RECOMMENDATION

in operational support to be given by RAP at the facilities as may be determined by the General Manager to be in the best interest of RAP;

5. Determine that the proposed project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1(14) [Issuance, renewal or amendment of any lease, license or permit to use an existing structure or facility involving negligible or no expansion of use] of City CEQA Guidelines and Article 19, Section 15301 of California CEQA Guidelines and direct RAP staff to file a Notice of Exemption (NOE) with the Los Angeles County Clerk;
6. Authorize RAP's Chief Accounting Employee to prepare a check to the Los Angeles County Clerk in the amount of \$75.00 for the purpose of filing an NOE; and
7. Authorize RAP staff to make necessary technical corrections to carry out the intent of this Report.

SUMMARY

For many years RAP has worked with the Los Angeles County Registrar-Recorder/County Clerk(RR/CC) to host elections. The Board of Recreation and Park Commissioners (Board) approved Report No. 20-206 (October 15, 2020), Report No. 21-027 (February 18, 2021), Report No. 22-054 (March 17, 2022), and Report No.22-132 (May 19, 2022) in connection with the use of various RAP facilities as voting centers for the Presidential General Election in 2020, various special elections in 2021 and 2022, and the primary election in 2022.

In this Report, RAP staff recommends that the Board approve the use by the RR/CC of 41 RAP facilities set forth in Exhibit A of the VCA (Attachment 1) in connection with the upcoming General Election on November 8, 2022 and approve the proposed VCA set forth in Attachment 1 for such use. RAP staff also recommends that RAP's General Manager, or designee, be authorized to amend the proposed VCA to address any modification in operational support to be given by RAP at the Voting Centers as may be deemed in the best interests of RAP.

Vote Center Facility Use Agreement

Working with RAP staff, RR/CC has identified 41 RAP facilities as suitable for Voting Center use. Generally, facilities with gymnasiums or larger community rooms, restrooms and air conditioning/heating are considered ideal. The term of the proposed VCA shall be from October 27, 2022, and expire no later than November 11, 2022; this includes set-up, voter assistant training, elections day(s), and tear-down. The proposed VCA also authorizes use of a facility as a "Reservist Location", which is a site where RR/CC's reserve pool of election workers wait or are on stand-by to be dispatched to locations that have "no-show" election workers or those that need to be replaced for whatever reason. Similar to previous Vote Center Facility Use Agreements, all costs incurred by RAP will be reimbursed by RR/CC. These include RAP staff costs related to opening and closing the Voting Centers and maintaining the restrooms during the election.

ENVIRONMENTAL IMPACT

BOARD REPORT

PG. 3 NO. 22-273

The proposed Board action consists of the issuance of a permit to use 41 existing facilities involving negligible or no expansion of use.

According to the parcel profile reports retrieved on October 3, 2022, none of the proposed sites is in the coastal area, 19 of the 41 reside in a liquefaction zone and 13 in the methane or methane buffer zone. The temporary use of this facilities as polling sites, however, does not create the reasonable possibility that the proposed activity may impact on an environmental resource of hazardous or critical concern or have a significant effect due to unusual circumstances. No other known projects would involve cumulatively significant impacts, and no future projects would result from the proposed action. As of October 3, 2022, the State Department of Toxic Substances Control (DTSC) (Envirostor at www.envirostor.dtsc.ca.gov) and the State Water Resources Control Board (SWCB) (Geotracker at <https://geotracker.waterboards.ca.gov/>) have not listed any of the Project sites, but have listed 15 contaminated sites near the proposed polling sites (within 500 feet). Eleven (11) contaminated site cases have been closed by the Regional Water Quality Control Board with satisfactory corrective action, two (2) are under evaluation and two (2) are being remediated. None of these cases represent a threat to the proposed polling activities. According to the Caltrans Scenic Highway Map, two (2) proposed polling centers are in proximity of the Arroyo Seco Historic Parkway, a federally listed scenic highway, but the proposed Board's action will not affect the scenic characteristics of the site. Furthermore, four (4) sites are located in proximity of a known historical resources but the proposed activities will not cause a substantial adverse change in the significance of their historical nature.

Based on this information, RAP staff recommends that the Board determines that it is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Article III, Section 1, Class 1(14) of City CEQA Guidelines and Article 19, Section 15301 of California CEQA Guidelines. Staff will file a Notice of Exemption with the Los Angeles County Clerk upon Board's approval.

FISCAL IMPACT

All costs related to the work for the operation and maintenance of the vote centers will be the responsibility of RR/CC. There is no fiscal impact to RAP's General Fund as a result of this VCA.

This report was prepared by Bertha Calderon, Management Analyst, Metro Region.

SAFE ELECTION PLAN

The Los Angeles County “Safe Election Plan” aligns with California’s “Election Administration Guidance under COVID-19.” Each was developed in consultation with relevant health authorities using the best public health information available, including guidance provided by the U.S. Centers for Disease Control and Prevention (CDC) and California public health officials.

