including the installation of recognition signage and ancillary park amenities (fencing and drinking fountain). RAP acknowledges the necessity to obtain broader community input and/or environmental review should decisions be made regarding proposed future improvements or engaging other existing or proposed sponsorship funded projects at Runyon Canyon Park; however, The Department greatly appreciates and commends the donor's generous intentions to support park improvements at Runyon Canyon Park.

RAP's recommended rescission does not include the repairs to the existing retaining wall. The retaining wall repairs are independent from the proposed basketball court project and are needed in order to safely reopen adjacent hiking trails as well as a key fire service road. For these reasons staff recommends that the critical on-going retaining wall restoration be completed.

For the reasons set forth above, RAP recommends that the Board rescind its prior approval of Report No. 15-223 for the installation of basketball court improvements with recognition signage, and ancillary park amenities such as a drinking fountain and fencing at the site of the existing concrete court, with the exception of work related to the restoration and repair of the retaining wall. RAP is currently evaluating and reviewing cost estimates and plans for completing the remaining wall work and will soon bring those to the Board for approval, including information on the work completed to date and requests for funding allocations or mechanisms necessary to finish the remaining work.

FISCAL IMPACT STATEMENT

There is no fiscal impact to the RAP General Fund associated with the Board's rescission of its

prior action pending requests and evaluations for future allocations of funding needed to complete the retaining wall.

RECOMMENDATION

Approve a temporary modification of the operating hours of Runyon Canyon Park to close at 5:00 p.m. on July 2, 3, and 4, 2016.

SUMMARY

Our Nation's Independence Day is celebrated with a number of fireworks displays in the skies over Los Angeles. Runyon Canyon Park is a popular viewing area where many people gather on hill tops to view fireworks displays from afar. However, there is also the potential for people who gather to view legal fireworks displays to bring and discharge fireworks illegally in the park.

Illegal fireworks pose a potential fire risk to the various hillside and brush areas throughout the City, including Runyon Canyon. Due to the risk that these fireworks pose to the hillsides, it is therefore imperative that measures be taken to ensure that the public is safe from any potential fire danger. Therefore, it is recommended that Runyon Canyon Park be closed early on July 2, 3, and 4, 2016. Runyon Canyon's current hours of operation per Los Angeles Municipal Code (LAMC) Section 63.44 B.14(c), are "closed one hour after Sunset, and open one hour before Sunrise." Park Rangers and officers from the Los Angeles Police Department's Security Services Division plan to have units available to perform this early closure and to perform extra patrols until all fire danger from possible fireworks has subsided.

Council District Four, Region Operations staff, and Maintenance staff concur with this recommendation to temporarily modify the hours of operation at Runyon Canyon Park to close at 5:00 p.m. on July 2, 3, and 4, 2016.

BOARD REPORT

PG. 2 NO. 16-128

FISCAL IMPACT STATEMENT

This temporary change in hours of operation for Runyon Canyon Park may result in some overtime for Park Rangers, but will have no other fiscal impact on the Department's General Fund.

RECOMMENDATION

Accept the donation as noted in the Summary of this Report, and that appropriate recognition be given to the donor.

SUMMARY

In October 2008, the Park Ranger Mounted Unit was re-established through a donation from the Los Angeles Parks Foundation. This Unit is responsible for conducting visual patrols, making presentations for interpretive programs, and representing the Department of Recreation and Parks (RAP) at various events. With the assistance of trainer Heidi Paul, the Park Ranger Mounted Unit has become a competent and proficient unit.

In demonstration of community support for the Park Ranger Mounted Unit's continuing existence and development, Dena Lacey donated a Palomino Gelding named "JC Shot of Gold," also known as "Trigger." This donation is estimated to be valued at Ten Thousand Dollars (\$10,000.00).

Accepting this donation allows the Park Ranger Mounted Unit to have five horses for patrol of park trails, as well as expand the Unit's capability to provide a presence at various regional parks and at RAP functions and activities.

Documents in Attachment A include a Statement of Good Health from veterinarian Michael S. Peralez, DVM, medical history, and certification for the donated horse.

FISCAL IMPACT STATEMENT

Acceptance of this donation would incur an estimated annual cost of Eight Thousand, Four Hundred Dollars (\$8,400.00) for the maintenance and care of "Trigger."

Comments/Radiographic Findings

Trigger was an excellent horse to examine.

The RF lameness was visible on both soft and firm surfaces but worse on the firm ground. Close examination of the RF limb did not reveal any cause of lameness. There was no swelling, heat or pain in the RF leg. It was recommended that Trigger be shod and rechecked at a later date.

On 28 January 2016, Trigger was rechecked. He was shod with regular steel shoes in front two days prior to the recheck. Grade 2 lameness was still present in the RF limb but was much less obvious and less severe. No cause of the lameness was apparent. If lameness continues then further diagnostics, such as nerve blocks and xrays, may be necessary.

I, Michael S. Peralez, DVM, have on this day made a clinical examination of the above horse. The sole purpose of this examination is to collect information about this horse. This examination is not to be used as a prognosis or warranty for future use. I call the specific attention of the buyer to the medical history, clinical findings, and radiographic findings prior to the purchase of this horse.

SUMMARY

The Tennis Revenue Surcharge 090K Account within Fund 302 was established in Report No. 596-90 in 1990. The Tennis Revenue Account is comprised of nine pay for play tennis facilities each with their own sub-account numbers. A transfer of funds from the 090K00 Account to these sub-accounts is needed to support expenditures such as tennis court repairs and repainting, hardscape improvements, court lighting, purchase tennis nets and outdoor court seating as needed. The 090K account also supplements staff salaries when budget monies are depleted.

FISCAL IMPACT STATEMENT

There is no fiscal impact to the RAP's General Fund as this redistribution simply shifts funds from the General 090K00 Account to its own 090K-sub-accounts. The pay Tennis Revenue Surcharge will continue to generate a positive fiscal impact for RAP by sustaining facility maintenance and infrastructure improvements as well as providing revenue for the RAP's General Operation Fund.

1. Approve a proposed three year Personal Services Contract (Contract), between the City of Los Angeles and Carl Zeiss AG, a German Corporation (“Contractor”), for the routine maintenance and service of the Universarium MIX Model 555 Star Projector located in the Samuel Oschin Planetarium at Griffith Observatory, subject to the approval of the Mayor, and the City Attorney as to form;
2. Find that yearly maintenance of the Griffith Observatory Star Projector is exempt from competitive bidding, pursuant to Charter Section 371(e)(7), as the work is required to be performed by a sole source contractor, the projector manufacturer (Carl Zeiss AG), whose work is proprietary, with no training available for the services required;
3. Approve the total encumbrance and payment from Fund 302 Department 88 Account 003040, in the amount not to exceed Twenty-Five Thousand Dollars (\$25,000.00) per year for the aforementioned maintenance service in Fiscal Years 2015-2016, 2016-2017, 2017-2018, to equal a not-to-exceed total of Seventy-Five Thousand Dollars (\$75,000.00) for the proposed three year Contract;
4. Authorize the Department of Recreation and Parks’ (RAP) Chief Accounting Employee to make technical corrections as necessary to those transactions included in the Report to carry out the intent of this Report;
5. Direct the Board Secretary to transmit the proposed Contract to the Mayor in accordance with Executive Directive No. 3 and, concurrently, to the City Attorney for review and approval as to form; and,
6. Authorize the Board President and Secretary to execute the Agreement upon receipt of the necessary approvals.

BOARD REPORT

PG. 2

NO. 16-135

SUMMARY

The Universarium MIX Model 555 Star Projector (also known as the Universarium Mark IX Model 555 Star Projector or the Zeiss Universarium Mark IX Sky Projector) located in the Samuel Oschin Planetarium at Griffith Observatory is the most sophisticated planetarium projector in the world. It is an essential element of every public and school show that the Griffith Observatory produces. The Observatory presents eight to ten live planetarium shows to the public each day it is open. The Samuel Oschin Planetarium generates over Two Million Dollars (\$2,000,000.00) each year in revenue.

The Observatory's Zeiss star projector was purchased by Friends Of The Observatory (FOTO) in 2000 as part of the renovation and expansion of the Observatory. Later, FOTO formally transferred ownership of the projector to the City of Los Angeles via a gift agreement (signed November 2, 2005). The terms of the FOTO purchase contract included five no-cost maintenance service visits for the projector by technicians from Carl Zeiss AG, which were exhausted in 2012. This proposed Contract will be the second maintenance contract requested by the Griffith Observatory since taking fiscal and schedule responsibility in 2013. The first contract was C-123951.

