RECOMMENDATIONS

1. Approve the scope of work and total budget for the Glenhurst Park – Playground Replacement (PRJ21570) Project (Project), as described in the Summary of this Report;
2. Approve the proposed Project to be bid and constructed through the Department of Recreation and Parks' (RAP) list of pre-qualified on-call contractors;
3. Approve the authorization of change orders as authorized under Report No. 06-136, for the construction contracts for this proposed Project in the budget contingency amounts for such contracts as stated in this Report;

BOARD REPORT

PG. 2 NO. 22-121

4. Determine that the proposed Project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1(3) [Minor alterations to existing streets, sidewalks, and pedestrian trails], Class 2 [Replacement of an existing structure where the new structure will be located on the same site and have substantially the same purpose and capacity as the structure replaced], and Class 11(6) [Construction or placement of minor structures accessory to (appurtenant to) existing institutional facilities] of City CEQA Guidelines and Article 19, Sections 15301(c), 15302, and 15311 of California CEQA Guidelines; and direct RAP Staff to file a Notice of Exemption (NOE) with the Los Angeles County Clerk upon the Board of Recreation and Parks Commissioners' (Board) approval.
5. Authorize RAP's Chief Accounting Employee or designee to prepare a check to the Los Angeles County Clerk in the amount of \$75.00 for the purpose of filing a NOE; and,
6. Authorize RAP staff to make technical corrections as necessary to carry out the intent of this Report.

SUMMARY

Glenhurst Park is located at 2932 West Glenhurst Avenue in the Atwater Village community of the City. This 0.29-acre park provides picnic tables and a children's playground for the use of the surrounding community. Approximately 4,195 City residents live within a one-half (1/2) mile walking distance of Glenhurst Park.

PROJECT SCOPE

The scope of the proposed Project includes the following:

- Demolition of existing play area.
- Installation of a new play area with safety surfacing.
- Installation of amenities like trash receptacles, benches, tables and a hydration station.
- Path of travel improvements.

Renderings of the proposed new playground are available in Attachment 1.

PROJECT FUNDING

The 2021-22 Adopted Budget included Seventy-Five Million Dollars (\$75,000,000.00) in the Unappropriated Balance for RAP to make capital improvements at City parks and facilities (Council File (CF) No. 21-0935). In response, RAP developed a capital improvement plan to utilize the \$75,000,000.00 in funds to complete various park projects citywide. The proposed Project is one of the park projects that RAP has identified for the use of these funds.

The total amount of funding available for the proposed Project is Three Hundred Sixty Thousand, Five Hundred Dollars (\$360,500.00), which will be the total budget for this Project inclusive of the budget contingency amount set forth below.

BOARD REPORT

PG. 3 NO. 22-121

The anticipated pre-qualified on-call contracts will be for Playground Construction. The budget contingency for the Playground Construction contracts will be Thirty-Six Thousand, Fifty Dollars (\$36,050.00).

FUNDING SOURCE MATRIX

Source	Fund/Dept/Acct	Amount	Percentage
Deferred Maintenance Funds	302/89/727H-GP	\$360,500.00	100%
Total		\$360,500.00	100%

PROJECT CONSTRUCTION

RAP Staff has determined that sufficient funding has been identified and construction for the proposed Project is anticipated to begin in Fall 2022.

TREES AND SHADE

This proposed Project includes the installation of three (3) shade sail structures over the proposed new children's play area. No trees are anticipated to be impacted by the proposed Project.

ENVIRONMENTAL IMPACT

The proposed Project consists of minor alterations to existing streets, sidewalks, and pedestrian trails, the replacement of an existing structure where the new structure will be located on the same site and have substantially the same purpose and capacity as the structure replaced, and placement of minor structures accessory to (appurtenant to) existing institutional facilities.

According to the parcel profile report retrieved April 29, 2022, this area resides in a liquefaction zone. The construction of this project will not create conditions that could lead to liquefaction. This is a highly developed area where the maintenance and repair of buildings occurs regularly without incident and, as such, this not an unusual circumstance.

This site is not within a coastal, historic, methane, hazardous waste, or borderline zone so there is no reasonable possibility that the project will have a significant effect due to unusual circumstances. No other known projects would involve cumulatively significant impacts, and no future projects would result from the proposed project. As of April 29, 2022, the State Department of Toxic Substances Control (DTSC) (Envirostor at www.envirostor.dtsc.ca.gov) has not listed the Project site or any contaminated sites near the Project area (within 500 feet).

According to the Caltrans Scenic Highway Map, there is no scenic highway located within the vicinity of the project or within the project site. Furthermore, the project is not located in proximity of a known historical resource and will not cause a substantial adverse change in the significance of a historical resource.

BOARD REPORT

PG. 4 NO. 22-121

Based on this information, RAP staff recommends that the Board determines that it is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1(3), Class 2, and Class 11(6) of City CEQA Guidelines and Article 19, Sections 15301(c), 15302, and 15311 of California CEQA Guidelines. RAP Staff will file a NOE with the Los Angeles County Clerk upon the Board's approval.

FISCAL IMPACT

The estimated costs for the design, development, and construction of the proposed park improvements are anticipated to be funded by Deferred Maintenance Funds or funding sources other than RAP's General Fund. The maintenance of the proposed park improvements can be performed by current staff with minimal impact to existing maintenance service at this facility.

STRATEGIC PLAN INITIATIVES AND GOALS

Approval of this Board Report advances RAP's Strategic Plan by supporting:

Goal No. 1: Provide Safe and Accessible Parks

Outcome No. 2: All parks are safe and welcoming

Result: The replacement of the playground at Glenhurst Park will enhance the park user's experience and increase safety.

This Report was prepared by Ajmal Noorzayee, Management Assistant, Planning, Construction and Maintenance Branch.

ATTACHMENTS

General Notes:

Age Group

2-5yrs 5-12 yrs 2-12yrs 13+ yrs

1. The Americans with Disabilities Act (ADA) may require that you make your park and/or playground accessible when viewed in its entirety. Please consult your legal counsel to determine if the ADA applies to you.
2. For playground equipment to be considered accessible, accessible surfacing must be utilized in applicable areas.
3. Although a particular playground design may not meet the proposed Access Board Regulations in regards to the appropriate number of ground level events, the actual playground may be in compliance when considering existing play components.
4. All deck heights are measured from top of ground cover.
5. Fall absorbing ground cover is required under and around all play equipment.
6. The minimum recommended fall zone around the entire playstructure is shown. This zone is to be free of all tripping or collision hazards (i.e. roots, rocks, border material, etc.).
7. All post lengths are identified by text showing the post lengths, i.e. 96 represents a 96 inch post.
8. Not all equipment may be appropriate for all children. Supervision is required.