The Los Angeles Registrar-Recorder/County Clerk (RR/CC) will:

- Develop a voting location-specific protection plan.
- Train workers on measures to limit the spread of COVID-19, including screening themselves for symptoms and staying home when necessary.
- Establish prevention and self-screenings measures for workers.
- Establish and communicate physical distancing guidelines.
- Implement hand-washing, mask and cleaning guidelines.

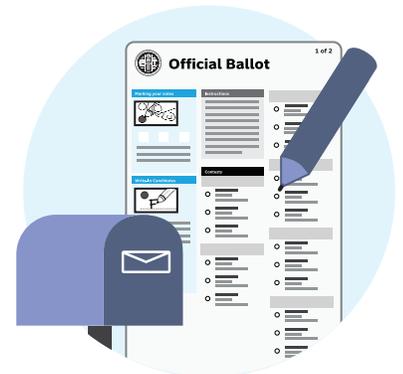

FOR VOTERS

All registered voters will be mailed a Vote by Mail ballot.

L.A. County will encourage voters to stay home and vote using their mail-in ballot. However, for some individuals it will still be preferable to vote in person. Wherever in-person voting is offered, we will follow the State and County’s public health and safety guidance to provide a safe voting environment.

COVID-19 Information for Voting In-Person:

- Voters are strongly encouraged to wear a mask in the Vote Center.
- Masks and gloves will be available for voters if requested.
- Hand sanitizer will be provided upon entry and exit of the Vote Center. Hand sanitizer will also be available at key stations during the voting process.
- Social distancing will be encouraged while waiting in line and throughout the check-in and voting process.
- ePollbooks and Ballot Marking devices will be cleaned routinely.
- Voters will be encouraged to take measures to speed up their election process to limit their time in the Vote Center. This includes verifying voter registration in advance, using the Interactive Sample Ballot (ISB) to pre-mark selections, and bringing their Sample Ballot to speed up the voter check-in.
- Voters will be encouraged to take advantage of early voting and vote at off-peak times if possible.
- Curbside voting will continue to be available for voters who are unable to enter the Vote Center.

SAFE ELECTION PLAN

FOR ELECTION WORKERS

Election Workers will be trained to implement the following guidelines:

- Follow prevention measures while at home to help limit the spread of COVID-19.
- Follow California's Return to Work Guidelines if infected for exposed to COVID-19.
- Confirmation of self-screening as part of daily worker sign-in.
- Wash hands or use hand sanitizer before and after preparing food and eating meals, after using the restroom, or handling trash.
- Masks are strongly encouraged for all election workers. Higher quality masks such as a medical grade mask, surgical mask, or n95/kn95 are recommended and made available.
- Establish non-contact norms so workers avoid greeting co-workers and voters with physical contact: "Distancing starts at hello."
- Routinely clean work items and commonly used surfaces.
- Clean ePollbooks and Ballot Marking Devices before start of day, after each voter, on an hourly schedule, and at closing time.
- Limit nonessential visitors to the Vote Center.
- Take special care to disinfect equipment before use by voters with disabilities because they may interact with the equipment in different ways, and some may have unique health vulnerabilities. Accessibility controls for voting equipment will be cleaned before and after each use.
- Single-use disposable ear covers for device headphones will be provided and replaced after each use.

VOTE CENTER LAYOUT

- Doors propped open.
- Windows will be opened to increase air circulation where possible.
- A custom Vote Center layout will be created for each location that ensures appropriate physical distance throughout the Vote Center to the extent possible.
- One-directional foot traffic.
- Separate routes for entry and exit where possible.
- Check-in stations and Ballot Marking Devices will be placed to create physical distance.
- Each vote center will have a stop station at the entrance where voters will be provided with hand sanitizer. Masks and gloves will be available for voters if needed. An election worker will be stationed here to remind voters of guidelines and recommendations.
- If weather permits, the number of voters in the facility will be limited by moving lines outdoors.

SIGNAGE

- Signage to remind voters, observers and workers of physical distancing, mask recommendations, and updated foot traffic patterns.

- Voting by mail is a safe choice to avoid exposure to COVID-19 while voting.
- There are alternatives to provide a ballot replacement or to help you cast a ballot without entering a voting site including procedures for requesting a replacement, drop boxes and curbside voting.
- If you must enter a voting location, please:
 - Wear a mask. Masks are strongly encouraged for voters.
 - Maintain appropriate physical distance from people not from your household.
 - Use hand sanitizer before approaching the check-in station and after voting.
 - Follow any additional guidance provided at the voting location.

This plan was developed in conjunction with guidance and recommendations from the Department of Public Health. Therefore, this plan will be modified as necessary to stay in line with current Public Health guidance.