Carl Zeiss AG is the sole manufacturer of the Universarium MIX #555 Star Projector and likewise the sole contractor capable of providing necessary overall maintenance. While the Observatory staff can and does perform basic projector maintenance (changing bulbs and ballasts, lubrication, cleaning), the annual servicing of the instrument is essential for proper long-term operation and care. Critical parts – and the process of their installation – are proprietary to the manufacturer of the equipment. Not properly servicing the projector would be placing at risk a multi-million dollar instrument at the heart of the Griffith Observatory experience.

FISCAL IMPACT STATEMENT

Annual costs for the maintenance service visit shall not exceed Twenty-Five Thousand Dollars (\$25,000.00) per year. Sufficient Griffith Observatory funds in this amount have been identified in Fund No. 302, Department 88, Account 003040. There is no additional impact to the RAP's General Fund.

WHEREAS, it is in the DEPARTMENT'S best interest to secure said services from CONTRACTOR; and,

WHEREAS, the Board of Recreation and Park Commissioners (BOARD) in its capacity as the contract awarding authority for the DEPARTMENT, finds pursuant to Charter Section 371(e)(7), that the use of competitive bidding would be impossible as the CONTRACTOR is the sole source for these services;

NOW, THEREFORE, CITY and CONTRACTOR, in consideration of the recitals above and of the terms, covenants, and conditions contained herein, agree as follows:

I. SCOPE OF SERVICES

Under the direction of the DEPARTMENT's General Manager, the Griffith Observatory Deputy Director, or designee, CONTRACTOR shall perform annual routine maintenance of the PROJECTOR as follows:

A. Maintenance Service to be provided by CONTRACTOR:

1. Maintenance includes, but is not limited to, all features specified in the Annexure (attached hereto and incorporated herein by reference as Exhibit B).
2. After completion of the maintenance a service report shall be signed by CONTRACTOR's service engineer and presented to the DEPARTMENT's representative(s) for countersigning.
3. The checklist shall be subject to changes according to modifications to the PROJECTOR caused by technological improvements.
4. Basic routine maintenance tasks (*i.e.*, including but not limited to such things as cleaning, lamp changes, operational tests, *etc.*) as stipulated in the CONTRACTOR-provided instruction manual shall be done by DEPARTMENT'S technicians on a regular basis between the annual CONTRACTOR visits.
5. CONTRACTOR will send at least one service engineer per annual visit. The service engineer shall write a service report, including a record of the daily work and description of the work carried out and of

any spare parts and auxiliary materials used. The service report shall be signed by the service engineer and DEPARTMENT's representative.

6. Repairs to the PROJECTOR which are not part of this maintenance and service agreement shall be subject to separate negotiations and charged separately. In case the necessity of such repairs occurs during the annual maintenance service, CONTRACTOR shall submit an estimate immediately.
7. Upon the failure of the equipment to perform in proper condition and functioning for safe operation as manufactured and tested according to the parameters of this agreement, CONTRACTOR will correct the equipment or software by adjustment or repair in place, or at CONTRACTOR's option, by replacement part(s) so that the PROJECTOR will be capable of meeting the performance specified in this agreement.
8. CONTRACTOR shall provide remote troubleshooting advice and counsel (primarily via email) regarding PROJECTOR issues that arise between annual maintenance services visits.

B. Parts and Materials:

1. DEPARTMENT shall regularly purchase wearing parts from the CONTRACTOR and keep a supply on hand. DEPARTMENT will make wearing parts available to the CONTRACTOR's service engineer if they are needed as part of the maintenance visit.
2. Unless arranged otherwise, CONTRACTOR will keep all spare parts and when needed, CONTRACTOR's service engineer will bring those spare parts that correspond to the defect description and install them. This contract does not include the cost of any parts that might be needed during the maintenance such as the wearing parts (e.g. lamps) and spare parts (e.g. for repair).
3. Use of any replacement parts other than those recommended by CONTRACTOR will invalidate any liability claim against CONTRACTOR, whether concerning any malfunction of the system or any consequential damage in connection therewith.

C. DEPARTMENT shall:

1. Assist CONTRACTOR in performing the obligations of this agreement by providing, in advance of the annual service visit, a detailed written description of the defects found in the PROJECTOR,

damage to and/or problems with the PROJECTOR. In addition, DEPARTMENT shall also provide a logbook for the PROJECTOR listing all irregularities with the PROJECTOR.

2. Assist with the customs clearance of the service luggage and other relevant formalities if applicable.
3. Assist in facilitating CONTRACTOR's service engineer acquiring medical treatment in case of illness or accident.
4. DEPARTMENT and CONTRACTOR shall schedule the date for the annual maintenance service at least three months before the start of the planned service.

The PROJECTOR shall not be used by CITY during the time that the maintenance service is being done. All other Observatory activities within the Samuel Oschin Planetarium during the servicing should be coordinated with CONTRACTOR's service engineer.
- C. CONTRACTOR shall provide materials, equipment, and personnel necessary for performance of services as described under SCOPE OF SERVICES. CONTRACTOR shall bear all costs for necessary permits, insurance, taxes, and all matters required for compliance with this agreement.

All titles, subtitles, or headings in this Contract have been inserted for convenience, and shall not be deemed to affect the meaning or construction of any of the terms or provisions hereof. The language of this Contract shall be construed according to its fair meaning and not strictly for or against the **CITY** or **CONTRACTOR**. The word "**CONTRACTOR**" herein in this Contract includes the party or parties identified in the Contract. The singular shall include the plural; if there is more than one **CONTRACTOR** herein, unless expressly stated otherwise, their obligations and liabilities hereunder shall be joint and several. Use of the feminine, masculine, or neuter genders shall be deemed to include the genders not used.

PSC-2. NUMBER OF ORIGINALS

The number of original texts of this Contract shall be equal to the number of the parties hereto, one text being retained by each party. At the **CITY'S** option, one or more additional original texts of this Contract may also be retained by the City.

PSC-3. APPLICABLE LAW, INTERPRETATION AND ENFORCEMENT

Each party's performance hereunder shall comply with all applicable laws of the United States of America, the State of California, and the **CITY**, including but not limited to, laws regarding health and safety, labor and employment, wage and hours and licensing laws which affect employees. This Contract shall be enforced and interpreted under the laws of the State of California without regard to conflict of law principles. **CONTRACTOR** shall comply with new, amended, or revised laws, regulations, and/or procedures that apply to the performance of this Contract.

In any action arising out of this Contract, **CONTRACTOR** consents to personal jurisdiction, and agrees to bring all such actions, exclusively in state or federal courts located in Los Angeles County, California.

If any part, term or provision of this Contract is held void, illegal, unenforceable, or in conflict with any law of a federal, state or local government having jurisdiction over this Contract, the validity of the remaining parts, terms or provisions of the Contract shall not be affected thereby.

PSC-5. INTEGRATED CONTRACT

This Contract sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous Contracts or understandings, whether written or oral, relating thereto. This Contract may be amended only as provided for in paragraph PSC-6 hereof.

PSC-6. AMENDMENT

All amendments to this Contract shall be in writing and signed and approved pursuant to the provisions of PSC-4.

PSC-7. EXCUSABLE DELAYS

In the event that performance on the part of any party hereto is delayed or suspended as a result of circumstances beyond the reasonable control and without the fault and negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. Circumstances deemed to be beyond the control of the parties hereunder include, but are not limited to, acts of God or of the public enemy; insurrection; acts of the Federal Government or any unit of State or Local Government in either sovereign or contractual capacity; fires; floods; earthquakes; epidemics; quarantine restrictions; strikes; freight embargoes or delays in transportation, to the extent that they are not caused by the party's willful or negligent acts or omissions, and to the extent that they are beyond the party's reasonable control.

PSC-8. BREACH

Except for excusable delays as described in PSC-7, if any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights

and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in no event shall any party recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

PSC-9. WAIVER

A waiver of a default of any part, term or provision of this Contract shall not be construed as a waiver of any succeeding default or as a waiver of the part, term or provision itself. A party's performance after the other party's default shall not be construed as a waiver of that default.

PSC-10. TERMINATION

A. TERMINATION FOR CONVENIENCE

The CITY may terminate this Contract for the CITY'S convenience at any time by giving CONTRACTOR thirty days written notice thereof. Upon receipt of said notice, CONTRACTOR shall immediately take action not to incur any additional obligations, cost or expenses, except as may be reasonably necessary to terminate its activities. The CITY shall pay CONTRACTOR its reasonable and allowable costs through the effective date of termination and those reasonable and necessary costs incurred by CONTRACTOR to affect such termination. Thereafter, CONTRACTOR shall have no further claims against the CITY under this Contract. All finished and unfinished documents and materials procured for or produced under this Contract, including all intellectual property rights thereto, shall become CITY property upon the date of such termination. CONTRACTOR agrees to execute any documents necessary for the CITY to perfect, memorialize, or record the CITY'S ownership of rights provided herein.

B. TERMINATION FOR BREACH OF CONTRACT

1. Except for excusable delays as provided in PSC-7, if CONTRACTOR fails to perform any of the provisions of this Contract or so fails to make progress as to endanger timely performance of this Contract, the CITY may give CONTRACTOR written notice of such default. If CONTRACTOR does not cure such default or provide a plan to cure such default which is acceptable to the CITY within the time permitted by the CITY, then the CITY may terminate this Contract due to CONTRACTOR'S breach of this Contract.
2. If a federal or state proceeding for relief of debtors is undertaken by or against CONTRACTOR, or if CONTRACTOR makes an assignment for the benefit of creditors, then the CITY may immediately terminate this Contract.
3. If CONTRACTOR engages in any dishonest conduct related to the performance or administration of this Contract or violates the

CITY'S lobbying policies, then the CITY may immediately terminate this Contract.

4. In the event the CITY terminates this Contract as provided in this section, the CITY may procure, upon such terms and in such manner as the CITY may deem appropriate, services similar in scope and level of effort to those so terminated, and **CONTRACTOR** shall be liable to the CITY for all of its costs and damages, including, but not limited, any excess costs for such services.
5. All finished or unfinished documents and materials produced or procured under this Contract, including all intellectual property rights thereto, shall become CITY property upon date of such termination. **CONTRACTOR** agrees to execute any documents necessary for the CITY to perfect, memorialize, or record the CITY'S ownership of rights provided herein.
6. If, after notice of termination of this Contract under the provisions of this section, it is determined for any reason that **CONTRACTOR** was not in default under the provisions of this section, or that the default was excusable under the terms of this Contract, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to PSC-10(A) Termination for Convenience.
7. The rights and remedies of the CITY provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

PSC-11. INDEPENDENT CONTRACTOR

CONTRACTOR is acting hereunder as an independent contractor and not as an agent or employee of the CITY. **CONTRACTOR** shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, or agents to be an agent or employee of the CITY.

PSC-12. CONTRACTOR'S PERSONNEL

Unless otherwise provided or approved by the CITY, **CONTRACTOR** shall use its own employees to perform the services described in this Contract. The CITY shall have the right to review and approve any personnel who are assigned to work under this Contract. **CONTRACTOR** agrees to remove personnel from performing work under this Contract if requested to do so by the CITY.

CONTRACTOR shall not use subcontractors to assist in performance of this Contract without the prior written approval of the CITY. If the CITY permits the use of subcontractors, **CONTRACTOR** shall remain responsible for performing all aspects of

this Contract. The CITY has the right to approve **CONTRACTOR'S** subcontractors, and the CITY reserves the right to request replacement of subcontractors. The CITY does not have any obligation to pay **CONTRACTOR'S** subcontractors, and nothing herein creates any privity between the CITY and the subcontractors.

PSC-13. PROHIBITION AGAINST ASSIGNMENT OR DELEGATION

CONTRACTOR may not, unless it has first obtained the written permission of the CITY:

- A. Assign or otherwise alienate any of its rights under this Contract, including the right to payment; or

PSC-14. PERMITS

CONTRACTOR and its directors, officers, partners, agents, employees, and subcontractors, to the extent allowed hereunder, shall obtain and maintain all licenses, permits, certifications and other documents necessary for **CONTRACTOR'S** performance hereunder and shall pay any fees required therefor. **CONTRACTOR** certifies to immediately notify the CITY of any suspension, termination, lapses, non-renewals, or restrictions of licenses, permits, certificates, or other documents.

PSC-15. CLAIMS FOR LABOR AND MATERIALS

CONTRACTOR shall promptly pay when due all amounts payable for labor and materials furnished in the performance of this Contract so as to prevent any lien or other claim under any provision of law from arising against any CITY property (including reports, documents, and other tangible or intangible matter produced by **CONTRACTOR** hereunder), against **CONTRACTOR'S** rights to payments hereunder, or against the CITY, and shall pay all amounts due under the Unemployment Insurance Act with respect to such labor.

PSC-16. CURRENT LOS ANGELES CITY BUSINESS TAX REGISTRATION CERTIFICATE REQUIRED

If applicable, **CONTRACTOR** represents that it has obtained and presently holds the Business Tax Registration Certificate(s) required by the CITY'S Business Tax Ordinance, Section 21.00 *et seq.* of the Los Angeles Municipal Code. For the term covered by this Contract, **CONTRACTOR** shall maintain, or obtain as necessary, all such Certificates required of it under the Business Tax Ordinance, and shall not allow any such Certificate to be revoked or suspended.

PSC-17. RETENTION OF RECORDS, AUDIT AND REPORTS

CONTRACTOR shall maintain all records, including records of financial transactions, pertaining to the performance of this Contract, in their original form, in accordance with

requirements prescribed by the CITY. These records shall be retained for a period of no less than three years following final payment made by the CITY hereunder or the expiration date of this Contract, whichever occurs last. Said records shall be subject to examination and audit by authorized CITY personnel or by the CITY'S representative at any time during the term of this Contract or within the three years following final payment made by the CITY hereunder or the expiration date of this Contract, whichever occurs last. **CONTRACTOR** shall provide any reports requested by the CITY regarding performance of this Contract. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract.

PSC-18. FALSE CLAIMS ACT

CONTRACTOR acknowledges that it is aware of liabilities resulting from submitting a false claim for payment by the CITY under the False Claims Act (Cal. Gov. Code §§ 12650 *et seq.*), including treble damages, costs of legal actions to recover payments, and civil penalties of up to \$10,000 per false claim.

PSC-19. BONDS

All bonds which may be required hereunder shall conform to CITY requirements established by Charter, ordinance or policy, and shall be filed with the Office of the City Administrative Officer, Risk Management for its review and acceptance in accordance with Sections 11.47 through 11.56 of the Los Angeles Administrative Code.

PSC-20. INDEMNIFICATION

Except for the active negligence or willful misconduct of the CITY, or any of its Boards, Officers, Agents, Employees, Assigns and Successors in Interest, **CONTRACTOR** undertakes and agrees to defend, indemnify and hold harmless the CITY and any of its Boards, Officers, Agents, Employees, Assigns, and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the CITY, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever, for death or injury to any person, including **CONTRACTOR'S** employees and agents, or damage or destruction of any property of either party hereto or of third parties, arising in any manner by reason of the negligent acts, errors, omissions or willful misconduct incident to the performance of this Contract by **CONTRACTOR** or its subcontractors of any tier. Rights and remedies available to the CITY under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the CITY. The provisions of PSC-20 shall survive expiration or termination of this Contract.

PSC-21. INTELLECTUAL PROPERTY INDEMNIFICATION

CONTRACTOR, at its own expense, undertakes and agrees to defend, indemnify, and hold harmless the CITY, and any of its Boards, Officers, Agents, Employees, Assigns,

and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees (both in house and outside counsel) and cost of litigation (including all actual litigation costs incurred by the CITY, including but not limited to, costs of experts and consultants), damages or liability of any nature whatsoever arising out of the infringement, actual or alleged, direct or contributory, of any intellectual property rights, including, without limitation, patent, copyright, trademark, trade secret, right of publicity and proprietary information right (1) on or in any design, medium, matter, article, process, method, application, equipment, device, instrumentation, software, hardware, or firmware used by CONTRACTOR, or its subcontractors of any tier, in performing the work under this Contract; or (2) as a result of the CITY'S actual or intended use of any Work Product furnished by CONTRACTOR, or its subcontractors of any tier, under the Agreement. Rights and remedies available to the CITY under this provision are cumulative of those provided for elsewhere in this Contract and those allowed under the laws of the United States, the State of California, and the CITY. The provisions of PSC-21 shall survive expiration or termination of this Contract.

PSC-22. INTELLECTUAL PROPERTY WARRANTY

CONTRACTOR represents and warrants that its performance of all obligations under this Contract does not infringe in any way, directly or contributorily, upon any third party's intellectual property rights, including, without limitation, patents, copyrights, trademarks, trade secrets, rights of publicity and proprietary information.

PSC-23. OWNERSHIP AND LICENSE

Unless otherwise provided for herein, all Work Products originated and prepared by **CONTRACTOR** or its subcontractors of any tier under this Contract shall be and remain the exclusive property of the CITY for its use in any manner it deems appropriate. Work Products are all works, tangible or not, created under this Contract including, without limitation, documents, material, data, reports, manuals, specifications, artwork, drawings, sketches, computer programs and databases, schematics, photographs, video and audiovisual recordings, sound recordings, marks, logos, graphic designs, notes, websites, domain names, inventions, processes, formulas matters and combinations thereof, and all forms of intellectual property. **CONTRACTOR** hereby assigns, and agrees to assign, all goodwill, copyright, trademark, patent, trade secret and all other intellectual property rights worldwide in any Work Products originated and prepared by **CONTRACTOR** under this Contract. **CONTRACTOR** further agrees to execute any documents necessary for the CITY to perfect, memorialize, or record the CITY'S ownership of rights provided herein.

For all Work Products delivered to the CITY that are not originated or prepared by **CONTRACTOR** or its subcontractors of any tier under this Contract, **CONTRACTOR** hereby grants a non-exclusive perpetual license to use such Work Products for any CITY purposes.

CONTRACTOR shall not provide or disclose any Work Product to any third party without prior written consent of the **CITY**.

Any subcontract entered into by **CONTRACTOR** relating to this Contract, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract to contractually bind or otherwise oblige its subcontractors performing work under this Contract such that the **CITY'S** ownership and license rights of all Work Products are preserved and protected as intended herein. Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of **CONTRACTOR'S** contract with the **CITY**.

PSC-24. INSURANCE

During the term of this Contract and without limiting **CONTRACTOR'S** indemnification of the **CITY**, **CONTRACTOR** shall provide and maintain at its own expense a program of insurance having the coverages and limits customarily carried and actually arranged by **CONTRACTOR**, but not less than the amounts and types listed on the Required Insurance and Minimum Limits sheet (Form General 146 in Exhibit 1 hereto), covering its operations hereunder. On their or either of their request **CONTRACTOR** shall provide evidence that he or she has or will comply therewith.
- E. The failure of any **CONTRACTOR** to comply with the Equal Employment Practices provisions of this Contract may be deemed to be a material breach of **CITY** contracts. Such failure shall only be established upon a finding to that effect by the awarding authority, on the basis of its own investigation or that of the Board of Public Works, Office of Contract Compliance. No such finding shall be made or penalties assessed except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.
- F. Upon a finding duly made that **CONTRACTOR** has failed to comply with the Equal Employment Practices provisions of a **CITY** contract, the contract may be forthwith canceled, terminated or suspended, in whole or in part, by the awarding authority, and all monies due or to become due hereunder may be forwarded to and retained by the **CITY**. In addition thereto, such failure to comply may be the basis for a determination by the awarding authority or the Board of Public Works that the **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Charter of the City of Los Angeles. In the event of such a determination, **CONTRACTOR** shall be disqualified from being awarded a contract with the **CITY** for a period of two years, or until **CONTRACTOR** shall establish and carry out a program in conformance with the provisions hereof.
- G. Notwithstanding any other provision of this Contract, the **CITY** shall have any and all other remedies at law or in equity for any breach hereof.
- H. Intentionally blank.
- I. Nothing contained in this Contract shall be construed in any manner so as to require or permit any act which is prohibited by law.
- J. At the time a supplier registers to do business with the **CITY**, or when an individual bid or proposal is submitted, **CONTRACTOR** shall agree to adhere to the Equal Employment Practices specified herein during the performance or conduct of **CITY** Contracts.

- K. Equal Employment Practices shall, without limitation as to the subject or nature of employment activity, be concerned with such employment practices as:
1. Hiring practices;
 2. Apprenticeships where such approved programs are functioning, and other on-the-job training for non-apprenticeable occupations;
 3. Training and promotional opportunities; and
 4. Reasonable accommodations for persons with disabilities.
- L. Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. Failure of **CONTRACTOR** to comply with this requirement or to obtain the compliance of its subcontractors with all such obligations shall subject **CONTRACTOR** to the imposition of any and all sanctions allowed by law, including but not limited to termination of the **CONTRACTOR'S** Contract with the **CITY**.

PSC-29. AFFIRMATIVE ACTION PROGRAM

Unless otherwise exempt, this Contract is subject to the affirmative action program provisions in Section 10.8.4 of the Los Angeles Administrative Code, as amended from time to time.

- A. During the performance of a **CITY** contract, **CONTRACTOR** certifies and represents that **CONTRACTOR** and each subcontractor hereunder will adhere to an affirmative action program to ensure that in its employment practices, persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
1. This provision applies to work or services performed or materials manufactured or assembled in the United States.
 2. Nothing in this section shall require or prohibit the establishment of new classifications of employees in any given craft, work or service category.
 3. **CONTRACTOR** shall post a copy of Paragraph A hereof in conspicuous places at its place of business available to employees and applicants for employment.
- B. **CONTRACTOR** will, in all solicitations or advertisements for employees placed by or on behalf of **CONTRACTOR**, state that all qualified applicants will receive consideration for employment without regard to

their race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.

- C. As part of the CITY'S supplier registration process, and/or at the request of the awarding authority or the Office of Contract Compliance, **CONTRACTOR** shall certify on an electronic or hard copy form to be supplied, that **CONTRACTOR** has not discriminated in the performance of CITY contracts against any employee or applicant for employment on the basis or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.
- D. **CONTRACTOR** shall permit access to and may be required to provide certified copies of all of its records pertaining to employment and to its employment practices by the awarding authority or the Office of Contract Compliance, for the purpose of investigation to ascertain compliance with the Affirmative Action Program provisions of CITY contracts, and on their or either of their request to provide evidence that it has or will comply therewith.
- E. The failure of any **CONTRACTOR** to comply with the Affirmative Action Program provisions of CITY contracts may be deemed to be a material breach of contract. Such failure shall only be established upon a finding to that effect by the awarding authority, on the basis of its own investigation or that of the Board of Public Works, Office of Contract Compliance. No such finding shall be made except upon a full and fair hearing after notice and an opportunity to be heard has been given to **CONTRACTOR**.
- F. Upon a finding duly made that **CONTRACTOR** has breached the Affirmative Action Program provisions of a CITY contract, the contract may be forthwith cancelled, terminated or suspended, in whole or in part, by the awarding authority, and all monies due or to become due hereunder may be forwarded to and retained by the CITY. In addition thereto, such breach may be the basis for a determination by the awarding authority or the Board of Public Works that the said **CONTRACTOR** is an irresponsible bidder or proposer pursuant to the provisions of Section 371 of the Los Angeles City Charter. In the event of such determination, such **CONTRACTOR** shall be disqualified from being awarded a contract with the CITY for a period of two years, or until he or she shall establish and carry out a program in conformance with the provisions hereof.
- G. In the event of a finding by the Fair Employment and Housing Commission of the State of California, or the Board of Public Works of the City of Los Angeles, or any court of competent jurisdiction, that **CONTRACTOR** has been guilty of a willful violation of the California Fair Employment and Housing Act, or the Affirmative Action Program provisions of a CITY contract, there may be deducted from the amount payable to **CONTRACTOR** by the CITY under the contract, a penalty of ten dollars

(\$10.00) for each person for each calendar day on which such person was discriminated against in violation of the provisions of a **CITY** contract.

- H. Notwithstanding any other provisions of a **CITY** contract, the **CITY** shall have any and all other remedies at law or in equity for any breach hereof.
- I. Intentionally blank.
- J. Nothing contained in **CITY** contracts shall be construed in any manner so as to require or permit any act which is prohibited by law.
- K. **CONTRACTOR** shall submit an Affirmative Action Plan which shall meet the requirements of this chapter at the time it submits its bid or proposal or at the time it registers to do business with the **CITY**. The plan shall be subject to approval by the Office of Contract Compliance prior to award of the contract. The awarding authority may also require contractors and suppliers to take part in a pre-registration, pre-bid, pre-proposal, or pre-award conference in order to develop, improve or implement a qualifying Affirmative Action Plan. Affirmative Action Programs developed pursuant to this section shall be effective for a period of twelve months from the date of approval by the Office of Contract Compliance. In case of prior submission of a plan, **CONTRACTOR** may submit documentation that it has an Affirmative Action Plan approved by the Office of Contract Compliance within the previous twelve months. If the approval is 30 days or less from expiration, **CONTRACTOR** must submit a new Plan to the Office of Contract Compliance and that Plan must be approved before the contract is awarded.
 - 1. Every contract of \$5,000 or more which may provide construction, demolition, renovation, conservation or major maintenance of any kind shall in addition comply with the requirements of Section 10.13 of the Los Angeles Administrative Code.
 - 2. **CONTRACTOR** may establish and adopt as its own Affirmative Action Plan, by affixing his or her signature thereto, an Affirmative Action Plan prepared and furnished by the Office of Contract Compliance, or it may prepare and submit its own Plan for approval.
- L. The Office of Contract Compliance shall annually supply the awarding authorities of the **CITY** with a list of contractors and suppliers who have developed Affirmative Action Programs. For each contractor and supplier the Office of Contract Compliance shall state the date the approval expires. The Office of Contract Compliance shall not withdraw its approval for any Affirmative Action Plan or change the Affirmative Action Plan after the date of contract award for the entire contract term without the mutual agreement of the awarding authority and **CONTRACTOR**.

- M. The Affirmative Action Plan required to be submitted hereunder and the pre-registration, pre-bid, pre-proposal or pre-award conference which may be required by the Board of Public Works, Office of Contract Compliance or the awarding authority shall, without limitation as to the subject or nature of employment activity, be concerned with such employment practices as:
1. Apprenticeship where approved programs are functioning, and other on-the-job training for non-apprenticeable occupations;
 2. Classroom preparation for the job when not apprenticeable;
 3. Pre-apprenticeship education and preparation;
 4. Upgrading training and opportunities;
 5. Encouraging the use of contractors, subcontractors and suppliers of all racial and ethnic groups, provided, however, that any contract subject to this ordinance shall require the contractor, subcontractor or supplier to provide not less than the prevailing wage, working conditions and practices generally observed in private industries in the contractor's, subcontractor's or supplier's geographical area for such work;
 6. The entry of qualified women, minority and all other journeymen into the industry; and
 7. The provision of needed supplies or job conditions to permit persons with disabilities to be employed, and minimize the impact of any disability.
- N. Any adjustments which may be made in the contractor's or supplier's workforce to achieve the requirements of the CITY'S Affirmative Action Contract Compliance Program in purchasing and construction shall be accomplished by either an increase in the size of the workforce or replacement of those employees who leave the workforce by reason of resignation, retirement or death and not by termination, layoff, demotion or change in grade.
- O. Affirmative Action Agreements resulting from the proposed Affirmative Action Plan or the pre-registration, pre-bid, pre-proposal or pre-award conferences shall not be confidential and may be publicized by the contractor at his or her discretion. Approved Affirmative Action Agreements become the property of the CITY and may be used at the discretion of the CITY in its Contract Compliance Affirmative Action Program.
- P. Intentionally blank.

- Q. All contractors subject to the provisions of this section shall include a like provision in all subcontracts awarded for work to be performed under the contract with the **CITY** and shall impose the same obligations, including but not limited to filing and reporting obligations, on the subcontractors as are applicable to the contractor. Failure of the contractor to comply with this requirement or to obtain the compliance of its subcontractors with all such obligations shall subject the contractor to the imposition of any and all sanctions allowed by law, including but not limited to termination of the contractor's contract with the **CITY**.

PSC-30. CHILD SUPPORT ASSIGNMENT ORDERS

Any subcontract entered into by **CONTRACTOR**, to the extent allowed hereunder, shall include a like provision for work to be performed under this Contract. Failure of **CONTRACTOR** to obtain compliance of its subcontractors shall constitute a default by **CONTRACTOR** under this Contract, subjecting this Contract to termination where such default shall continue for more than ninety (90) days after notice of such default to **CONTRACTOR** by the **CITY**.

CONTRACTOR certifies that, to the best of its knowledge, it is fully complying with the Earnings Assignment Orders of all employees, and is providing the names of all new employees to the New Hire Registry maintained by the Employment Development Department as set forth in Section 7110(b) of the California Public Contract Code.

Unless otherwise exempt, this Contract is subject to the applicable provisions of the Living Wage Ordinance (LWO), Section 10.37 *et seq.* of the Los Angeles Administrative Code, as amended from time to time, and the Service Contractor Worker Retention Ordinance (SCWRO), Section 10.36 *et seq.*, of the Los Angeles Administrative Code, as amended from time to time. These Ordinances require the following:

 2. **CONTRACTOR** further pledges that it will comply with federal law proscribing retaliation for union organizing and will not retaliate for activities related to the LWO. **CONTRACTOR** shall require each of its subcontractors within the meaning of the LWO to pledge to comply with the terms of federal law proscribing retaliation for union organizing. **CONTRACTOR** shall deliver the executed pledges from each such subcontractor to the **CITY** within ninety (90) days of the execution of the subcontract. **CONTRACTOR'S** delivery of executed pledges from each such subcontractor shall fully discharge the obligation of **CONTRACTOR** with respect to such pledges and fully discharge the obligation of **CONTRACTOR** to comply with the provision in the LWO contained in Section 10.37.6(c) concerning compliance with such federal law.
 3. **CONTRACTOR**, whether an employer, as defined in the LWO, or any other person employing individuals, shall not discharge, reduce in compensation, or otherwise discriminate against any employee for complaining to the **CITY** with regard to the employer's compliance or anticipated compliance with the LWO, for opposing any practice proscribed by the LWO, for participating in proceedings related to the LWO, for seeking to enforce his or her rights under the LWO by any lawful means, or otherwise asserting rights under the LWO. **CONTRACTOR** shall post the Notice of Prohibition Against Retaliation provided by the **CITY**.
 4. Any subcontract entered into by **CONTRACTOR** relating to this Contract, to the extent allowed hereunder, shall be subject to the provisions of PSC-31 and shall incorporate the provisions of the LWO and the SCWRO.

Impoundment shall mean that from monies due **CONTRACTOR**, **CITY** may deduct the amount determined to be due and owing by **CONTRACTOR** to its employees. Such monies shall be placed in the holding account referred to in LWO Section 10.37.6(d)(3) and disposed of under procedures described therein through final and binding arbitration. Whether **CONTRACTOR** is to continue work following an impoundment shall remain in the sole discretion of the **CITY**. **CONTRACTOR** may not elect to discontinue work either because there has been an impoundment or because of the ultimate disposition of the impoundment by the arbitrator.

CITY OF LOS ANGELES

INSTRUCTIONS AND INFORMATION
ON COMPLYING WITH CITY INSURANCE REQUIREMENTS

(Share this information with your insurance agent or broker)

1. **Agreement/Reference** All evidence of insurance must identify the nature of your business with the CITY. Clearly show any assigned number of a bid, contract, lease, permit, etc. or give the project name and the job site or street address to ensure that your submission will be properly credited. Provide the types of coverage and minimum dollar amounts specified on the Required Insurance and Minimum Limits sheet (Form Gen. 146) included in your CITY documents.

2. **When to submit** Normally, no work may begin until a CITY insurance certificate approval number ("CA number") has been obtained, so insurance documents should be submitted as early as practicable. For **As-needed Contracts**, insurance need not be submitted until a specific job has been awarded. **Design Professionals** coverage for new construction work may be submitted simultaneously with final plans and drawings, but before construction commences.

3. **Acceptable Evidence and Approval** Electronic submission is the best method of submitting your documents. Track4LA[®] is the CITY's online insurance compliance system and is designed to make the experience of submitting and retrieving insurance information quick and easy. The system is designed to be used by insurance brokers and agents as they submit client insurance certificates directly to the City. It uses the standard insurance industry form known as the ACORD 25 Certificate of Liability Insurance in electronic format – the CITY is a licensed redistributor of ACORD forms. Track4LA[®] advantages include standardized, universally accepted forms, paperless approval transactions (24 hours, 7 days per week), and security checks and balances. The easiest and quickest way to obtain approval of your insurance is to have your insurance broker or agent access Track4LA[®] at <http://track4la.lacity.org> and follow the instructions to register and submit the appropriate proof of insurance on your behalf.

Insurance industry certificates other than the ACORD 25 that have been approved by the State of California may be accepted, however *submissions other than through Track4LA[®] will significantly delay the insurance approval process as documents will have to be manually processed.* All Certificates must provide a thirty (30) days' cancellation notice provision (ten (10) days for non-payment of premium) AND an Additional Insured Endorsement naming the CITY an additional insured completed by your insurance company or its designee. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the CITY is an automatic or blanket additional insured. An endorsement naming the CITY an Additional Named Insured and Loss Payee as Its Interests May Appear is required on property policies. All evidence of insurance must be authorized by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter. Completed Insurance Industry Certificates other than ACORD 25 Certificates are sent electronically to CAO.insurance.bonds@lacity.org.

Additional Insured Endorsements DO NOT apply to the following:

- Indication of compliance with statute, such as Workers' Compensation Law.
- Professional Liability insurance.

Verification of approved insurance and bonds may be obtained by checking Track4LA[®], the CITY's online insurance compliance system, at <http://track4la.lacity.org>.

4. **Renewal** When an existing policy is renewed, have your insurance broker or agent submit a new Acord 25 Certificate or edit the existing Acord 25 Certificate through Track4LA[®] at <http://track4la.lacity.org>.

5. **Alternative Programs/Self-Insurance** Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the CITY has reviewed the relevant audited financial statements. To initiate a review of your program, you should complete the Applicant's Declaration of Self Insurance form (<http://cao.lacity.org/risk/InsuranceForms.htm>) to the Office of the City Administrative Officer, Risk Management for consideration.

6. **General Liability** insurance covering your operations (and products, where applicable) is required whenever the CITY is at risk of third-party claims which may arise out of your work or your presence or special event on City premises. **Sexual Misconduct** coverage is a required coverage when the work performed involves minors. **Fire Legal Liability** is required for persons occupying a portion of CITY premises. Information on two CITY insurance programs, the SPARTA program, an optional source of low-cost insurance which meets the most minimum requirements, and the Special Events Liability Insurance Program, which provides liability coverage for short-term special events on CITY premises or streets, is available at (www.2sparta.com), or by calling (800) 420-0555.

7. **Automobile Liability** insurance is required only when vehicles are used in performing the work of your Contract or when they are driven off-road on CITY premises; it is not required for simple commuting unless CITY is paying mileage. However, compliance with California law requiring auto liability insurance is a contractual requirement.

8. **Errors and Omissions** coverage will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.

9. **Workers' Compensation and Employer's Liability** insurance are not required for single-person contractors. However, under state law these coverages (or a copy of the state's Consent To Self Insure) must be provided if you have any employees at any time during the period of this contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement (<http://cao.lacity.org/risk/InsuranceForms.htm>). A Waiver of Subrogation on the coverage is required only for jobs where your employees are working on CITY premises under hazardous conditions, e.g., uneven terrain, scaffolding, caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer's right to recover (from the CITY) any workers' compensation paid to an injured employee of the contractor.

10. **Property Insurance** is required for persons having exclusive use of premises or equipment owned or controlled by the CITY. **Builder's Risk/Course of Construction** is required during construction projects and should include building materials in transit and stored at the project site.

11. **Surety** coverage may be required to guarantee performance of work and payment to vendors and suppliers. A **Crime Policy** may be required to handle CITY funds or securities, and under certain other conditions. **Specialty coverages** may be needed for certain operations. For assistance in obtaining the CITY required bid, performance and payment surety bonds, please see the City of Los Angeles Bond Assistance Program website address at <http://cao.lacity.org/risk/BondAssistanceProgram.pdf> or call (213) 258-3000 for more information.

RECOMMENDATIONS

1. Approve a proposed Amendment comprised of three years with two of those years as extension options, herein included as Attachment 1, to Personal Services Contract No. 3455 (Contract), between the City of Los Angeles and Christopher Shelton, a sole proprietor (Contractor), to continue the provision of the performance director services, on an as-needed basis, for the live performer productions at the Samuel Oschin Planetarium Theatre at the Griffith Observatory, subject to the approval of the Mayor, and the City Attorney as to form;
2. Find, in accordance with the Charter Section 1022 Personnel Review of December 12, 2012, herein included as Attachment 2, that the City does not have personnel available in its employ with sufficient expertise to provide these professional services and that it is more economical and feasible to secure the services of an independent contractor;
3. Find, in accordance with Charter Section 371(e)(2), that for the temporary continuation of expert and specialized professional services at the Griffith Observatory, competitive bidding is not practicable or advantageous;
4. Find in accordance with Los Angeles Administrative Code Section 10.5(b)(2), that the proposed Amendment does not require approval by City Council, as annual payments to or by the City do not exceed the current annual Consumer Price Index (CPI) adjusted Contract Exemption Limit of One Hundred Forty-Three Thousand, Eight Hundred Ninety Dollars (\$143,890.00);
5. Approve the Amendment encumbrance of One Hundred Fifty Thousand Dollars (\$150,000.00) should all three years of options be extended, at a not-to-exceed annual

amount of Fifty Thousand Dollars (\$50,000.00), which will bring the six-year contract not-to-exceed total to Two Hundred Seventy Thousand Dollars (\$270,000.00), and include the approval of the first year extension option to July 9, 2017, with the balance of extension options to be approved by the General Manager or Designee; from Fund 302, Department 89, Account 3040, Activity Code 7800.

6. Authorize the Department of Recreation and Parks' (RAP) Chief Accounting Employee to make technical corrections as necessary to those transactions included in the Contract to carry out the intent of this Report;
7. Direct the Board Secretary to transmit the proposed Amendment to the Mayor in accordance with Executive Directive No. 3 and, concurrently, to the City Attorney for review and approval as to form; and,
8. Authorize the Board President and Secretary to execute the Amendment upon receipt of the necessary approvals.

SUMMARY

The Griffith Observatory has an eighty-one (81) year tradition of providing live planetarium presentations for its visitors. The Samuel Oschin Planetarium, which opened in 2006 as part of the renovated and expanded Observatory building, uses performers for all its shows. Initial and ongoing performer training, with related theatrical support services for the live performances, is critical for program success and is provided by the Performance Director.

The most recent Performance Director Contract (Personal Services Contract No. 3455) was awarded on March 20, 2013 (Report No. 13-077) to Christopher Shelton.

On July 10, 2013, the contract with Christopher Shelton was executed for a term of one year, with two one-year options to extend, which were exercised by the General Manager in an amount not to exceed Forty Thousand Dollars (\$40,000.00) per year. The Contract is set to expire July 9, 2016. Griffith Observatory is seeking to continue Mr. Shelton's services because of the exceptional job he has done over the last ten years. His training of our Observatory Lecturers has gained the Observatory extensive public praise and media attention for the quality, consistency, and uniqueness of the performances in the Samuel Oschin Planetarium. Mr. Shelton has a profound understanding of the astronomical subject matter and the unique presentational environment of a planetarium, all informed by a lifetime of expertise in theatrical arts. He is as singular in his qualifications and success as the celestial experience he supports. Mr. Shelton is in agreement that the hourly compensation rate remain the same and that the various projects will require additional time at the Observatory and has agreed to a Ten Thousand Dollar (\$10,000.00) a year increase to Fifty Thousand Dollars (\$50,000.00) for each of the proposed years four through six.

RAP Staff recommends increasing the contract ceiling for Personal Services Contract No. 3455 from One Hundred and Twenty Thousand Dollars (\$120,000.00) to Two Hundred Seventy Thousand Dollars (\$270,000.00) and extending the term from three years to six years through

BOARD REPORT

PG. 3

NO. 16-136

July 9, 2019. The fourth year option to extend is approved by execution of the amendment and the fifth and six year extensions remain options to extend at the sole discretion of the General Manager. This contract extension will allow RAP to continue to meet the on-going performance needs of the Samuel Oschin Planetarium.

FISCAL IMPACT STATEMENT

Sufficient funds in the amount of One Hundred Fifty Thousand Dollars (\$150,000.00) have been identified in fund No. 302, Department 88, Account 3040, Activity Code 7800. There is no additional impact to the RAP's General Fund.

SUMMARY:

The Department of Recreation and Parks seeks a contract with Performance Director Christopher Shelton for all services related to the live performances by Observatory Lecturers at the Griffith Observatory's Planetarium. The department indicated that because only a handful of planetariums worldwide offer shows with live lecturers, there are only two or three theatrical directors in the United States who have the experience needed to plan and direct such planetarium performances. The department indicated that Christopher Shelton is the only such director in Southern California with the required expertise in both astronomical subject matter and the theatrical arts. There are no City classifications that provide the required services, and the department indicated that none of its current staff possess the necessary expertise to perform these tasks.

1. Authorize the Department of Recreation and Parks (RAP) Chief Accounting Employee to establish the necessary account and/or to appropriate funding received within "Recreation and Parks Grant" Fund 205 for the Harbor Highlands Park; and,

SUMMARY

Vesting Tentative Tract No. 62465 is a 134-unit residential condominium development located at 1427 North Gaffey Street in San Pedro. According to the conditions of approval dictated by the Department of City Planning in 2007, the developer, Harbor Highlands Group, LLC, must pay RAP the required in-lieu Quimby fee and an additional fee for improvements at Harbor Highlands Park.

RAP's condition of approval states: "Prior to the recordation of the final map, the subdivider shall execute and record a Covenant and Agreement binding the subdivider upon close of escrow for sale of each residential unit constructed within the Project, the sum of Three Thousand, Seven Hundred Thirty-One Dollars and 35 Cents (\$3,731.35) shall be paid directly from Escrow to the City of Los Angeles Department of Recreation and Parks all satisfactorily to the Department of Recreation and Parks (Such payment shall be apart from and in addition to the Quimby fee and shall be held in a dedicated account for the purpose of improvements to Harbor Highlands Park)."

BOARD REPORT

PG. 2 NO. 16-137

The Covenant and Agreement was recorded in 2009 (Covenant No. 2009198865). Based on the Covenant and Agreement, the developer owes RAP Five Hundred Thousand Dollars and Ninety Cents (\$500,000.90) in addition to in-lieu Quimby fees, which were paid in 2010. Thus far, RAP has received Four Hundred Two Thousand, Nine Hundred Eight-Five Dollars and Eighty Cents (\$402,985.80) of the additional required fee, which accounts for one hundred eight (108) of the residential units. Upon the closure of escrow for the remaining twenty-six (26) units, RAP will receive the remaining Ninety-Seven Thousand Dollars and Fifteen Dollars and Ten Cents (\$97,015.10).

Upon approval of this report, the RAP's Chief Accounting Employee shall establish the appropriate fund and account to receive the Harbor Highlands Improvements fee and transfer into that account Four Hundred Two Thousand, Nine Hundred Eight-Five Dollars and Eighty Cents (\$402,985.80). The remaining Ninety-Seven Thousand, Fifteen Dollars and Ten Cents (\$97,015.10) will also be deposited into the aforementioned account upon collection.

ENVIRONMENTAL IMPACT STATEMENT

Staff has determined that this action is not subject to the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15060(c) as it is an activity that will not result in a direct or reasonably foreseeable indirect physical change in the environment, and is not a project under CEQA Guidelines Section 15378. Therefore, no CEQA documentation is required.

FISCAL IMPACT STATEMENT

The establishment of this account will have no fiscal impact on RAP.

RECOMMENDATIONS

1. Approve the additional scope of work for the Shadow Ranch Park - Ball Field, Fencing, and Irrigation (PRJ20776) project, as described in the Summary of this Report;
2. Authorize the Department of Recreation and Parks (RAP) Chief Accounting Employee to transfer Quimby Funds in the amount of One Hundred Thousand Dollars (\$100,000.00) from Quimby Fees Account No. 89460K-00 to Shadow Ranch Park Account No. 89460K-SG;
3. Approve the allocation of One Hundred Thousand Dollars (\$100,000.00) in Quimby Funds from Shadow Ranch Park Account No. 89460K-SG for the Shadow Ranch Park – Ball Field, Fencing, and Irrigation (PRJ20776) project;
4. Authorize the RAP's Chief Accounting Employee to make technical corrections as necessary to carry out the intent of this Report.

SUMMARY

Shadow Ranch Park is located at 22633 Vanowen Street in the West Hills area of the City. This 12.03-acre park provides baseball diamonds, basketball courts, a community building, and a play area for the community. This park also features the historic Shadow Ranch House (City of Los Angeles Historic Cultural Monument No. 9), which is currently used as a community center. Approximately Two Thousand Eighty-Eight (2,088) City residents live within one-half mile walking distance of Shadow Ranch Park. Due to the facilities, features, programs, and services it provides, Shadow Ranch Park meets the standard for a Community Park, as defined in the City's Public Recreation Plan.

BOARD REPORT

PG. 2 NO. 16-138

PROGRAM HISTORY

Former State legislator, John P. Quimby, recognized that recreation and park facilities and programs reduce crime, enhance property values and improve the quality of life in our neighborhood and communities. They provide positive alternatives for youth, families and senior citizens that are needed in a large, urban metropolis. Mr. Quimby initiated State legislation, which permitted cities and counties to require the dedication of land, or the payment of a fee, as a condition of local residential tract map approval (subdivisions). The City of Los Angeles implemented the Subdivision (Quimby) Fees Trust in 1971 (Ordinance 141,422). The City Planning Department calculates fees for affected subdivisions and zone changes.

The Zone Change Fee was originated by City Councilmember Howard Finn. The Zone Change Ordinance was approved in 1985. This law applies only to the finalization of Zone Changes for multiple residential projects. The fee schedule for Zone Change is the same as for Quimby.

Some residential developments do not pay either Quimby or Zone Change Fees, paying only a small fee called the Dwelling Unit Construction Tax (\$200.00 per unit) which goes into the City's Sites and Facilities Fund.

The RAP may only use Quimby and Zone Change Fees for park capital improvements; including, the acquisition of land, design and construction of park and recreational improvements, and park rehabilitation projects. Quimby and Zone Change fees may not fund expenses for park operations, materials and supplies, or equipment.

Allocations are made within one (1) mile of a park facility for neighborhood parks and two miles for community parks from the point of collection to ensure that residents of the new residential projects benefit from the facilities their funds helped to acquire, create, or improve. This distance represents a recommended service radius for neighborhood and community facilities outlined in the Public Recreation Plan of the City's General Plan. In addition, funds have historically been used in the Council District in which they were collected and must be committed to a project within five (5) years after the payment of the fees or the issuance of building permits on one-half of the lots created by the subdivision, whichever occurs later.

PROJECT DEVELOPMENT

In Fiscal Year 2011-12, a financial review of the Proposition K bond program identified three Proposition K bond projects that had only achieved partial scope completion (Council File No. 12-0479). One of those three partially completed Proposition K bond projects is located at Shadow Ranch Park. The scope of the Shadow Ranch Park project, as specified in the Proposition K Ballot Measure, was for facility renovation, ball field improvements, fencing, and irrigation. The scope elements of that project that have yet to be completed include ball field improvements, fencing, and irrigation. Currently there are Seventy-Nine Thousand, Forty Dollars and Twenty-Four Cents (\$79,040.24) in residual Proposition K funding available to complete the remaining project scope items (Council File No. 12-0479-S2).

BOARD REPORT

PG. 3 NO. 16-138

In addition to the Proposition K funded ball field, fencing, and irrigation improvements, RAP staff has identified the following additional scope of work items: Americans with Disabilities Act (ADA) pedestrian accessibility improvements, installation of ADA compliant bleachers and drinking fountains, and grading of field and swale for the improvement of storm water drainage. These additional improvements are necessary at Shadow Ranch Park and would be completed concurrently with the Proposition K funded improvements.

The need for this additional scope of work was identified through a review of facility infrastructure needs and available funding. Staff from RAP's Planning, Construction, and Maintenance Branch has reviewed this proposed addition and determined that it is necessary and would be of benefit to park users.

The Valley Superintendent, and the Superintendent of Maintenance Operations are all in support the proposed project.

Staff anticipates that the Shadow Ranch Park – Ball Field, Fencing, and Irrigation (PRJ20776) project will be completed using City forces and/or City contract vendors. Upon approval of this Report, project implementation can proceed.

PROJECT FUNDING

On May 6, 2015, the Board approved the allocation total of One Hundred Thousand Dollar (\$100,000.00) in Quimby fees for the Shadow Ranch Park – Ball Field, Fencing, and Irrigation (PRJ20776) project (Report No. 15-089). Due to the additional scope of work, supplemental funding is needed to complete these necessary improvements.

Upon approval of this Report, One Hundred Thousand Dollar (\$100,000.00) in Quimby Funds can be transferred from the Quimby Fees Account No. 89460K-00 to the Shadow Ranch Park Account No. 89460K-SG and allocated to the Shadow Ranch Park – Ball Field, Fencing, and Irrigation (PRJ20776) project. These Quimby Fees were collected within two miles of Shadow Ranch Park, which is the standard distance for the allocation of the Quimby Fees for community recreational facilities. The total Quimby Fees allocation for the Shadow Ranch Park – Ball Field, Fencing, and Irrigation (PRJ20776) project would be Two Hundred Thousand Dollar (\$200,000.00). The total funding available for the project, inclusive of the available Proposition K funding, would be Two Hundred Seventy Nine Thousand, Forty Dollars and Twenty-Four Cents (\$279,040.24).

TREES AND SHADE

The approval of this project will have no impact on existing trees or shade at Shadow Ranch Park, and no new trees or new shade are proposed to be added to Shadow Ranch Park as a part of this project.

BOARD REPORT

PG. 4 NO. 16-138

ENVIRONMENTAL IMPACT STATEMENT

Staff has determined that the subject project is a continuation of an existing project approved on May 6, 2015 (Board Report No. 15-89) that is exempted from CEQA [Article III, Section 1, Class 1(1,3) and Class 11(3)]. The work funded by the current Board action will not result in any additional environmental impacts, and therefore, is covered by the existing CEQA exemption. No additional CEQA documentation is required.

FISCAL IMPACT STATEMENT

The approval of this allocation of Quimby Fees will have no fiscal impact on RAP as the implementation of the proposed park capital improvements will not increase the level of daily maintenance required at this facility. The maintenance of the proposed park improvements can be performed by current staff with no overall impact to existing maintenance service.

RECOMMENDATIONS

1. Approve the final plans, substantially in the form on file in the Board Office, for the Ken Malloy Harbor Regional Park Synthetic Soccer Field (PRJ20761) (W.O. #E170384F) project (Project); and,
2. Find that the proposed project is exempt from the California Environmental Quality Act (CEQA).

SUMMARY

In June 2013, the Department of Recreation and Parks (RAP) was awarded a Proposition K 8th Cycle Competitive Grant to design and construct a synthetic soccer field, walking paths, and fencing at the Ken Malloy Harbor Regional Park. The Project is located at 25820 Vermont Avenue, Harbor City, California 90744.

The proposed Project is the construction of the synthetic soccer field and perimeter fencing. The remaining component of the competitive grant, walking paths, will be constructed in a future phase.

Department of Public Works, Bureau of Engineering (BOE), Architectural Division prepared the plans and specifications, and obtained all the necessary permits for the Project. The plans and specifications provide for the following scope of work: installation of a synthetic soccer field in an existing open space informally used as a soccer field and installation of perimeter fencing.

BOARD REPORT

PG. 2 NO. 16-139

The synthetic turf area is approximately 325 feet by 177 feet. It will integrate water shedding features, which will allow the field to drain quickly after rain events and improve the overall drainage in the park.

The project is proposed to be constructed through RAP's pre-qualified on call synthetic field contract. The on-call contract includes construction, retrofit, maintenance, and repairs of synthetic turf. BOE will provide construction management services for RAP in the construction of these improvements.

Approved project funds are available for the construction work in the following fund and accounts:

<u>Funding Source</u>	<u>Fund/Dept./Acct No.</u>
Proposition K Year 11	43K/10/10KM13
Proposition K Year 17	43K/10/10LM13

TREES AND SHADE

The Proposition K funds for the Project only allow for the scope of work identified in the grant. No shade trees or shade structures were included in the grant; however, there are shade trees next to the adjacent fields.

ENVIRONMENTAL IMPACT STATEMENT

RAP Environmental Staff has determined that the subject project will consist of construction and location of limited numbers of new structures that are accessory (appurtenant) to existing institutional facilities, including fences and play areas, and therefore, is exempt from the provisions of the CEQA pursuant to Article III, Section 1, Class 3 (6), Class 11 (3, 6) of the City CEQA Guidelines. A Notice of Exemption (NOE) was filed with the Los Angeles City Clerk and the Los Angeles County Clerk on June 20, 2013. It was also determined that this project and the environmental conditions of the site have not substantially changed since the previous evaluation. Therefore, no additional CEQA documentation is required.

FISCAL IMPACT STATEMENT

Funding for the design and construction of the project is provided by Proposition K – L.A. for Kids Program Competitive funds. The assessments of the future operations and maintenance costs have yet to be determined and would be addressed in future budget requests.

BOARD REPORT

PG. 2 NO. 16-140

Acon Development, Inc., started construction on February 14, 2015. Construction is 100% complete. On May 13, 2016, the Department of Public Works, Bureau of Contract Administration, issued the Statement of Completion for the Project. On May 16, 2016, the Department of Building & Safety issued the Certificate of Occupancy for the Project as well. RAP took possession of the facility on the same day.

The Department of Public Works, Bureau of Engineering (BOE), Architectural Division performed the project management while the Construction Management Division performed the construction management tasks. BOE has informed RAP that this Project was completed with a total of fifty-six (56) Change Orders (Attachment No. 1) issued, for a total of Six Hundred Twenty-Four Thousand, Sixty-Seven Dollars (\$624,067.00) or seventeen point ninety-five percent (17.95%) of the base contract amount. The final contract amount is Four Million Ninety-Nine Thousand, Eight Hundred Eighty-seven Dollars (\$4,099,887.00). The Project was completed within the overall available budget.

TREES AND SHADE

As a part of the project design, the construction of four 10-foot x 15-foot x 30-foot tall free-standing shade towers, along with a 185-foot long shade canopy, totaling 2,600 square-feet of covered area, at the south and east sides of the pool deck, will protect the pool patrons and children from the elements. In addition, ten new 10-foot tall trees have been planted at the planters, along East 22nd Street.

The construction of the project was funded by Quimby, Proposition K, and Housing-related Parks (HRP) Program (Proposition 1C) funds. The details of funding sources utilized for this Project were outlined in Report No. 14-287 that was previously approved for the award of the construction contract.

BOE has consulted with the Office of Contract Compliance concerning the status of the labor compliance requirements and Affirmative Action requirements on the Project. The Office of Contract Compliance reported that Acon Development, Inc., is in compliance.

FISCAL IMPACT STATEMENT

There is no fiscal impact to RAP for this Report. Once this project is completed, operational maintenance cost will be determined. Upon project completion, a request for funding will be submitted in future Department annual budget requests.

This Report was prepared by Willis Yip, Project Manager, BOE Architectural Division. Reviewed by Neil Drucker, Program Manager, BOE Recreational and Cultural Facilities Division; Deborah Weintraub, BOE, Chief Deputy City Engineer; and Cathie Santo Domingo, Superintendent, Planning, Construction and Maintenance Branch, Department of Recreation and Parks.

RECOMMENDATION

1. Approve the final plans and specifications, substantially in the form on file in the Board Office, for the Albion Riverside Park (PRJ20647) (W.O. #EW40060F) project (Albion Project); and,
2. Direct Department of Recreation and Parks (RAP) staff to issue a new Right-of-Entry (ROE) Permit to Department of Public Works, Bureau of Engineering (BOE) through Downey Recreation Center to access the Albion Riverside Park project site.

SUMMARY

The Albion Riverside Park (PRJ20647) (W.O. #EW40060F) project (Albion Project) is located at 1739 North Albion Street, Los Angeles. The six (6) acre triangle-shaped project site is situated along the Los Angeles River, north of Main Street and south of Spring Street. The site is bordered by Albion Street to the southeast, by the existing Downey Recreation Center to the north, and by railroad tracks to the west. In 2009, the City purchased the site, which was formerly an abandoned dairy distribution center. Existing buildings and underground structures were demolished and the contaminated soil was remediated to acceptable residential standards. The demolition and remediation project was completed in 2013.

The Albion Project will meet Proposition O water quality objectives by diverting flows from existing storm drains to water quality treatment features and implementing Best Management Practices (BMPs) or low-impact development features. BMP's include a naturalized detention basin, a simulated stream, stormwater infiltration galleries, subsurface irrigation system, porous paving, bioswales and Green Street elements. In addition to the water quality improvements, the site will be developed into a park for recreational purposes and improved access to the LA River.

BOARD REPORT

PG. 2

NO. 16-101

The Albion Project will develop the new 6 acre site as well as improve portions of the existing Downey Recreational Park and will be delivered by the Proposition O Bond Program. Development of the recreational amenities will be funded by a Five Million Dollar (\$5,000,000.00) State Proposition 84 Grant. The Proposition 84 Grant will fund the following project scope components: add new park space, construct new small size synthetic athletic field, new sports field lighting, walking and bike path, new fitness equipment area with resilient surfacing, new children's play area with resilient surfacing, new parking lot with permeable parking spaces, and install landscaping. An additional Six Hundred Eighty-Four Thousand, Three Hundred Fifty-Five Dollars (\$684,355.00) in Proposition K Grant funding will be used to create a better configured baseball field, renovate the pedestrian pathway to the Downey Child Care Center, and reconfigure and improve the staff access road and parking lot to provide a buffer from the baseball field.

BOE, Proposition O Bond Program is managing the project, design, construction, and construction management. In addition, the BOE Architectural Division prepared the landscape plans and specifications as well as obtained all the associated necessary permit approvals for the project.

Assuming approval of the plans by the Board of Recreation and Park Commissioners, the Albion Project construction contract will be awarded through the Board of Public Works.
